SENATE AMENDMENT NO. 2

Amend Senate Substitute Amendment No. 2 for Senate Amendment No. 2 to Senate Committee Substitute for House Committee Substitute for House Bill No. 10, Line 8, Pages 1-4, by striking all language after the word "expenses" and substitute the following:

"Abortion services include performing, assisting with, or directly referring for abortions, or encouraging or counseling patients to have abortions. Family planning services are services that limit or enhance fertility, including contraception methods, the management of infertility including adoption, preconception counseling, education, and general reproductive health care. Follow-up services are services that supplement initial consultations for family planning services and pregnancy testing but do not include pregnancy or childbirth care. Nondirective counseling relating to pregnancy may be provided. Nondirective counseling is defined as providing patients with a list of health care providers that provide pregnancy, abortion services and childbirth care and may provide nondirective counseling in regard to such options. An organization that receives these funds may not directly refer patients who seek abortion services to any organization that provides abortion services, including its own independent affiliate. None of these funds may be paid or granted to an organization or an affiliate of an organization that provides abortion services. An organization that receives these funds may not display or distribute marketing materials about abortion services to patients. An otherwise qualified organization shall not be disqualified from receipt of these funds because of its affiliation with an organization that provides abortion services, provided that the affiliated organization that provides abortion services is independent as determined by the conditions set forth in this section. To ensure that the state does not lend its imprimatur to abortion services, and to ensure that an organization that provides abortion services does not receive a direct or indirect economic or marketing benefit from these funds, an organization that receives these funds and its independent affiliate that provides abortion services may not share any of the following:

(a) The same or similar name;

(b) Medical or non-medical facilities, including but not limited to business offices, treatment, consultation, examination, and waiting rooms;

(c) Expenses;

(d) Employee wages or salaries;

(e) Equipment or supplies, including but not limited to computers, telephone systems, tele-communications equipment and office supplies; or

(f) Fundraising activities.

An independent affiliate that provides abortion services must be separately incorporated from any organization that receives these funds. An organization that receives these funds must maintain financial records that demonstrate strict compliance with this section and that demonstrate that its independent affiliate that provides abortion services receives no direct or indirect economic or marketing benefit from these funds. The director of the department of health shall retain an independent auditing firm to conduct an audit at least annually to ensure compliance under this section. Nothing in this section requires an agency receiving Federal Title X funds to refrain from performing any service that must or shall be provided under Title X as defined in 1970 and regulations drafted in 1980.

2. If any provision of subsection 1 of this section is held invalid, that provision shall be severed from subsection 1 and the remainder of subsection 1 shall be enforced. If the entirety of subsection 1 of this section is held invalid, then this appropriation shall be in accordance with subsection 3, otherwise subsections 3 through 5 shall have no effect.

3. For the purpose of funding family planning services, pregnancy testing, and follow-up services provided directly by the Department of Health or provided directly by government agencies of this state or any political subdivision of this state or directly by public health entities, through contractual agreement with the Department, provided that none of these funds may be expended for the purpose of performing, assisting, or encouraging abortion, and further provided that none of these funds may be expended to directly or indirectly subsidize abortion services or administrative expenses. Family planning services are services that limit or enhance fertility, including contraception methods, the management of infertility, preconception counseling, education, and general reproductive health care. Follow-up services are services that supplement initial consultations for family planning services and pregnancy testing but do not include obstetric or prenatal care. None of these funds may be expended for directly referring for abortion; however, nondirective counseling relating to pregnancy may be provided. Nondirective counseling is defined as providing patients with a list of health care providers that provide pregnancy, abortion services and childbirth care. For the purpose of this subsection, public health entities shall include community mental health centers organized pursuant to section 205.975 to 205.990, RSMo, and community action agencies organized pursuant to sections 660.370 to 660.374, RSMo.

4. If the entirety of subsection 1 of this section is held invalid and any provision of subsection 3 of this section are held invalid, then this appropriation shall be in accordance with subsection 5, otherwise subsection 5 shall have no effect.

5. For the purpose of funding family planning services, pregnancy testing, and follow-up services that are provided directly by the Department of Health or provided directly by government agencies of this state or any political subdivision of this state through contractual agreement with the Department, provided that none of these funds appropriated herein shall be expended for the purposes of performing, assisting, or encouraging abortion, provided that none of these funds may be expended to directly or indirectly subsidize abortion services or administrative expenses, and further provided that none of these funds may be expended for directly referring for abortion. Family planning services are services that limit or enhance fertility, including contraception methods, the management of infertility, preconception counseling, education, and general reproductive health care. Follow-up services are services that supplement initial consultations for family planning services and pregnancy testing but do not include pregnancy or childbirth care."

HOUSE COMMITTEE SUBSTITUTE FOR

HOUSE CONCURRENT RESOLUTIONS NOS. 24 and 15

Relating to Missouri's support for a return to the state of any tobacco settlement funds recouped by the federal government.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF MISSOURI, AS FOLLOWS:

WHEREAS, on November 23, 1998, a historic accord was reached between 46 states, U.S. territories, commonwealths and the District of Columbia and tobacco industry representatives that called for the distribution of tobacco settlement funds to states over the next twenty-five years; and

WHEREAS, these funds result from the effort put forth by state attorneys general in which states solely assumed enormous risks and displayed determination to initiate a settlement that will lead to reduced youth smoking and reduced access to tobacco products; and

WHEREAS, in the fall of 1997, states were notified by the U.S. Department of Health and Human Services of its intention to "recoup" the federal match from funds states received through suits brought against tobacco manufacturers; and if such recoupment takes place, the states will lose one-half or more of the tobacco settlement funds; and

WHEREAS, the federal government played no role in the suits brought against tobacco manufacturers or the subsequent settlement agreement and the November 23rd accord makes no mention of Medicaid or federal recoupment; and

WHEREAS, the U.S. Department of Health and Human Services has suspended recoupment activities; and

WHEREAS, we the members of the Ninetieth General Assembly believe that the suspension on the federal government's recoupment of tobacco settlement funds should be converted into an outright prohibition against the federal government recouping any of the tobacco settlement money; and

WHEREAS, we the members of the Ninetieth General Assembly believe that if the federal government recoups any funds received through suits brought against tobacco manufacturers, such recoupment should be immediately returned to the state; and

WHEREAS, to prevent the seizure of state tobacco settlement funds when they become available to the states in 2000, an amendment to the Medicaid statute must be enacted to exempt tobacco settlement funds from recoupment:

NOW, THEREFORE, BE IT RESOLVED that the members of the Missouri House of Representatives of the Ninetieth General Assembly, First

Regular Session, the Senate concurring therein, hereby go on record in support of state retention of all state tobacco settlement funds; and

BE IT FURTHER RESOLVED that the members of the Missouri House of Representatives of the Ninetieth General Assembly, First Regular Session, the Senate concurring therein, hereby urge the federal government, in the event recoupment occurs, to return upon receipt any tobacco settlement funds recouped from the state; and

BE IT FURTHER RESOLVED that the members of the Missouri House of Representatives of the Ninetieth General Assembly, First Regular Session, the Senate concurring therein, hereby urge Congress to enact an amendment to the Medicaid statute that would exempt tobacco settlement funds from recoupment; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for the President of the United States, the entire Missouri Congressional delegation, the Secretary of the United States Senate and the Clerk of the United States House of Representatives.

In which the concurrence of the Senate is respectfully requested.

WHEREAS, as required by section 112(r) of the federal Clean Air Act, the Environmental Protection Agency has promulgated the Risk Management Program that requires the development of comprehensive prevention and emergency response programs for propane storage; and

WHEREAS, adequate safeguards to meet public safety needs currently exist under federal, state and local regulations; and

WHEREAS, the Environmental Protection Agency's risk management regulations will dramatically increase costs of doing business without increasing safety by: causing customers to switch away from propane, a federally approved clean fuel; duplicating state regulations based upon existing fire protection standards; duplicating federal right-to-know regulations; and not providing a fuel use exemption similar to OSHA's; and

WHEREAS, the EPA's rules cover anyone with more than 2380 gallons of propane on site, regardless of whether or not it is a single tank or connected tanks which could easily be exceeded by individual restaurants, farms and some residences; and

WHEREAS, the costs, which is estimated to exceed one and one-half billion dollars, to the private sector of complying with EPA's regulations will be staggering:

NOW, THEREFORE, BE IT RESOLVED that the members of the Missouri House of Representatives of the Ninetieth General Assembly, First Regular Session, the Senate concurring therein, hereby urge the Environmental Protection Agency to not include propane in the Risk Management Program; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for the Missouri Congressional delegation.

Journal of the Senate

FIRST REGULAR SESSION

FIFTY-SEVENTH DAY--WEDNESDAY, APRIL 21, 1999

The Senate met pursuant to adjournment.

President Pro Tem Quick in the Chair.

The Reverend Carl R. Gauck offered the following prayer:

Merciful and compassionate Father: We pause this morning in needful prayer. Suddenly as important as the debate that takes place and the bills that are passed and defeated here in the Senate may be, they pale in light of the sixteen high school students dead and twenty-three critically wounded in Littleton, Colorado. We once again ask the difficult question of why, while knowing that sin still exists in this world where the thoughtless and purposeful actions of some impact on the lives of others bringing pain and grief in their wake. So we pray for Your mercy and comforting peace for the parents and friends of those who senselessly died yesterday. We pray for Your healing for the wounded and Your consolation on all who feel the pain of what has happened. We pray that the souls of these young people may be taken to Your bosom, there comforted and experiencing Your love for them. And we pray for Your guidance to do what we can to make Missouri a better place in keeping with the establishment of Your kingdom here on earth which we pray we might do our part. All this we ask in Your Holy caring Name. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The testimony of any physician who treated or examined the injured employee shall be admissible in evidence in any proceedings for compensation under this chapter, but only if the medical report of the physician has been made available to all parties as in this section provided. Immediately upon receipt of notice from the division or the commission setting a date for hearing of a case in which the nature and extent of an employee's disability is to be determined, the parties or their attorneys shall arrange, without charge or costs, each to the other, for an exchange of all medical reports, including those made both by treating and examining physician or physicians, to the end that the parties may be commonly informed of all medical findings and opinions. The exchange of medical reports shall be made at least seven days before the date set for the hearing and failure of any party to comply may be grounds for asking for and receiving a continuance, upon proper showing by the party to whom the medical reports were not furnished. If any party fails or refuses to furnish the opposing party with the medical report of the treating or examining physician at least seven days before such physician's deposition or personal testimony at the hearing, as in this section provided, upon the objection of the party who was not provided with the medical report, the physician shall not be permitted to testify at that hearing or by medical deposition.

4. Upon request, an administrative law judge, the division, or the commission shall be provided with a copy of any medical report.

5. As used in this chapter the terms "physician's report" and "medical report" mean the report of any physician made on any printed form authorized by the division or the commission or any complete medical report. As used in this chapter the term "complete medical report" means the report of a physician giving the physician's qualifications and the patient's history, complaints, details of the findings of any and all laboratory, X-ray and all other technical examinations, diagnosis, prognosis, nature of disability, if any, and an estimate of the percentage of permanent partial

disability, if any. An element or elements of a complete medical report may be met by the physician's records.

6. Upon the request of a party, the physician or physicians who treated or are treating the injured employee shall be required to furnish to the parties a rating and complete medical report on the injured employee, at the expense of the party selecting the physician, along with a complete copy of the physician's clinical record including copies of any records and reports received from other health care providers.

7. The testimony of a treating or examining physician may be submitted in evidence on the issues in controversy by a complete medical report and shall be admissible without other foundational evidence subject to compliance with the following procedures. The party intending to submit a complete medical report in evidence shall give notice at least sixty days prior to the hearing to all parties and shall provide reasonable opportunity to all parties to obtain cross-examination testimony of the physician by deposition. The notice shall include a copy of the report and all the clinical and treatment records of the physician including copies of all records and reports received by the physician from other health care providers. The party offering the report must make the physician available for cross-examination testimony by deposition not later than seven days before the matter is set for hearing, and each cross-examiner shall compensate the physician for the portion of testimony obtained in an amount not to exceed a rate of reasonable compensation taking into consideration the specialty practiced by the physician. Cross-examination testimony shall not bind the cross-examining party. Any testimony obtained by the offering party shall be at that party's expense on a proportional basis, including the deposition fee of the physician. Upon request of any party, the party offering a complete medical report in evidence must also make available copies of X-rays or other diagnostic studies obtained by or relied upon by the physician. Within ten days after receipt of such notice a party shall dispute whether a report meets the requirements of a complete medical report by providing written objections to the offering party stating the grounds for the dispute, and at the request of any party, the administrative law judge shall rule upon such objections upon pretrial hearing whether the report meets the requirements of a complete medical report and upon the admissibility of the report or portions thereof. If no objections are filed the report is admissible, and any objections thereto are deemed waived. Nothing herein shall prevent the parties from agreeing to admit medical reports or records by consent. The provisions of this subsection shall [not] apply to claims against the second injury fund **where the employee offers medical records into evidence, and in that event the state may require the employee to submit to a reasonable medical exam in the manner as provided pursuant to subsection 1 of this section and the state may also introduce medical records pursuant to this subsection.**

8. Certified copies of the proceedings before any coroner holding an inquest over the body of any employee receiving an injury in the course of his employment resulting in death shall be admissible in evidence in any proceedings for compensation under this chapter, and it shall be the duty of the coroner to give notice of the inquest to the employer and the dependents of the deceased employee, who shall have the right to cross-examine the witness.

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and passed **SB 414**.

With House Amendment No. 1.

HOUSE AMENDMENT NO. 1

Amend Senate Bill No. 414, Page 6, Section 142.875, Line 30, by inserting after all of said line the following:

"142.896. 1. Distributors shall be required to post a bond of not less than three months' total liability based on the number of gallons handled as estimated by the director, with a maximum amount of one hundred and fifty thousand dollars for gasoline and diesel fuel separately.

2. The tax on the motor fuel imported shall not be considered part of potential liability for calculation of the bond required of a distributor's license if the nonexempt motor fuels meet the following conditions:

(1) All of the motor fuel is subject to one or more tax precollection agreements to remit the motor fuel tax of this state to the supplier or permissive supplier as trustee with respect to the imports, as provided [under] **pursuant to** section 142.839; and

(2) The director has determined that all border states have adopted terminal reporting requirements adequate for the mutual enforcement of this chapter.

3. If a distributor qualifies [under] **pursuant to** subsection 3 of section 142.851 and was not required to have a bond posted [under] **pursuant to** the predecessor act, then such distributor may elect to either post the bond as set out in this subsection or participate in a cash bond as set out below. The cash bond shall be held by the director in a "Motor Fuel Bond Trust Fund", which is hereby created, for the benefit of the participating distributors. The bond shall be used solely for the purpose of preventing a loss to the state for motor fuel taxes, surcharges and fees not paid. No distributor shall have any claim or rights against the fund as a separate person. Contributions to the fund will be made at the rate [of one-fourth of one percent of the prevailing motor fuel tax rate until such fund equals one-fourth of one percent of the prior year's motor fuel tax collections] **as defined in regulations promulgated by the director of the department of revenue**. Contributions will be remitted by the participating distributors through the suppliers under the same

procedures as set out for remitting of motor fuel taxes set out in this chapter. The director shall notify the suppliers of which distributors have elected to participate, when the contributions are required and when the fund has reached its maximum. At that time no further contributions will be required until the fund has been depleted to [one-eighth of one percent of prior year's motor fuel tax collections] **the minimum amount established by regulation**, at which time the director shall notify the distributors and suppliers to resume contributions at the [above] **defined** rate. In the event the director has made a demand for payment from a participating distributor in this fund, and such demand has not been satisfied within ninety days, the director shall use the cash bond to satisfy the delinquency. Such action shall not affect the liability of the distributor for the tax or prevent the director from taking other actions permitted by this chapter.

4. After the expiration of three consecutive years of satisfactory tax compliance, as determined by the director, a licensed distributor will be eligible to participate in the pool bond in lieu of furnishing any other type of bond. The licensed distributor will be required to pay into the pool bond for a minimum of one year regardless whether the pool bond has reached its maximum or not.

5. The director shall compile a monthly report of all activities regarding the motor fuel bond fund including the name and license number of all licensees who have had a claim made against them, and the report shall be made available to pool members.

6. A distributor is required to remit the tax due on the last day of the succeeding month and file reports prescribed by the director.

7. Each licensed distributor shall report such information as required by the director including, but not limited to imports of motor fuel, exports of motor fuel, blending of motor fuels, all receipts of motor fuel, all receipts and sales of dyed fuel, all receipts and sales of tax- free undyed kerosene and the transporting of motor fuel or blend stocks for or on behalf of others.

8. The report required by this section shall be due on the last day of each month with respect to information required for the next preceding calendar month."; and

Further amend said bill, Page 8, Section 142.908, Line 15, by inserting after all of said line the following:

"Section 1. The director of the department of revenue or any person designated by the director may conduct investigations as necessary to enforce the provisions of this chapter.

Section 2. The director of the department of revenue may prescribe forms upon which reports are made to the director and all other forms and information the director deems necessary to enforce the provisions of this chapter, and may require periodic submission of information from any person dealing in, transporting or storing motor fuel.

Section 3. A person who violates any provision of this chapter, including, but not limited to the failure to obtain required licenses or permits, or fails to keep records as prescribed herein, or neglects, fails or refuses to allow the director, the director's authorized agents or the Missouri highway patrol to inspect an item of equipment or records, or who fails, neglects or refuses to pay the tax due is guilty of a misdemeanor and may be punished as prescribed by law. Any person who violates any of the provisions of this section with the purpose to defraud is guilty of a class D felony."; and

Further amend the title and enacting clause accordingly.

In which the concurrence of the Senate is respectfully requested.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and passed **HB 120**, entitled:

"144.010. 1. The following words, terms, and phrases when used in sections 144.010 to 144.525 have the meanings ascribed to them in this section, except when the context indicates a different meaning:

(1) "Admission" includes seats and tables, reserved or otherwise, and other similar accommodations and charges made therefor and amount paid for admission, exclusive of any admission tax imposed by the federal government or by sections 144.010 to 144.525;

(2) "Business" includes any activity engaged in by any person, or caused to be engaged in by him, with the object of gain, benefit or advantage, either direct or indirect, and the classification of which business is of such character as to be subject to the terms of sections 144.010 to 144.525. The isolated or occasional sale of tangible personal property, service, substance, or thing, by a person not engaged in such business, does not constitute engaging in business within the meaning of sections 144.010 to 144.525 unless the total amount of the gross receipts from such sales, exclusive of

receipts from the sale of tangible personal property by persons which property is sold in the course of the partial or complete liquidation of a household, farm or nonbusiness enterprise, exceeds three thousand dollars in any calendar year. The provisions of this subdivision shall not be construed to make any sale of property which is exempt from sales tax or use tax on June 1, 1977, subject to that tax thereafter;

(3) "Gross receipts", except as provided in section 144.012, means the total amount of the sale price of the sales at retail including any services other than charges incident to the extension of credit that are a part of such sales made by the businesses herein referred to, capable of being valued in money, whether received in money or otherwise; except that, the term "gross receipts" shall not include the sale price of property returned by customers when the full sale price thereof is refunded either in cash or by credit. In determining any tax due under sections 144.010 to 144.525 on the gross receipts, charges incident to the extension of credit shall be specifically exempted. For the purposes of sections 144.010 to 144.525 the total amount of the sale price above mentioned shall be deemed to be the amount received. It shall also include the lease or rental consideration where the right to continuous possession or use of any article of tangible personal property is granted under a lease or contract and such transfer of possession would be taxable if outright sale were made and, in such cases, the same shall be taxable as if outright sale were made and considered as a sale of such article, and the tax shall be computed and paid by the lessee upon the rentals paid;

(4) "Livestock", cattle, calves, sheep, swine, ratite birds, including but not limited to, ostrich and emu, aquatic products as defined in section 277.024, RSMo, elk documented as obtained from a legal source and not from the wild, goats, horses, other equine, or rabbits raised in confinement for human consumption;

(6) "Person" includes any individual, firm, copartnership, joint adventure, association, corporation, municipal or private, and whether organized for profit or not, state, county, political subdivision, state department, commission, board, bureau or agency, except the state transportation department, estate, trust, business trust, receiver or trustee appointed by the state or federal court, syndicate, or any other group or combination acting as a unit, and the plural as well as the singular number;

(7) "Purchaser" means a person who purchases tangible personal property or to whom are rendered services, receipts from which are taxable under sections 144.010 to 144.525;

Research or experimentation activities do not include activities such as ordinary testing or inspection of materials or products for quality control, efficiency surveys, advertising promotions or research in connection with literary, historical or similar projects;

[(8)] **(9)** "Sale" or "sales" includes installment and credit sales, and the exchange of properties as well as the sale thereof for money, every closed transaction constituting a sale, and means any transfer, exchange or barter, conditional or otherwise, in any manner or by any means whatsoever, of tangible personal property for valuable consideration and the rendering, furnishing or selling for a valuable consideration any of the substances, things and services herein designated and defined as taxable under the terms of sections 144.010 to 144.525;

[(9)] **(10)** "Sale at retail" means any transfer made by any person engaged in business as defined herein of the ownership of, or title to, tangible personal property to the purchaser, for use or consumption and not for resale in any form as tangible personal property, for a valuable consideration; except that, for the purposes of sections 144.010 to 144.525 and the tax imposed thereby: (i) purchases of tangible personal property made by duly licensed physicians, dentists, optometrists and veterinarians and used in the practice of their professions shall be deemed to be purchases for use or consumption and not for resale; and (ii) the selling of computer printouts, computer output or microfilm or microfiche and computer-assisted photo compositions to a purchaser to enable the purchaser to obtain for his own use the desired information contained in such computer printouts, computer output on microfilm or microfiche and

computer-assisted photo compositions shall be considered as the sale of a service and not as the sale of tangible personal property. Where necessary to conform to the context of sections 144.010 to 144.525 and the tax imposed thereby, the term "sale at retail" shall be construed to embrace:

(a) Sales of admission tickets, cash admissions, charges and fees to or in places of amusement, entertainment and recreation, games and athletic events;

WHEREAS, at the general election of 1992, seventy-five percent of Missouri voters adopted a measure to limit the terms of members of the Missouri General Assembly; and

WHEREAS, all legislators elected after 1992 are limited to a maximum of eight years, or four terms, in the Missouri House of Representatives, and eight years, or two terms, in the Missouri Senate; and

WHEREAS, while the merits of legislative term limits can and will be debated by numerous citizens and interested parties, there is no question: that term limits are part of the Missouri Constitution; that this law has already shortened the terms of some Missouri legislators; and that these limits will produce substantial repercussions on state government in the foreseeable future; and

WHEREAS, it would be a responsible and prudent action to prepare for the impending impact of legislative term limits; and

WHEREAS, it should be determined whether term limits will affect the balance of power between the legislative, executive and judicial branches,

and if so, what measures should be taken to preserve the strength of the legislative branch; and

WHEREAS, it should also be determined whether term limits are likely to lead to an increased influence for state government employees and governmental consultants, or lobbyists, and, if so, if any preparations should be made to counteract this increased influence; and

WHEREAS, because of term limits, the citizen-members of the Missouri General Assembly will be expected to assume leadership positions and committee chairmanships at a faster rate than is currently expected even though they will have less time to study issues or learn the legislative process; and

WHEREAS, the potential impact on urban, suburban and rural issues and representation should be studied; and

WHEREAS, it could be of great assistance in preparing for the impact of term limits if ideas, recommendations and information could be garnered from present and former legislators, political scientists, interested citizens and scholars who have previously studied this issue and are familiar with term limit ramifications in other states:

NOW, THEREFORE, BE IT RESOLVED by the members of the Missouri House of Representatives of the Ninetieth General Assembly, First Regular Session, the Senate concurring therein, that a Joint Committee on Legislative Term Limits be created to study the likely effects of term limits and to make recommendations on how best to prepare for the impact of term limits; and

BE IT FURTHER RESOLVED that the committee be authorized to hold hearings and investigations as it deems advisable, and that the staffs of House Research, Senate Research and the Committee on Legislative Research provide any technical or clerical assistance requested by the committee and the members of the committee shall receive reimbursement for their actual and necessary expenses incurred in the performance of their official duties for the committee; and

Each team may submit an annual marketing plan to the commission. Expenses of a team which are in accordance with the marketing plan shall

We ask this acknowledging that with the privilege of being here comes the heavy responsibilities we can not get through without Your help. In this subsection, "direct supervision" means that a doctor of naturopathic medicine is present and makes the determination as to the necessary use or the advisability of the substance or device to be dispensed.

4. The provisions of this section shall be enforced by the board. The board may conduct periodic inspections of dispensing practices to assure compliance with the section and applicable rules.

2. A blank form for application for registration shall be mailed to each person licensed in this state at his last known office or residence address. The failure to receive it does not, however, relieve any person of the duty to register and pay the fee required by the chapter nor exempt him from the penalties provided by this chapter for failure to register.

3. If a person licensed, certified, or registered by the board of healing arts does not renew such license, certification, or registration for two consecutive renewal periods, such license, certification, or registration shall be deemed void.

334.325. 1. Each applicant for registration under this chapter shall accompany the application for registration with a registration fee to be paid to the director of revenue. If the application is filed and the fee paid after the registration renewal date, a delinquent fee shall be paid; but whenever in the opinion of the board the applicant's failure to register is caused by extenuating circumstances including illness of the applicant, as defined by rule and regulation, the delinquent fee may be waived by the board. Whenever any new license is granted to any person under the provisions of this chapter, the board shall, upon application therefor, issue to such licensee a certificate of registration covering a period from the date of the issuance of the license to the next renewal date without the payment of any registration fee.

2. The board shall set the amount of the fees which this chapter authorizes and requires by rules and regulations promulgated pursuant to section 536.021, RSMo. The board shall notify the applicant in writing of the reasons for the refusal and shall advise the applicant of the applicant's right to file a complaint with the administrative hearing commission as provided by chapter 621, RSMo. As an alternative to a refusal to issue or renew any certificate, registration or authority, the board may, at its discretion, issue a license which is subject to probation, restriction or limitation to an applicant for licensure for any one or any combination of causes stated in subsection 2 of this section. The board's order of probation, limitation or restriction shall contain a statement of the discipline imposed, the basis therefor, the date such action shall become effective, and a statement that the applicant has thirty days to request in writing a hearing before the administrative hearing commission. If the board issues a probationary, limited or restricted license to an applicant for licensure, either party may file a written petition with the administrative hearing commission within thirty days of the effective date of the probationary, limited or restricted license seeking review of the board's determination. If no written request for a hearing is received by the administrative hearing commission within the thirty-day period, the right to seek review of the board's decision shall be considered as waived.

2. The board may cause a complaint to be filed with the administrative hearing commission as provided by chapter 621, RSMo, against any holder of any certificate of registration or authority, permit or license required by this chapter or any person who has failed to renew or has surrendered the person's certificate of registration

A naturopathic medical doctor whose right to practice has been affected under this subdivision shall, at reasonable intervals, be afforded an opportunity to demonstrate that the naturopathic medical doctor can resume the competent practice as a naturopathic medical doctor with reasonable skill and safety to patients;

5. In any order of revocation, the board may provide that the person may not apply for reinstatement of the person's license for a period of time ranging from two to seven years following the date of the order of revocation. All stay orders shall toll this time period.

6. Before restoring to good standing a license, certificate or permit issued pursuant to this chapter which has been in a revoked, suspended or inactive state for any cause for more than two years, the board may require the applicant to attend such continuing medical education courses and pass such examinations as the board may direct.

7. In any investigation, hearing or other proceeding to determine a licensee's or applicant's fitness to practice, any record relating to any patient of the licensee or applicant shall be discoverable by the board and admissible into evidence, regardless of any statutory or common law privilege which such licensee, applicant, record custodian or patient might otherwise invoke. In addition, no such licensee, applicant, or record custodian may withhold records or testimony bearing upon a licensee's or applicant's fitness to practice on the ground of privilege between such licensee, applicant or record custodian and a patient.

334.329. 1. Other provisions of section 620.010, RSMo, to the contrary notwithstanding, the board shall, at least quarterly, publish a list of the names and addresses of all persons who hold licenses under the provisions of this chapter, and shall publish a list of all persons whose licenses have been suspended, revoked, surrendered, restricted, denied or withheld. The board shall mail a copy of such lists to any person, upon request.

2. 3. Owners of motor vehicles who are residents of the state of Missouri, and who are physically disabled, owners of motor vehicles operated at least fifty percent of the time by a physically disabled person, or owners of motor vehicles used to transport physically disabled members of the owner's household may obtain disabled person license plates. Such owners, upon application, accompanied by the documents and fees provided for in this section, and by state motor vehicle laws relating to registration and licensing of motor vehicles shall be issued motor vehicle license plates for vehicles, other than commercial vehicles with a gross weight in excess of twenty-four thousand pounds, upon which shall be inscribed the international wheelchair accessibility symbol and the word "disabled" in addition to a combination of letters and numbers. Such license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. Handicapped parking places may only be used when a physically disabled occupant is in the motor vehicle at the time of parking or when a physically disabled person is being delivered or collected by a properly marked vehicle which is parked for the sole use of the physically disabled person. No vehicle shall park in the access aisle. Such parking violation shall be an infraction. The use of a vehicle displaying a disabled license plate or windshield placard to park in a parking space designated for the disabled by a person not transporting the individual for whom the license or placard was issued shall be an infraction. Upon conviction thereof, violators shall be punished by a fine of not less than fifty dollars nor more than three hundred dollars.

4. No additional fee shall be paid to the director of revenue for the issuance of the special license plates provided in this section, except for special personalized license plates and other license plates described in this subsection. Priority for any specific set of special license plates shall be given to the applicant who received the number in the immediately preceding license period subject to the applicant's compliance with the provisions of this section and any applicable rules or regulations issued by the director. If determined feasible by the advisory committee established in section 301.129, any special license plate issued pursuant to this section may be adapted to also include the international wheelchair accessibility symbol and the word "disabled" as prescribed in subsection 3 of this section and such plate may be issued to any applicant who meets the requirements of this section and the other appropriate provision of this chapter, subject to the requirements and fees of the appropriate provision of this chapter.

5. Any physically disabled person, or the parent or guardian of any such person, or any not for profit group, organization, or other entity which transports more than one physically disabled person, may apply to the director of revenue for a removable windshield placard to be hung from the rearview mirror of a parked motor vehicle. When there is no rearview mirror, the placard shall be displayed on the dashboard on the driver's side. The removable windshield placard shall conform to the specifications, in respect to size, color, and content, as set forth in federal regulations published by the Department of Transportation. The fee for each removable windshield placard shall be two dollars and the removable windshield placard shall be renewed every year. Only one removable placard may be issued to an applicant who has been issued disabled person license plates. Upon request, one additional windshield placard shall be issued to an applicant who has not been issued disabled person license plates. A temporary windshield placard shall be issued to any physically disabled person, or the parent or guardian of any such person who otherwise qualifies except that the physical disability, in the opinion of the physician, is not expected to exceed a period of one hundred eighty days. The temporary windshield placard shall conform to the specifications, in respect to size, color, and content, as set forth in federal regulations published by the Department of Transportation. The fee for the temporary windshield placard shall be two dollars. Upon request, one additional temporary windshield placard shall be issued to an applicant. Temporary windshield placards shall be issued upon presentation of the physician's statement provided by this section and shall be displayed in the same manner as removable windshield placards. A person or entity shall be qualified to possess and display a temporary removable windshield placard for six months and the placard may be renewed once for an additional six months if a physician's statement pursuant to subsection 6 of this section is supplied to the director of revenue at the time of renewal. The placard shall be renewable only by the person or entity to which the placard was originally issued. Any placard issued pursuant to this section shall only be used when a physically disabled occupant is in the motor vehicle at the time of parking or when a physically disabled person is being delivered or collected by a properly marked vehicle which is parked for the sole use of the physically disabled person.

6. Application for license plates or windshield placards issued pursuant to this section shall be made to the director of revenue and shall be accompanied by a statement signed by a licensed physician which certifies that the applicant,

user, or member of the applicant's household is a physically disabled person as defined by this section. The physician's statement shall be on a form prescribed by the director of revenue which shall include the physician's license number. If it is the professional opinion of the physician who issues the statement that the physical disability of the applicant, user, or member of the applicant's household is permanent, this shall be noted on the statement. In such instances, the applicant shall present the physician's statement which states that the applicant's disability is permanent to the director of revenue the first time the applicant applies for license plates or a removable windshield placard. The applicant shall not be required to obtain a new physician's statement each time that the applicant applies for or renews license plates or a removable windshield placard; but, the applicant shall present a physician's statement each time the applicant applies for a temporary windshield placard or renews a temporary windshield placard. Such physician's statement shall state the expiration date for the temporary windshield placard. If the physician fails to record an expiration date on the physician's statement, the director shall issue the temporary windshield placard for a period of thirty days. The director of revenue upon receiving a physician's statement pursuant to this subsection shall check with the state board of registration for the healing arts created in section 334.120, RSMo, or the Missouri state board of chiropractic examiners established in section 331.090, RSMo, with respect to physician's statements signed by licensed chiropractors, or the state board of podiatric medicine created in section 330.100, RSMo, with respect to physician's statements signed by physicians of the foot or podiatrists **or with the state board of optometry created in section 336.130, with respect to physician's statements signed by optometrists** to determine whether the physician is duly licensed and registered pursuant to law. The boards shall cooperate with the director and shall supply information requested pursuant to this subsection. The director may, in cooperation with the boards which shall assist the director, establish a list of all physicians' names and of any other information necessary to administer this subsection within the department of revenue if the director determines that such listing is necessary to carry out the provisions of this subsection.

7. Where the owner's application is based on the fact that the vehicle is used at least fifty percent of the time by a physically disabled person, the applicant shall submit an affidavit stating this fact, in addition to the physician's statement. The affidavit shall be signed by both the owner of the vehicle and the physically disabled person. The applicant shall be required to submit this affidavit with each application for license plates.

8. The director of revenue shall enter into reciprocity agreements with other states for the purpose of recognizing disabled person license plates or windshield placards issued to physically disabled persons in those states.

9. When a person to whom disabled person license plates or a removable or temporary windshield placard or both have been issued dies, the personal representative of such person shall return the plates or placards or both to the director of revenue under penalty of law. The director of revenue may order any person issued disabled person license plates or windshield placards to submit to an examination by a chiropractor, osteopath, or physician, or to such other investigation as will determine whether such person qualifies for the special plates or placards. If such person refuses to submit or is found to no longer qualify for special plates or placards provided for in this section, the director of revenue shall collect the special plates or placards, and shall furnish license plates to replace the ones collected as provided by this chapter.

10. In the event a removable or temporary windshield placard is lost, stolen, or mutilated, the lawful holder thereof shall, within five days, file with the director of revenue an application and an affidavit stating such fact, in order to purchase a new placard. The fee for the replacement windshield placard shall be two dollars.

11. Beginning after September 1, 1998, and prior to August 31, 1999, the director of revenue shall authorize a one-time recertification and review of all permanent disabled person license plates and windshield placards, including physician's license numbers and related information that the director has on file pursuant to subsection 6 of this section to determine if such numbers and information are current and correct. The director shall require the presentation of a new physician's statement and other information deemed necessary by the director to administer the provisions of this section. The recertification and review shall be conducted in a manner as determined by the director."; and

"324.560. As used in sections 324.560 to 324.605, unless the context provides otherwise, the following terms shall mean:

- (1) "Department", the department of economic development;**
- (2) "House", a dwelling, building, or other structure in excess of fourteen feet in width. A house does not include a manufactured home as defined in section 700.010, RSMo;**

- (3) The applicant must exhibit his federal employer's identification number; and**
- (4) The applicant must pay an annual license fee of one hundred dollars. All moneys received for housemover licenses shall be paid to the director of revenue and deposited in the state treasury to the credit of the general revenue fund.**

324.569. A license issued pursuant to this section shall be effective for a period of one year from the date of issuance and shall be renewable on an annual basis.

324.572. 1. No license shall be issued or renewed unless the applicant files with the department a certificate or certificates of insurance from an insurance company or companies authorized to do business in this state. The applicant must demonstrate that he or she has:

- (1) Motor vehicle insurance for bodily injury to or death of one or more persons in any one accident and for injury or destruction of property of others in any one accident with minimum coverage of five hundred thousand dollars;**
- (2) Comprehensive general liability insurance with a minimum coverage of two million dollars, including coverage of operations on state streets and highways that are not covered by motor vehicle insurance; and**
- (3) Workers' compensation insurance that complies with chapter 287, RSMo, for all employees if the employer is licensed as a professional housemover.**

2. The certificate or certificates shall provide for continuous coverage during the effective period of the license issued pursuant to this section. At the time the certificate is filed, the applicant shall also file with the department a current list of all motor vehicles covered by the certificate. The applicant shall file amendments to the list within fifteen days of any changes.

3. An insurance company issuing any insurance policy required by this section shall notify the department of any of the following events at least thirty days before its occurrence:

- (1) Cancellation of the policy;**
- (2) Nonrenewal of the policy; or**
- (3) Any change in the policy.**

4. In addition to all coverages required by this section, the applicant shall file with the department a copy of either:

- (2) A policy of cargo insurance in the amount of one hundred thousand dollars.**

324.575. 1. Persons licensed as professional housemovers shall also be required to secure a special permit, as provided for in subsection 6 of section 304.200, RSMo, from the director of the department of highways and transportation for every move undertaken on the state highway system. The permit shall be issued by the director if the director determines that the applicant:

- (1) Is properly licensed;**
- (2) Has furnished the surety bond or policy of cargo insurance required by subsection 4 of section 324.572; and**
- (3) Is complying with such other regulations as required by the department of economic development.**

2. A license shall not be required for individuals moving their own buildings from or to property owned individually by those persons; however, a special permit will be required for all moves.

3. Licensed housemovers shall furnish one rear escort vehicle on interstate and other divided highways. Licensed housemovers shall provide two escorts on all multi-lane and two-lane highways, one in front and one rear.

324.578. 1. Application for a special permit to move a structure must be made to the director of the department

of highways and transportation at least two days prior to the date of the move. For good cause shown, this time may be waived by the director.

2. A travel plan shall accompany the application for the special permit. The travel plan will show the proposed route, the time estimated for each segment of the move, a plan to handle traffic so that no one delay to other highway users shall exceed twenty minutes. The director shall review the travel plan and if the route cannot accommodate the move due to roadway weight limits, bridge size or weight limits, or will cause undue interruption of traffic flow, the special permit shall not be issued.

3. The applicant may submit alternate plans if desired until an acceptable route is determined. If the width of the building or structure to be relocated is more than thirty-six feet, or if no acceptable travel plan has been filed, and the denial of the permit would cause a hardship, the application and travel plan may be submitted to the director on appeal. After reviewing the route and travel plan, the director may in his or her discretion issue the permit after considering the practical physical limitations of the route, the nature and purpose of the move, the size and weight of the structure, the distance the structure is to be moved, and the safety and convenience of the traveling public. A surety bond in the amount to cover the cost of any damage to the pavement, structures, bridges, roadway or other damages that may occur can be required if deemed necessary by the director.

324.581. All obstructions, including traffic signals, signs, and utility lines will be removed immediately prior to and replaced immediately after the move at the expense of the mover, provided that arrangements for and approval from the owner is obtained.

324.584. Irrespective of the route shown on the special permit, an alternate route will be followed:

- (1) If directed by a peace officer;
- (2) If directed by a uniformed officer assigned to a weighing station to follow a route to a weighing device; or
- (3) If the specified route is officially detoured. Should a detour be encountered, the driver shall check with the department issuing the permit on which he is traveling prior to proceeding.

324.587. The object to be transported will not be loaded, unloaded, nor parked, day or night, on a highway right-of-way without specific permission from the director.

324.590. No move will be made when atmospheric conditions render visibility lower than safe for travel. Moves will not be made when highways are covered with snow or ice, or at any time travel conditions are considered unsafe by the director or highway patrol or other law enforcement officers having jurisdiction.

324.593. The permit may be voided if any conditions of the permit are violated. Upon any violation, the permit must be surrendered and a new permit obtained before proceeding. Misrepresentation of information on an application to obtain a license, fraudulently obtaining a permit, alteration or a permit, or unauthorized use of a permit will render the permit void.

324.596. All moves on streets on the municipal system of streets shall comply with local ordinances. The officer in charge of the maintenance of streets of any municipality may issue permits for the use of the streets by housemovers within the limits of such municipalities.

324.602. The speed of moves will be that which is reasonable and prudent for the load, considering weight and bulk, under conditions existing at the time.

324.605. Any person violating sections 324.560 to 324.605 or the regulations of the department governing housemoving shall be guilty of a class A misdemeanor."; and

In determining the amount of any Fee Award sought by a Settling State pursuant to this section, the Panel shall not consider, and shall not be presented with information as to, any amounts paid or to be paid by such Settling State in connection with the Action to any of those persons or entities identified in Exhibit S to the Agreement. (e) Any amounts to be paid to any Settling State in satisfaction of any Liquidated Fee, Fee Award or Cost Statement pursuant to any agreement entered into by such Settling State and the Original Participating Manufacturers pursuant to subsection (a) of this section shall be reduced, on a dollar-for-dollar basis, for (A) any payments made to STATE Outside Counsel by the Original Participating Manufacturers in satisfaction of any Liquidated Fee, Fee Award or Cost Statement of STATE Outside Counsel pursuant to any Fee Payment Agreement entered into between STATE Outside Counsel and the Original Participating Manufacturers, and (B) any payment made by any Original Participating Manufacturer or Released Person on any claim described in paragraph (ii) of subsection (d) of this section.

"137.720. A percentage of all ad valorem property tax collections allocable to each taxing authority within the county and the county shall be deducted from the collections of taxes each year and shall be deposited into the assessment fund of the county as required [under] **pursuant to** section 137.750. The percentage shall be one-half of one percent for all counties of the first and second [class] **classification** and cities not within a county and one percent for counties of the third and fourth [class] **classification**. The county shall bill any taxing authority collecting its own taxes. The county may also provide additional moneys for the fund. To be eligible for state cost-share funds provided [under] **pursuant to** section 137.750, every county shall provide [all moneys necessary to assure that the fund is at least equal to the amount of moneys available for assessment purposes in the previous year] **from the county general revenue fund, an amount equal to an average of the three most recent years of the amount provided from general revenue to the assessment fund**, except that a lesser amount shall be acceptable if unanimously agreed upon by the county assessor, county governing body and the state tax commission. The county shall deposit the county general revenue funds in the assessment fund as agreed to in its original or amended maintenance plan, state reimbursement funds shall be withheld until the amount due is properly deposited in such fund.

137.750. 1. If a county has an assessment maintenance plan approved [under] **pursuant to** section 137.115, a portion of all the costs and expenses of the assessor of each county and each city not within a county, incurred for the current quarter in performing all duties necessary to assess and maintain equalized assessed valuations of real property, making real and personal property assessments and preparing abstracts of assessment lists, shall be reimbursed by the state. The state shall reimburse up to [one-half] **sixty percent** of all the current and past unreported quarterly costs and expenses of the assessor of each county and each city not within a county based on compliance with the state tax commission approved assessment and equalization maintenance plan. The state shall reimburse each eligible county a minimum of three dollars per parcel for up to twenty thousand parcels, but no further reimbursements shall be made until the county has expended [an equal] **at least two-thirds of that** amount of money for assessment maintenance from its assessment fund. The [maximum] annual state reimbursement to any county [under] **pursuant to** this section in [1986] **2000** shall [not exceed five dollars and fifty cents] **be seven dollars** per parcel of real property in the county and each year thereafter such maximum amount may be increased by up to three percent, but the amount reimbursed by the state shall not exceed [one-half] **sixty percent** of the actual costs and expenses incurred, except that counties entitled to only the three-dollar per parcel minimum shall receive one-fourth of the state's contribution each quarter.

2. The governing body of each county and city not within a county which seeks or will seek reimbursement under any provision of this section or section 137.720 shall establish a fund to be known as the "Assessment Fund", to be used solely as a depository for funds received by the county or city pursuant to this section and sections 137.037 and 137.720, from the general revenue fund of the county or other sources for the purpose of funding the costs and expenses incurred in implementing an assessment and equalization maintenance plan approved under section 137.115 and for assessing real and personal property.

3. All counties and cities not within a county seeking state funds under this section shall submit a certified copy of

their costs and expenses to the commissioner of the office of administration not later than the thirtieth day of the quarter immediately following the quarter for which such state funds are sought. The commissioner of the office of administration shall, in such form as may be prescribed by rule, certify that the county requests for reimbursement are consistent with the assessment and equalization maintenance plan approved by the state tax commission as provided in section 137.115, and shall pay the state's share out of funds appropriated for that purpose quarterly to each eligible county and city to reimburse such county or city for reimbursable costs and expenses incurred in the previous calendar quarter.

4. (1) The following costs and expenses shall not qualify for state reimbursement or reimbursement from tax moneys withheld from political subdivisions:

- (b) Depreciation, interest, building and ground maintenance, fuel and utility costs, and other indirect expenses which can be classified as the overhead expenses of the assessor's office;
- (c) Purchases of motor vehicles;

- (a) Salaries and benefits of data processing and legal personnel not directly employed by the assessor;

"138.395. The state tax commission shall notify each school district of the equivalent sales ratio for the previous year adopted for determining the equalized assessed valuation of the property and the equalized operating levy of the school district for distributions of school foundation formula funds at least thirty days [prior to] **before** the certification of such ratio to the department of elementary and secondary education, and shall provide the school district an opportunity for a meeting with the commission, or a duly authorized agent [thereof] **of the commission**, on such ratio [prior to] **before** such certification. [Prior to January 1, 1997, in certifying said ratios to the department of elementary and secondary education, the commission shall certify all ratios at thirty-three and one-third percent.] On and after January 1, 1997, in certifying such ratios to the department of elementary and secondary education, the commission shall certify all ratios higher than thirty-one [and two-thirds] percent at thirty-three and one-third percent. On and after January 1, 1998, if the state tax commission, after performing the computation of equivalent sales ratio for the county and recomputing such computation to ensure accuracy, finds that such equivalent sales ratio for the county is less than or equal to thirty-one [and two-thirds] percent **and has been for the two preceding years**, the state tax commission shall reduce the county's reimbursement by fifteen percent the following year if it is not corrected by subsequent action of the state tax commission."

HOUSE AMENDMENT NO. 5

Amend House Committee Substitute for Senate Bill No. 219, Page 5, Section 137.1030, Line 5, by inserting after said line the following:

"137.115. 1. All other laws to the contrary notwithstanding, the assessor or the assessor's deputies in all counties of

this state including the city of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor's city, county, town or district. Except as otherwise provided in subsection 3 of this section, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable real property in the county owned by the person, or under his or her care, charge or management, and all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county of the first classification with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

- (1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and
- (2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this paragraph, the word "comparable" means that:
 - (a) Such sale was closed at a date relevant to the property valuation; and
 - (b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the city of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percents of their true value in money:

- (1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;
- (2) Livestock, twelve percent;
- (3) Farm machinery, twelve percent;

(4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131, RSMo, and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than fifty hours per year or aircraft that are home built from a kit, five percent;

(5) Poultry, twelve percent; and

(6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (6) of section 135.200, RSMo, twenty-five percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. All subclasses of real property, as such subclasses are established in section 4(b) of article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

(1) For real property in subclass (1), nineteen percent;

(2) For real property in subclass (2), twelve percent; and

(3) For real property in subclass (3), thirty-two percent.

6. Manufactured homes, as defined in section 700.010, RSMo, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. A manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. A manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home has been converted to real property in compliance with section 700.111, RSMo, and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home has been converted to real property in compliance with section 700.111, RSMo, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. The assessor of each county and each city not within a county shall use the trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.

10. If the assessor increases the assessed valuation of any parcel of subclass (1) real property by more than seventeen percent since the last assessment, excluding increases due to new construction or improvements, then the assessor shall conduct a physical inspection of such property.

11. There shall be a homestead exemption on certain properties as follows:

- (1) Any person owning and residing on real property which qualifies as a homestead, as defined in section 135.010, RSMo, who is at least sixty-five years of age shall be granted a homestead exemption under the authority granted pursuant to section 6(a) of article X of the Missouri Constitution for the years succeeding the year in which the exemption is filed and in the manner and amount prescribed in this subsection;**
- (2) The exemption shall be for that portion of the assessed valuation of the homestead which exceeds the assessed valuation of the homestead in the year the owner reaches sixty-five years of age or on the effective date of this section, whichever is later;**
- (3) An eligible property owner may file for such an exemption with the county clerk on a form provided by the state tax commission by June first of the year preceding the first year for which the exemption is to be made. The property owner filing the form shall sign such form attesting to the truth of the information provided by such owner. If the property for which the homestead exemption is sought has joint owners, then any such joint owner may file for the exemption. When any joint owner has elected to file for an exemption all other joint owners shall be bound by such election and the other joint owners shall not subsequently be eligible to file for an exemption for the jointly owned property. No provisions of this section shall be construed to deny the granting of an exemption to property owned by married joint owners when only one of such owners is eligible for the exemption. The applicant shall file a copy of the person's birth certificate with the county clerk to establish eligibility for the exemption. Once an exemption has been granted, the property owners who filed for the exemption shall not be required to refile for any succeeding year and the property shall remain exempted unless or until the property has a new owner or pursuant to subdivision (6) of this subsection;**
- (4) The county clerk shall verify from the birth certificate and form that the applicant is eligible for such exemption, and if the applicant is so eligible, the county clerk shall notify the county assessor, county collector and the state tax commission. In addition, the county clerk shall annually deliver to each political subdivision or other taxing jurisdiction which has levied ad valorem property taxes on the properties for which exemptions are granted under this section a listing of each parcel of real property for which the exemptions are granted;**
- (5) Any exemption granted pursuant to this subsection shall have no effect on the tax levied for the blind pension fund, pursuant to section 38(b) of article III of the Missouri Constitution, on the property for which the exemption is granted. The tax, however, shall not be collected from the person granted the exemption but a payment in lieu of such tax shall be made by the county within which such property lies. The county shall be reimbursed pursuant to subdivision (5) of this subsection for any revenues lost due to this subdivision;**
- (6) Pursuant to the requirements of sections 6(a) and 16 of article X of the Missouri Constitution, any taxing jurisdiction or political subdivision shall recover the loss of revenue caused by this subsection from the state. The state tax commission shall certify to the commissioner of administration to issue vouchers to any such taxing jurisdiction or political subdivision upon the availability of appropriations. Each calendar year beginning in 1998 the state tax commission shall estimate the total loss of revenue to all taxing jurisdictions and political subdivisions in the next succeeding year resulting from the homestead exemptions granted in the current year. The state tax commission shall report such estimate to the general assembly before February first of every year. If the general assembly determines there will be insufficient total state revenues, as defined by section 17 of article X of the Missouri Constitution, for the taxing jurisdictions and political subdivisions of the state to recover the estimated loss of revenue caused by the homestead exemption the general assembly may declare that there will be no homestead exemption for the succeeding year."; and**

Further amend the title and enacting clause accordingly.

2. Notwithstanding any other provision of the law to the contrary, a woman upon whom a partial birth abortion is performed shall not be prosecuted pursuant to this section or any other state law which would otherwise impose criminal responsibility on such woman for the performance of a partial birth abortion.

SENATE AMENDMENT NO. 2

Amend Senate Substitute for Senate Committee Substitute for House Substitute for House Committee Substitute for House Bills Nos. 427, 40, 196 and 404, Page 3, Section 565.021, Line 7, by striking ";" and inserting after all of said line the following:

"565.300. 1. The sovereign people hereby find that, in accordance with current scientific evidence, medical terminology and practice, and decisions of the United States Supreme Court in Roe v. Wade and other cases:

(1) Pregnancy begins with conception as defined in section 188.015, RSMo, and ends when the process of birth begins;

- (2) The process of birth begins when a living infant begins to exit the uterus or womb by any means and ends when the child is fully delivered or expelled from the vagina or birth canal by any means;**
- (3) Birth is an irreversible process that, once begun, will inevitably result in the complete delivery or expulsion of a living infant;**
- (4) Even a living infant that is prematurely and artificially extracted from the uterus or womb into the vagina or birth canal by any means is a living infant;**
- (5) Scientifically, medically, and legally, a child in the process of birth is a living infant;**
- (6) The intentional killing of a living infant in the process of birth is infanticide;**
- (7) Abortion is the termination of a pregnancy by intentionally killing a living infant in the uterus or womb before the process of birth begins;**
- (8) Regulating infanticide is not regulating abortion, but rather, is proscribing infanticide by restricting killing the killing of a live infant who is in the process of birth, that is, who has exited by any means, at least in part, the uterus or womb and has entered by any means, at least in part, the vagina or birth canal;**
- (9) Although the United States Supreme Court has declared a right to choose an abortion to terminate a pregnancy, it has never held that there is a fundamental or constitutional right to kill a partially born infant, that is, a child in the process of birth;**
- (10) Because abortion is the termination of a pregnancy, a prohibition against killing a living infant in the process of birth does not implicate abortion jurisprudence;**
- (11) This section is not intended to stop any abortion performed to terminate a pregnancy, but is intended to stop the killing of a partially born living infant and to establish and maintain a clear and impenetrable barrier against partial birth infanticide.**

2. As used in this section, the following terms mean:

- (1) "Infanticide", the killing of an infant in the process of birth by a person who deliberately and intentionally performs a procedure on the partially-born infant that the person knows will terminate the life of the infant and the procedure does terminate the life of the infant;**
- (2) "Partially born infant", a child in the process of birth;**
- (3) "Process of birth", the pregnancy has ended and the process of being born has begun, that is, the point in time has occurred when the maternal cervix has become dilated, the protective membrane of the amniotic sac has become ruptured, and any part or member of an infant child has passed from the uterus or womb beyond the plane of the cervical os.**

3. It is a class A felony for a person to perform infanticide.

4. The provisions of this section shall not apply to infanticide performed to prevent the death of a mother where no other procedure, including the induction of labor or cesarean section, would suffice to prevent the death of the mother.

5. The provisions of this chapter shall not apply to any abortion performed to terminate a pregnancy, that is, any abortion performed in the uterus or womb prior to the point in time when the pregnancy has ended and the process of birth has begun, that is, any abortion performed in the uterus or womb prior to the point in time when the maternal cervix has become dilated, the protective membrane of the amniotic sac has become ruptured, and any part or member of a living infant has passed from the uterus or womb beyond the plane of

the cervical os.

6. The provisions of this chapter shall to be liberally construed to effectuate the policies and purposes of this chapter. In the event of conflict between this chapter and any other provision of law, the provisions of this chapter shall govern.
7. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or application of the provision to other persons or circumstances is not affected.

Section B. This act is hereby submitted to the qualified voters of this state for approval or rejection at a special election which is hereby ordered and which shall be held and conducted on the Tuesday immediately following the first Monday in November, 1999, pursuant to the laws and constitutional provisions of this state applicable to general elections, and it shall become effective when approved by a majority of the votes cast thereon at such election and not otherwise."; and

The Senate met pursuant to adjournment.

President Pro Tem Quick in the Chair.

The Reverend Carl R. Gauck offered the following prayer:

Gracious and Heavenly Father: Yes, Lord it's us here in the Senate on a Sunday - We know You usually find us with those we love as we call upon You this day, but You have called us to positions of responsibilities and the burdens that come with them. So we are here to pray that Your Spirit of discernment and enlightenment might be with us tonight and this week as we deal with those things that affect the lives and welfare of the people of this State. And we pray for David Valentine at the death of his father and mother this weekend, that you may bless him with your peace and grace and walk with him through these days of grief and loss. In Your Holy Name we pray. Amen.

HOUSE COMMITTEE SUBSTITUTE FOR

WHEREAS, on November 23, 1998, a historic accord was reached between 46 states, U.S. territories, commonwealths and the District of Columbia and tobacco industry representatives that called for the distribution of tobacco settlement funds to states over the next twenty-five years; and

WHEREAS, these funds result from the effort put forth by state attorneys general in which states solely assumed enormous risks and displayed determination to initiate a settlement that will lead to reduced youth smoking and reduced access to tobacco products; and

WHEREAS, in the fall of 1997, states were notified by the U.S. Department of Health and Human Services of its intention to "recoup" the federal match from funds states received through suits brought against tobacco manufacturers; and if such recoupment takes place, the states will lose one-half or more of the tobacco settlement funds; and

WHEREAS, the federal government played no role in the suits brought against tobacco manufacturers or the subsequent settlement agreement and the November 23rd accord makes no mention of Medicaid or federal recoupment; and

WHEREAS, the U.S. Department of Health and Human Services has suspended recoupment activities; and

WHEREAS, we the members of the Ninetieth General Assembly believe that the suspension on the federal government's recoupment of tobacco

settlement funds should be converted into an outright prohibition against the federal government recouping any of the tobacco settlement money; and

WHEREAS, we the members of the Ninetieth General Assembly believe that if the federal government recoups any funds received through suits brought against tobacco manufacturers, such recoupment should be immediately returned to the state; and

WHEREAS, to prevent the seizure of state tobacco settlement funds when they become available to the states in 2000, an amendment to the Medicaid statute must be enacted to exempt tobacco settlement funds from recoupment:

NOW, THEREFORE, BE IT RESOLVED that the members of the Missouri House of Representatives of the Ninetieth General Assembly, First Regular Session, the Senate concurring therein, hereby go on record in support of state retention of all state tobacco settlement funds; and

BE IT FURTHER RESOLVED that the members of the Missouri House of Representatives of the Ninetieth General Assembly, First Regular Session, the Senate concurring therein, hereby urge the federal government, in the event recoupment occurs, to return upon receipt any tobacco settlement funds recouped from the state; and

BE IT FURTHER RESOLVED that the members of the Missouri House of Representatives of the Ninetieth General Assembly, First Regular Session, the Senate concurring therein, hereby urge Congress to enact an amendment to the Medicaid statute that would exempt tobacco settlement funds from recoupment; and

Let us Pray. Gracious and Merciful Father: We each here have a very demanding day and week ahead of us so we need this time with You in prayer. We need Your guidance to lead us on the paths of righteousness as we discern the bills that demand our attention. "86.251. 1. The board of trustees may develop and establish a deferred retirement option plan (DROP) in which members eligible for retirement may participate. The DROP shall be designed to allow members with at least twenty years of service or who have attained the age of fifty-five who have achieved eligibility for retirement and are entitled to a service retirement allowance and other benefits to continue active employment and accumulate a deferred receipt of the service retirement allowance. No one shall participate in the DROP for a period exceeding five years.

2. Any member who has at least twenty years of service or has attained the age of fifty-five may elect in writing before retirement to participate in the DROP. A member electing to participate in the DROP shall continue in active employment and shall not receive any direct retirement allowance payments or benefits during the period of participation.

3. Upon the start of the participation in the DROP, the member shall cease to make any contributions to the system. No contribution shall be required by the city into the DROP account. During the period of participation in the DROP, the amount that the member would have received as a service retirement allowance if the member had retired shall be deposited monthly in the member's DROP account which shall be established in the member's name by the board of trustees. The member's service retirement allowance shall not be adjusted for any cost-of-living increases for any period prior to the member's retirement. Cost-of-living increases, if any, for any period following the member's retirement shall be applied only to monthly service retirement payments made following retirement. Service earned during the period of participation in the DROP shall not be creditable service and shall not be counted in determination of any service retirement allowance or widow's or dependents' benefits.

4. The member's return of contributions to the retirement system shall continue to be paid to the member or the member's widow pursuant to sections 86.253 and 86.288, within sixty days after the member's date of retirement and not the date of the conclusion of the member's participation in the DROP, unless such dates are the same.

5. A member shall cease participation in the DROP upon the earlier of the termination of the member's employment as a police officer or at the end of the five-year period commencing on the first day of the participation in the DROP. The member shall, upon the member's termination of employment, elect to receive the amount in the member's DROP account, including any accrued interest, in one of the following forms of payment:

(a) A lump sum payment; or

(b) Equal monthly installments over a ten-year period. Any interest earned pursuant to this section during the installment period shall be paid as soon as reasonably possible after the final monthly installment. Either form of payment should begin within thirty days after the member's notice to the board of trustees that the member has selected a particular option.

6. A member who has elected to participate in the DROP may not reenter the system in any fashion. At the conclusion of the member's participation in the DROP by reason of the expiration of the five-year period, if the member does not terminate the member's employment as a police officer in the city for which the retirement system was established pursuant to sections 86.200 to 86.363, the member shall continue not to have any percentage of the member's salary deducted for a contribution nor shall any of the member's employment period count as creditable service.

7. If a member dies prior to termination of employment while participating in the DROP or before the member has received full withdrawal of the amount in the member's DROP account under the installment optional payment form, the funds in the member's DROP account, including any accumulated interest, shall be payable to the member's widow; or, if the member is then unmarried, to the member's dependent children in equal shares; or, if none, to the member's dependent mother or father; or, if none, to the member's designated beneficiary or, if no such beneficiary is then living, the member's estate. Payment shall be made within sixty days after the retirement system is notified of the member's death.

8. If a member has elected to participate in the DROP and during such participation period applies for and receives benefits for an accidental disability retirement allowance [under] **pursuant to** the provisions of section 86.263, the member shall forfeit all rights, claims or interest in the member's DROP account and the member's benefits shall be calculated as if the member has continued in employment and had not elected to participate in the DROP. Any funds in a DROP account which have been forfeited as provided in this subsection shall become funds of the system.

9. A member's DROP account shall earn interest equal to the rate of return earned by the system's investment portfolio on a market value basis, including realized and unrealized gains and losses, net of investment expense, as certified by the system's actuary. As of the first day of each year, beginning with the second fiscal year of participation, the member's DROP account balance, determined as of the first day of such year, shall be credited with interest at the investment rate earned by the fund for the prior year. If distribution of the member's DROP account balance is completed during the year, interest shall be credited, based on the beginning balance for the year, in proportion to the part of the year preceding the date of final distribution. No interest shall be credited on amounts, if any, added to the member's DROP account during the year in which the distribution of the account is completed.

10. The board of trustees shall not incur any liability individually or on behalf of other individuals for any act or omission, made in good faith in relation to the DROP or funds of the DROP.

11. The DROP established by this section is subject to approval by the Internal Revenue Service. The provisions of the Internal Revenue Code and regulations promulgated thereunder shall supersede any DROP provision if there is any inconsistency with the Internal Revenue Code or regulation.

12. Upon the receipt by the board of trustees of evidence and proof that the death of a member resulted from an event occurring while the member was in the actual performance of duty, and if the member is participating in the DROP, the member's widow or, if the member is then unmarried, the member's unmarried dependent children, may elect within thirty days after the member's death to have the amount in the member's DROP account paid in the form of a monthly survivor annuity. Payment of the survivor annuity shall begin within sixty days after the election is received. Payment to the member's widow shall continue until the widow's death; payment to the member's unmarried dependent children shall be made while any child qualifies as an unmarried dependent child pursuant to section 86.280. The survivor annuity shall be the actuarial equivalent of the member's DROP account as of the date payment begins. In no event shall the total amount paid pursuant to this subsection be less than the member's DROP account balance as of the date payment begins.

86.253. 1. Upon retirement for service, a member shall receive a service retirement allowance which shall be equal to a fraction of the member's average final compensation multiplied by the number of years of the member's creditable service, which fraction for the year of retirement is one-fiftieth plus an amount equal to four percent of the average final compensation for each additional year of service after twenty-five years; **plus an additional five percent for service after thirty years;** but no service retirement allowance shall exceed an amount equal to [seventy] **seventy-five** percent of the average final compensation or the amount already accrued by the member as of August 1, 1979, whichever is greater.

2. If, at any time since first becoming a member of the retirement system, the member has served in the armed forces of the United States, in any war or period of armed hostilities between the armed forces of the United States and those of a foreign power, and has subsequently been reinstated as a policeman within ninety days after the member's discharge, the member shall be granted credit for such service as if the member's service in the police department of such city had not been interrupted by the member's induction into the armed forces of the United States. If earnable compensation is needed for such period in computation of benefits it shall be calculated on the basis of the compensation payable to the officers of the member's rank during the period of the member's absence.

3. The service retirement allowance of each present and future retired member who retired from service after attaining age fifty-five or after completing twenty years of service shall be increased annually at a rate not to exceed three percent as approved by the board of trustees beginning with the first increase in the second October following the member's retirement and subsequent increases in each October thereafter, provided that each increase is subject to a determination by the board of trustees that the consumer price index (United States City Average Index) as published by the United States Department of Labor shows an increase of not less than the approved rate during the latest twelve-month period for which the index is available at the date of determination; and provided further, that if the increase is in excess of the approved rate for any year, such excess shall be accumulated as to any retired member and increases may be granted in subsequent years subject to a maximum of three percent for each full year from October following the member's retirement but not to exceed a total percentage increase of thirty percent. In no event shall the increase described under this subsection be applied to the amount, if any, paid to a member or widow of a deceased member for services as a special consultant under subsection 5 of this section or, if applicable, subsection 6 of this section. If the board of trustees determines that the index has decreased for any year, the benefits of any retired member that have been increased shall be decreased but not below the member's initial benefit. No annual increase shall be made of less than one percent and no decrease of less than three percent except that any decrease may be limited in amount by the initial benefit. Any annuity or retirement allowance paid to a member under this subsection shall be withdrawn from the police retirement system and no moneys shall be withdrawn from the general revenue fund of any city governed by sections 86.200 to 86.363.

4. In addition to any other annuity or retirement allowance payable under this section and section 86.250, a member,

upon retirement, shall be repaid the total amount of the member's contribution to the retirement system, without interest. The board shall pay the retired member such total amount of the member's contribution to the retirement system within sixty days after such retired member's date of retirement. Any annuity or retirement allowance repaid to a member under this subsection shall be withdrawn from the police retirement system and no moneys shall be withdrawn from the general revenue fund of any city governed by sections 86.200 to 86.363.

5. Any person who is receiving retirement benefits from the retirement system, upon application to the board of trustees, shall be made, constituted, appointed and employed by the board of trustees as a special consultant on the problems of retirement, aging and other matters, for the remainder of the person's life, and upon request of the board of trustees shall give opinions and be available to give opinions in writing or orally, in response to such requests, as may be required. For such services he or she shall be compensated monthly, in an amount which, when added to any monthly retirement benefits being received from the retirement system, shall, unless the provisions of subsection 6 of this section apply, total [five] **six** hundred fifty dollars a month[, effective August 28, 1993]; except that a surviving spouse of a deceased member who is employed as a special consultant shall, unless the provisions of subsection 6 of this section apply, receive compensation for the person's services as a special consultant of not less than [five] **six** hundred fifty dollars a month[, effective August 28, 1993]. This compensation shall be paid by the retirement system from funds of the retirement system, and this employment shall in no way affect any person's eligibility for retirement benefits under this chapter, or in any way have the effect of reducing retirement benefits, notwithstanding any provisions of law to the contrary.

6. The compensation granted retirees and surviving spouses of deceased members under subsection 5 of this section shall be decreased by one hundred fifty dollars per month upon the issuance of an opinion by the Missouri supreme court which would result in the state of Missouri being obligated or required to pay such additional one hundred fifty dollars per month even though such additional compensation is formally approved or authorized by the appropriate body of any city governed by sections 86.200 to 86.363.

86.254. 1. Beginning July 1, 1994, in addition to any other annuity, benefits, or retirement allowance provided pursuant to sections 86.200 to 86.363, each present and future retired member after attaining the age of sixty years shall, upon application to the board of trustees, be made, constituted, appointed and employed by the board of trustees as an advisor on the problems of retirement, aging and other matters, for the remainder of [his] **the retired member's** life, and upon request of the board of trustees shall give opinions in writing or orally in response to such requests as may be required.

2. For the performance of duties required in subsection 1 of this section, each retired member employed as an advisor by the board of trustees shall be compensated monthly in an amount of ten dollars per month multiplied by the number of years the retired member is past the age of sixty years. The compensation provided by this subsection shall be adjusted annually. No funding shall be required prior to the effective date of this benefit.

3. Beginning October 1, 1999, in addition to any other benefit provided to any widow pursuant to sections 86.200 to 86.363, each present and future widow of a member after attaining the age of sixty years shall upon application to the board of trustees, be made, constituted, appointed and employed by the board of trustees as an advisor on the problems of retirement, aging and other matters for the remainder of the widow's life, and upon request of the board of trustees shall give opinions in writing or orally in response to such requests as may be required.

4. For the performance of duties required in subsection 3 of this section, each widow of a member employed as an advisor by the board of trustees shall be compensated monthly in an amount of ten dollars per month multiplied by the number of years the widow is past the age of sixty years. The compensation provided by this subsection shall be adjusted annually.

86.256. 1. In no event shall a member's annual benefit paid under the plan established pursuant to sections 86.200 to 86.363, exceed the [lesser of:

(1) The] amount specified in section 415(b) of the Internal Revenue Code, as adjusted for any applicable increases in the cost of living, as in effect on the last day of the plan year, including any increases after the member's termination

of employment[; or

(2) One hundred percent of the average taxable compensation of the member for the member's high three consecutive calendar years as provided in section 415(b) of the Internal Revenue Code, including any cost-of-living increases after the member's termination of employment].

2. In no event shall the annual additions to the plan established pursuant to sections 86.200 to 86.363, on behalf of the member, including the member's own contributions, exceed the lesser of:

(1) Twenty-five percent of the member's compensation, as defined for purposes of section 415(c) of the Internal Revenue Code; or

(2) Thirty thousand dollars, as adjusted for increases in the cost of living.

3. **Effective for limitation years beginning prior to January 1, 2000**, in no event shall the combined plan limitation of section 415(e) of the Internal Revenue Code be exceeded; provided that, if necessary to avoid exceeding such limitation, the member's annual benefit under the plan established pursuant to sections 86.200 to 86.363, shall be reduced to the extent necessary to satisfy such limitations.

4. For purposes of this section, section 415 of the Internal Revenue Code, including the special rules under section 415(b) applicable to governmental plans and qualified participants in police and fire department plans, is incorporated in this section by reference.

86.260. 1. Upon retirement for ordinary disability a member shall receive a service retirement allowance if the member has attained the age of fifty-five or completed twenty years of service; otherwise the member shall receive an ordinary disability retirement allowance which shall be equal to ninety percent of the member's accrued service retirement in section 86.253, but not less than one-fourth of the member's average final compensation; provided, however, that no such allowance shall exceed ninety percent of the member's accrued service retirement benefit based on continuation of the member's service to the age set out in section 86.250.

2. **Effective October 1, 1999**, the ordinary disability retirement allowance will be increased by [ten] **fifteen** percent of the member's average final compensation for each unmarried dependent child of the disabled member who is under the age of eighteen, or who, regardless of age, is totally and permanently mentally or physically disabled and incapacitated from engaging in gainful occupation sufficient to support himself or herself, but not in excess of a total of three children; provided, however, that the combined benefit shall not exceed [fifty-five] **seventy** percent of such average final compensation.

3. **Any member receiving benefits pursuant to the provisions of this section immediately prior to October 1, 1999, shall upon application to the board of trustees, be made, constituted, appointed and employed by the board of trustees as a special consultant on the problems of retirement, aging and other matters while the member is receiving such benefits, and upon request of the board of trustees shall give opinions in writing or orally in response to such requests as may be required. Beginning October 1, 1999, for such services as may be required, there shall be payable an additional monthly compensation of one hundred dollars or five percent of the member's average final compensation, whichever is greater, for each unmarried dependent child of the member, but not in excess of a total of three children.**

4. Any benefit payable to or for the benefit of a child or children under the age of eighteen years [under] **pursuant to** the provisions of [subsection 2] **subsections 2 and 3** of this section shall continue to be paid beyond the age of eighteen years through the age of twenty-two years in those cases where the child is a full-time student at a regularly accredited college, business school, nursing school, school for technical or vocational training, or university, but such extended benefit shall cease whenever the child ceases to be a student. A college or university shall be deemed to be regularly accredited which maintains membership in good standing in a national or regional accrediting agency recognized by any state college or university.

The board shall provide or contract, or both, for life insurance benefits for employees pursuant to sections 104.320 to 104.540, persons covered by sections 287.812 to 287.855, RSMo, and for employees who are members of the judicial retirement system as provided in section 476.590, RSMo, and at the election of the state highways and transportation commission shall include employees who are members of the state transportation department employees' and highway patrol retirement system as follows:

(1) Employees are entitled to fifteen thousand dollars of life insurance. Such life insurance shall provide for triple indemnity in the event the cause of death is a proximate result of a personal injury or disease arising out of and in the course of actual performance of duty as an employee. Coverage shall be effective on the first day of the month coinciding with or next following the employee's date of membership;

(2) Life insurance benefits shall cease on the date of termination of employment and a conversion of such life insurance benefits shall be available. However, a member eligible to receive a lump sum death benefit as provided in subsection 4 of section 104.515 shall be entitled to convert any amount of terminated life insurance benefit in excess of the benefit provided in said section.

(1) In addition to the life insurance authorized by the provisions of subsection 1 of this section, any person for whom life insurance is provided or contracted for pursuant to such subsection may purchase, at the person's own expense and only if monthly voluntary payroll deductions are authorized, additional life insurance at a cost to be stipulated in a contract with a private insurance company or as may be required by the system if the board of trustees determines that the system should provide such insurance itself. The maximum amount of additional life insurance

which may be so purchased on or after January 1, 1998, is that amount which equals six times the amount of the person's annual compensation, except that if such maximum amount is not evenly divisible by one thousand dollars, then the maximum amount of additional insurance which may be purchased is the next higher amount evenly divisible by one thousand dollars. The selection of a private insurance company to provide this life insurance shall be on the basis of competitive bidding.

(2) Any person defined in subdivision (1) of this subsection retiring on or after September 1, 1988, may retain an amount not to exceed ten thousand dollars of life insurance following the date of his or her retirement if such person makes written application for such life insurance at the same time such person's application is made to the board for retirement benefits. Such life insurance shall only be provided if such person pays the entire cost of the insurance, as determined by the board, by allowing voluntary deductions from the member's monthly retirement benefits.

(3) Effective January 1, 1998, in addition to the life insurance authorized in subsection 1 of this section, any person for whom life insurance is provided or contracted for pursuant to such subsection may purchase, at the person's own expense and only if monthly voluntary payroll deductions are authorized, life insurance covering the person's children or the person's spouse or both the person's children and the person's spouse at coverage amounts to be determined by the board at a cost to be stipulated in a contract with a private insurance company or as may be required by the system if the board of trustees determines that the system should provide such insurance itself."; and

Further amend said bill, Page 1, Section A, Line 2, by inserting after all of said line the following:

"71.012. 1. Notwithstanding the provisions of sections 71.015 and 71.860 to 71.920, the governing body of any city, town[,] or village may annex unincorporated areas which are contiguous and compact to the existing corporate limits of the city, town[,] or village [as provided in] **pursuant to** this section. The term "contiguous and compact" does not include a situation whereby the unincorporated area proposed to be annexed is contiguous to the annexing city, town or village only by a railroad line, trail, pipeline or other strip of real property less than one-quarter mile in width within the city, town or village so that the boundaries of the city, town or village after annexation would leave unincorporated areas between the annexed area and the prior boundaries of the city, town or village connected only by such railroad line, trail, pipeline or other such strip of real property. The term "contiguous and compact" does not prohibit voluntary

annexations [under] **pursuant to** this section merely because such voluntary annexation would create an island of unincorporated area [with] **within** the city, town or village, so long as the owners of the unincorporated island were also given the opportunity to voluntarily annex into the city, town or village. Notwithstanding the provisions of this section, the governing body of any city, town[,] or village in any county of the third classification which borders a county of the fourth classification, a county of the second classification and Mississippi River may annex areas along a road or highway up to two miles from existing boundaries of the city, town or village **or the governing body in any city, town or village in any county of the third classification without a township form of government with a population of least twenty-four thousand inhabitants but not more than thirty thousand inhabitants and such county contains a state correctional center may voluntarily annex such correctional center pursuant to the provisions of this section if the correctional center is along a road or highway within two miles from the existing boundaries of the city, town or village.**

2. (1) When a verified petition, requesting annexation and signed by the owners of all fee interests of record in all tracts of real property located within the area proposed to be annexed, **or a request for annexation signed under the authority of the governing body of any common interest community and approved by a majority vote of unit owners located within the area proposed to be annexed** is presented to the governing body of the city, town[,] or village, the governing body shall hold a public hearing concerning the matter not less than fourteen nor more than sixty days after the petition is received, and the hearing shall be held not less than seven days after notice of the hearing is published in [newspapers of general circulation qualified to publish legal matters] **a newspaper of general circulation qualified to publish legal matters and located within the boundary of the petitioned city, town or village. If no such newspaper exists within the boundary of such city, town or village, then the notice shall be published in the qualified newspaper nearest the petitioned city, town or village.**

For the purposes of this subdivision, the term "common interest community" shall mean a condominium as said term is used in chapter 448, RSMo, or a common interest community, a cooperative, or a planned community.

(a) A "common interest community" shall be defined as real property with respect to which a person, by virtue of such person's ownership of a unit, is obliged to pay for real property taxes, insurance premiums, maintenance or improvement of other real property described in a declaration. "Ownership of a unit" does not include a leasehold interest of less than twenty years in a unit, including renewal options;

(b) A "cooperative" shall be defined as a common interest community in which the real property is owned by an association, each of whose members is entitled by virtue of such member's ownership interest in the association to exclusive possession of a unit;

(c) A "planned community" a common interest community that is not a condominium or a cooperative. A condominium or cooperative may be part of a planned community.

(2) At the public hearing any interested person, corporation or political subdivision may present evidence regarding the proposed annexation. If, after holding the hearing, the governing body of the city, town[,] or village determines that the annexation is reasonable and necessary to the proper development of the city, town[,] or village, and the city, town[,] or village has the ability to furnish normal municipal services to the area to be annexed within a reasonable time, it may, subject to the provisions of subdivision (3) of this subsection, annex the territory by ordinance without further action.

(3) If a written objection to the proposed annexation is filed with the governing body of the city, town[,] or village not later than fourteen days after the public hearing by at least two percent of the qualified voters of the city, town[,] or village, or two qualified voters of the area sought to be annexed if the same contains two qualified voters, the provisions of sections 71.015 and 71.860 to 71.920, shall be followed.

3. If no objection is filed, the city, town[,] or village shall extend its limits by ordinance to include such territory, specifying with accuracy the new boundary lines to which the city's, town's[,] or village's limits are extended. Upon duly enacting such annexation ordinance, the city, town[,] or village shall cause three certified copies of the same to be filed with the clerk of the county wherein the city, town[,] or village is located, and one certified copy to be filed with the election authority, if different from the clerk of the county which has jurisdiction over the area being annexed,

whereupon the annexation shall be complete and final and thereafter all courts of this state shall take judicial notice of the limits of that city, town[,] or village as so extended.

71.015. 1. Should any city, town, or village, not located in any county of the first classification which has adopted a constitutional charter for its own local government, seek to annex an area to which objection is made, the following shall be satisfied:

(1) Before the governing body of any city, town, or village has adopted a resolution to annex any unincorporated area of and, such city, town, or village shall first as a condition precedent determine that the land to be annexed is contiguous to the existing city, town, or village limits and that the length of the contiguous boundary common to the existing city, town, or village limit and the proposed area to be annexed is at least fifteen percent of the length of the perimeter of the area proposed for annexation.

(2) The governing body of any city, town, or village shall propose an ordinance setting forth the following:

(a) The area to be annexed and affirmatively stating that the boundaries comply with the condition precedent referred to in subdivision (1) above;

(b) That such annexation is reasonable and necessary to the proper development of the city, town, or village;

(c) That the city has developed a "plan of intent" to provide services to the area proposed for annexation;

(d) That a public hearing shall be held prior to the adoption of the ordinance;

(e) When the annexation is proposed to be effective, the effective date being up to thirty-six months from the date of any election held in conjunction thereto.

(3) The city, town, or village shall fix a date for a public hearing on the ordinance and make a good faith effort to notify all fee owners of record within the area proposed to be annexed by certified mail, not less than thirty nor more than sixty days before the hearing, and notify all residents of the area by publication of notice in a newspaper of general circulation qualified to publish legal matters in the county or counties where the proposed area is located, at least once a week for three consecutive weeks prior to the hearing, with at least one such notice being not more than twenty days and not less than ten days before the hearing.

(4) At the hearing referred to in subdivision (3), the city, town, or village shall present the "plan of intent" and evidence in support thereof to include:

(a) A list of major services presently provided by the city, town, or village including, but not limited to, police and fire protection, water and sewer systems, street maintenance, parks and recreation, refuse collection, etc.;

(b) A proposed time schedule whereby the city, town, or village plans to provide such services to the residents of the proposed area to be annexed within three years from the date the annexation is to become effective;

(c) The level at which the city, town, or village assesses property and the rate at which it taxes that property;

(d) How the city, town, or village proposes to zone the area to be annexed;

(e) When the proposed annexation shall become effective.

(5) Following the hearing, **and either before or after the election held in subdivision (6) of this subsection**, should the governing body of the city, town, or village vote favorably by ordinance to annex the area, [then before proceeding as otherwise authorized by law or charter for annexation of unincorporated areas,] **the governing body of the city, town or village shall** file an action in the circuit court of the county in which such unincorporated area is situated, under the provisions of chapter 527, RSMo, praying for a declaratory judgment authorizing such annexation. The petition in such action shall state facts showing:

- (a) The area to be annexed and its conformity with the condition precedent referred to in subdivision (1) of this subsection;
- (b) That such annexation is reasonable and necessary to the proper development of the city, town, or village; and
- (c) The ability of the city, town, or village to furnish normal municipal services of the city, town, or village to the unincorporated area within a reasonable time not to exceed three years after the annexation is to become effective. Such action shall be a class action against the inhabitants of such unincorporated area under the provisions of section 507.070, RSMo.

(6) Except as provided in subsection 3 of this section, if the court authorizes the city, town, or village to make an annexation, the legislative body of such city, town, or village shall not have the power to extend the limits of the city, town, or village by such annexation until an election is held at which the proposition for annexation is approved by a majority of the total votes cast in the city, town, or village and by a separate majority of the total votes cast in the unincorporated territory sought to be annexed. However, should less than a majority of the total votes cast in the area proposed to be annexed vote in favor of the proposal, but at least a majority of the total votes cast in the city, town, or village vote in favor of the proposal, then the proposal shall again be voted upon in not more than one hundred twenty days by both the registered voters of the city, town, or village and the registered voters of the area proposed to be annexed. If at least two-thirds of the qualified electors voting thereon are in favor of the annexation, then the city, town, or village may proceed to annex the territory. If the proposal fails to receive the necessary majority, no part of the area sought to be annexed may be the subject of another proposal to annex for a period of two years from the date of the election, except that, during the two-year period, the owners of all fee interests of record in the area or any portion of the area may petition the city, town, or village for the annexation of the land owned by them pursuant to the procedures in section 71.012. The elections shall if authorized be held, except as herein otherwise provided, in accordance with the general state law governing special elections, and the entire cost of the election or elections shall be paid by the city, town, or village proposing to annex the territory.

(7) Failure to comply in providing services to the said area or to zone in compliance with the "plan of intent" within three years after the effective date of the annexation, unless compliance is made unreasonable by an act of God, shall give rise to a cause of action for deannexation which may be filed in the circuit court by any resident of the area who was residing in the area at the time the annexation became effective.

(8) No city, town, or village which has filed an action under this section as this section read prior to May 13, 1980, which action is part of an annexation proceeding pending on May 13, 1980, shall be required to comply with subdivision (5) of this subsection in regard to such annexation proceeding.

(9) If the area proposed for annexation includes a public road or highway but does not include all of the land adjoining such road or highway, then such fee owners of record, of the lands adjoining said highway shall be permitted to intervene in the declaratory judgment action described in subdivision (5) of this subsection.

2. Notwithstanding any provision of subsection 1 of this section, for any annexation by any city with a population of three hundred fifty thousand or more inhabitants which is located in more than one county that becomes effective after August 28, 1994, if such city has not provided water and sewer service to such annexed area within three years of the effective date of the annexation, a cause of action shall lie for deannexation, unless the failure to provide such water and sewer service to the annexed area is made unreasonable by an act of God. The cause of action for deannexation may be filed in the circuit court by any resident of the annexed area who is presently residing in the area at the time of the filing of the suit and was a resident of the annexed area at the time the annexation became effective. If the suit for deannexation is successful, the city shall be liable for all court costs and attorney fees.

3. Notwithstanding the provisions of subdivision (6) of subsection 1 of this section, all cities, towns, and villages located in any county of the first classification with a charter form of government with a population of two hundred thousand or more inhabitants which adjoins a county with a population of nine hundred thousand or more inhabitants shall comply with the provisions of this subsection. If the court authorizes any city, town, or village subject to this subsection to make an annexation, the legislative body of such city, town or village shall not have the power to extend

the limits of such city, town, or village by such annexation until an election is held at which the proposition for annexation is approved by a majority of the total votes cast in such city, town, or village and by a separate majority of the total votes cast in the unincorporated territory sought to be annexed; except that:

(1) In the case of a proposed annexation in any area which is contiguous to the existing city, town or village and which is within an area designated as flood plain by the Federal Emergency Management Agency and which is inhabited by no more than thirty registered voters and for which a final declaratory judgment has been granted prior to January 1, 1993, approving such annexation and where notarized affidavits expressing approval of the proposed annexation are obtained from a majority of the registered voters residing in the area to be annexed, the area may be annexed by an ordinance duly enacted by the governing body and no elections shall be required; and

(2) In the case of a proposed annexation of unincorporated territory in which no qualified electors reside, if at least a majority of the qualified electors voting on the proposition are in favor of the annexation, the city, town or village may proceed to annex the territory and no subsequent election shall be required. If the proposal fails to receive the necessary separate majorities, no part of the area sought to be annexed may be the subject of any other proposal to annex for a period of two years from the date of such election, except that, during the two-year period, the owners of all fee interests of record in the area or any portion of the area may petition the city, town, or village for the annexation of the land owned by them pursuant to the procedures in section 71.012. The election shall, if authorized, be held, except as otherwise provided in this section, in accordance with the general state laws governing special elections, and the entire cost of the election or elections shall be paid by the city, town, or village proposing to annex the territory. Failure of the city, town or village to comply in providing services to the area or to zone in compliance with the "plan of intent" within three years after the effective date of the annexation, unless compliance is made unreasonable by an act of God, shall give rise to a cause of action for deannexation which may be filed in the circuit court by any resident of the area who was residing in such area at the time the annexation became effective or by any nonresident owner of real property in such area."; and

Further amend said bill, Page 2, Section 71.270, Line 29, by inserting after all of said line the following:

percent of the number of votes cast for governor in the last gubernatorial election in the total combined area affected by the boundary change proposal. 72.402. The commission shall enact and adopt all rules, regulations and procedures that are reasonably necessary to achieve the objectives of sections 72.400 to [72.420] **72.422 and section 1 of this act** no sooner than twenty-seven calendar days after notifying all municipalities and the county of the proposed rule, regulation or procedure enactment or change. Notice may be given by ordinary mail or by publishing in at least one newspaper of general circulation qualified to publish legal notices. No new or amended rule, regulation or procedure shall apply retroactively to any boundary change **or unincorporated area proposal** pending before the commission.

72.403. 1. The commission shall review all proposed boundary changes of any area wholly or partially within the county. [Such review] **After the effective date of this act, no boundary change or unincorporated area proposal shall be submitted to or considered by the commission until April 15, 2001, except for consolidations. Any boundary change or unincorporated area proposal pending before the commission on the effective date of this act shall be suspended on the effective date of this act and shall be further considered after April 15, 2001, only if such proposal is reflected in a map plan submitted to the commission pursuant to section 1 of this act. Review** shall begin no later than thirty days after the plan of intent for the boundary change has been submitted to the commission by the proposing agent or thirty days after [the commission is established] **April 15, 2001**, for [those] boundary changes **or unincorporated area proposals** which are pending on the **effective** date [on which the commission is established] **of this act**. The plan of intent shall address the criteria set forth in subsection 3 of this section. For the purposes of this subsection, the term "pending" means any proposal submitted to the commission which has not yet been [voted on by] **approved by the commission as a simplified annexation or approved for submission to** the qualified voters of the voting jurisdictions. No simplified boundary change involving territory already described in an annexation resolution or incorporation petition filed with the commission shall occur unless the annexation or incorporation proposal has been disapproved by the commission or defeated by voters. If more than one proposed change is received from the same proposing agency, the review of each additional proposed change shall begin not later than thirty days after the date that review was commenced for the next preceding proposed change or thirty days after receipt of the proposed changes were received by the commission; except that, if more than one proposed change is received by the commission from the same proposing agency on the same date, the commission may establish the order of review.

2. When a boundary change proposal has been submitted to the commission, the commission shall, within twenty-one days of receipt of such proposal, publish notice of such proposal and the date of the public hearing thereon in at least one newspaper of general circulation qualified to publish legal notices. Within twenty-one days of receipt of such proposal, the commission shall also mail written notification of such proposal and public hearing date to the county clerk, and to the city or village clerk of each municipality or village, and to any other political subdivision which, in

the opinion of the commission, is materially affected by the proposal. The costs of publication and notification shall be borne by the proposing agent. The commission shall hold such public hearing concerning the proposal not less than fourteen nor more than sixty days after such publication and notification are complete. At such public hearing, **the county, the proposing agent and affected municipalities shall be parties, and** any **other** interested person, corporation, or political subdivision may **also** present evidence regarding the proposed boundary change. A boundary change proposal which has been disapproved by the commission and which is resubmitted with changes to the commission shall be subject to the public hearing requirement of this section, unless the commission determines that a public hearing on the resubmitted proposal is not necessary to achieve the objectives of sections 72.400 to [72.420] **72.422 and section 1 of this act.**

3. In reviewing any proposed boundary change, the commission shall approve such proposal if it finds that the boundary change will be in the best interest of the municipality or municipalities and unincorporated territories affected by the proposal and the areas of the county next to such proposed boundary. In making its determination, the commission shall consider the following factors:

(1) The impact, including but not limited to the impact on the tax base or on the ability to raise revenue, of such proposal on:

- (a) The area subject to the proposed boundary change and its residents;
- (b) The existing municipality or municipalities, if any, proposing the boundary change and the residents thereof;
- (c) Adjoining areas not involved in the boundary change and the residents thereof; and
- (d) The entire geographic area of the county and its residents;

(2) A legal description of the area to be annexed, incorporated, consolidated, [disincorporated,] or subject to the transfer of jurisdiction;

(3) The [ability to accommodate the orderly incorporation] **creation of logical and reasonable municipal boundaries** in the county, [including its] **and for such purpose the commission shall have the** ability to make additions, deletions and modifications which address legal boundaries, technical or service delivery problems or boundaries which overlap those of other proposals; however, such additions, deletions and modifications shall not make [substantive] **substantial** changes to any proposed boundary petition;

(4) The present level of major services provided by the municipality or other provider, provided to the unincorporated area by the county, and proposed to be provided by the annexing municipality or municipality to be incorporated or consolidated, including, but not limited to, police protection, fire protection, water and sewer systems, street maintenance, utility agreements, parks, recreation, and refuse collections;

(5) A proposed time schedule whereby the municipality or proposed municipality plans to provide such services to the residents of the area to be annexed, incorporated or consolidated within three years from the date the municipal boundary change is to become effective;

(6) The current tax rates of the areas subject to the proposal;

(7) What sources of revenue other than property tax are collected or are proposed to be collected by the municipality or proposed municipality;

(8) The extraordinary effect the boundary change will have on the distribution of tax resources in the county;

(9) How the municipality or proposed municipality proposes to zone any area not presently incorporated;

(10) The compactness of the area subject to such proposal;

(11) When the proposed boundary change shall become effective.

4. The provisions of section 71.910, RSMo, shall not apply to a proposing agent proceeding before the commission.

5. Nothing in sections 72.400 to [72.420] **72.422 and section 1 of this act** shall be construed to prevent the boundary commission or its staff from advising proposing agents on issues related to proposals. The commission may meet informally, subject to the requirements of chapter 610, RSMo, with the representatives of municipalities, other government entities or county residents with regard to future boundary changes.

72.405. 1. For any proposed boundary change submitted after August 28, 1995, the commission shall issue a finding approving or disapproving such proposals within nine months after such submittal, **except that final action may be deferred on part or all of a boundary change proposal when necessary to accommodate an overlapping boundary change or unincorporated area proposal as more particularly provided in subsection 10 of this section.** If the commission finds in favor of a proposed boundary change, it shall submit the question to the voters residing within the areas subject to the proposed boundary change, except as provided in subsection 6 of this section.

2. If a boundary change is proposed by a municipality or the county and if the commission finds against the proposed boundary change submitted by a municipality or the county, it shall disapprove the boundary change proposal. In disapproving any boundary change proposal, the commission shall issue a document indicating the reasons such proposal was disapproved. No election shall be held on any such proposal not approved by the commission.

3. If the boundary change is **an incorporation** proposed pursuant to a petition, the commission may make such changes in the proposal as it finds would result in an acceptable proposal, such changes to include but not be limited to additions, deletions or the modification of a proposal which contains boundaries which overlap those boundaries contained in any other proposal. After submittal, the commission may allow the proposing agent to make minor additions, deletions or modifications which do not substantially alter the proposal. When reviewing more than one boundary change proposal made by petition, the commission may consolidate two or more unincorporated areas into one proposed boundary change. Any changes made by the commission shall meet the criteria established in section 72.403.

4. Where a proposal submitted by a municipality, the county or by a petition, contains more than two voting jurisdictions, the commission may provide for approval of a boundary change comprising only those municipalities **and unincorporated area** where a majority of voters approve the boundary change [and unincorporated area] if the resulting municipality would meet the criteria established in section 72.403.

5. If a boundary change is proposed by a municipality or the county and the commission determines that there is a minor error or discrepancy in the legal descriptions of the areas subject to the proposal as submitted by the municipality or county, then the commission with the concurrence of the proposing agent may make such changes to the proposal as are necessary to rectify the error in the legal description.

6. A simplified boundary change may be proposed by:

(1) A verified petition signed by seventy-five percent of the registered voters within the area proposed to be annexed **which is predominately residential in character and has an average residential density of not less than one dwelling per three acres** which is filed by the annexing municipality; or

(2) [A proposal] **Two municipalities** for a transfer of jurisdiction between [municipalities or] **them or a municipality and the county for a transfer of jurisdiction** between a municipality and the county. Within twenty-one days of receipt of a proposal under this subsection, the commission shall publish notice of such proposal and the date of the public hearing thereon in at least one newspaper of general circulation qualified to publish legal notices. The commission shall, within twenty-one days of receipt of such proposal, mail written notification of such proposal and the date of the public hearing thereon to the county clerk, and to the city or village clerk of each municipality or village, and to any other political subdivision which, in the opinion of the commission, is materially affected by such proposal. The commission shall hold a public hearing concerning the matter not less than fourteen nor more than sixty days after such publication and notification is complete. At the public hearing any interested person, corporation or

political subdivision may present evidence regarding the proposed boundary change. Within four months of receipt of the proposal, the commission shall determine whether to disapprove the proposal, or to approve the proposal and allow it to proceed as an approved boundary change to be adopted or rejected by the voters pursuant to section 72.407 [or 72.410], or to approve the proposal as a simplified boundary change, for which no vote shall be required, **except that final action may be deferred on part or all of a simplified boundary change proposal when necessary to accommodate an overlapping boundary change or unincorporated area proposal as more particularly provided in subsection 10 of this section.** In making its determination, the commission shall consider the factors set forth in subsection 3 of section 72.403. If the commission determines that the proposal should be approved as a simplified boundary change, such proposal shall become effective upon the date set forth in the commission's written report of approval.

7. A municipality which wishes to propose a boundary change containing two or more unincorporated areas that are noncontiguous to each other shall submit separate proposals for the unincorporated areas that are noncontiguous to each other, in which case there shall be a separate vote for each proposal approved by the commission. The municipality may:

(1) Adopt and submit separate ordinances for each such separate proposal; or

(2) Adopt and submit one ordinance containing said separate proposals, which ordinance shall clearly state that the municipality is making multiple, separate proposals, and is desirous of separate votes for each separate proposal. The ordinance shall also clearly identify each separate proposal that the municipality is making.

8. The commission shall not approve any boundary change proposal in which more than fifty percent of the combined land subject to the proposal is unincorporated territory or territories unless the area subject to the proposal has a population of more than ten thousand persons.

9. A proposing agent may modify its proposal and submit additional information during the review period.

10. The commission may defer final action on part or all of a boundary change proposal or proposal for an established unincorporated area beyond the periods provided for their consideration in order to allow an election with respect to an overlapping boundary change or unincorporated area proposal in order to maximize the ability of voters to determine their own status. Such deferral may be ordered only when the proposal granted such priority is filed with the commission no later than sixty days after the proposal on which action will be deferred and only when the commission determines that the population of the overlapping area is a greater proportion of the proposal given priority than of the proposal on which action is deferred. The commission shall take final action on the deferred proposal within forty-five days of the election at which the proposal granted priority is decided. The proposing agent may modify the proposal in accordance with the results of the election.

72.407. 1. Boundary changes may be adopted by the voters in the following manner:

(1) If the commission approves a proposed boundary change containing more than one municipality and no unincorporated areas, such proposal shall be adopted if a separate majority of the votes cast on the question in each municipality are in favor of the boundary change, except as provided in subsection 4 of section 72.405;

(2) If the commission approves a proposed boundary change containing one or more municipalities and at least one unincorporated area, such proposal shall be adopted if a separate majority of the votes cast on the question in each municipality and a separate majority of votes cast in each voting jurisdiction comprising unincorporated areas of the county are in favor of the boundary change, except as provided in subsection 4 of section 72.405. If a voting jurisdiction comprising unincorporated areas of the county has no residents or if no votes are cast for or against the boundary change, such boundary change shall become effective if a majority of the votes cast in all other voting jurisdictions and municipalities are in favor of the boundary change. [On or after January 1, 1996,] If the commission approves a proposed boundary change containing one or more municipalities and at least one unincorporated area which is classified as an unincorporated pocket, such proposal shall be adopted if a separate majority of the votes cast on the question in each municipality and a majority of votes cast in the whole municipality which would result from

the boundary change are in favor of the boundary change, except as provided in subsection 4 of section 72.405. As used in this subdivision, the term "unincorporated pocket" means an unincorporated territory with an average residential density in excess of one dwelling per three acres, [and] which has a population of no more than [two thousand] five hundred [and], which is accessible by public or private roadway only from incorporated jurisdictions and/or another county, **and which the commission has determined presents practical difficulties for service by the county by reason of its isolation.**

2. Any election held pursuant to sections 72.400 to [72.420] **72.422 and section 1 of this act** shall be held on a date established by the commission in accordance with the provisions of chapter 115, RSMo. If the proposing agent is a petitioner or the governing body of the county, all costs of the election shall be paid by the county. If the proposing agent is the governing body of any municipality, the cost of such election in each municipality shall be paid by each municipality and if the proposal contains any unincorporated territory the cost of the election in the unincorporated territory shall be paid by the county.

3. Questions concerning the annexation of an area covered by sections 72.400 to [72.418] **72.422 and section 1 of this act** and the incorporation of the same area shall not be put to the voters at the same election. Any such election where the questions of annexation and incorporation have been put to the voters shall be void in the area covered by both propositions. This subsection shall not affect the results of that election in areas where both questions were not put to the voters at the same time. When boundary change proposals for annexation and for incorporation cover the same area, the proposal for annexation shall be put to the voters first.

72.408. 1. If a boundary change is disapproved by the voters, no boundary change which contains more than sixty percent of the area of the disapproved boundary change shall be submitted to or processed by the commission any sooner than two years after the date of the disapproved boundary change.

2. Every petition shall be presented to the commission within two hundred eighty days following the date on which the first signature was affixed to the petition, or any part thereof, **except that the period of time from the effective date of this act to April 15, 2001, shall be excluded.** Failure to present a petition within the foregoing time period shall render the petition absolutely void.

72.409. 1. If a proposed boundary change is approved by the voters, such proposal shall be effective six months following the date of the election or the date specified in such proposal, whichever date is later. Immediately following the certification of the election, the commission shall establish a committee to determine the details of the transition. The governing body of each affected municipality shall select two members and the governing body of the county in which each unincorporated territory is situated shall select two members from the affected unincorporated territory to meet with similar members appointed from other affected municipalities and the unincorporated territory. The committee shall disband no later than the date the boundary change becomes effective. The governing body of the county may delay declaring a newly incorporated municipality for a period not to exceed six months at the request of the boundary commission to provide for an orderly transition from unincorporated to incorporated status.

2. If a conflict shall exist between the provisions of sections 72.400 to [72.420] **72.422 and section 1 of this act** and the orders, ordinances or charters of any statutory or charter cities affected by sections 72.400 to [72.420] **72.422 and section 1 of this act**, the provisions of sections [72.405 to 72.409] **72.400 to 72.422** shall prevail.

3. If a boundary change involves an annexation, failure of the proposing agent to provide services to the area being annexed or to zone in compliance with the "Plan of Intent" required of the proposing agent within three years of the boundary change becoming effective, unless compliance is made unreasonable, shall give rise to a cause of action for deannexation which may be filed in the circuit court by any resident who was residing in the area at the time the boundary change became effective.

[72.410. If a boundary change is proposed by petition of seventy-five percent of the residential property owners of all fee interests of record in all tracts of real property located within the area proposed, then any election ordered pursuant to subdivision (2) of subsection 6 of section 72.405 shall be conducted in the petitioning area and the receiving municipality.]

72.412. 1. The commission, once established, shall not be a county commission but shall act as an independent commission. The commission may hire such staff and acquire such facilities as it finds necessary to carry out its duties.

2. The commission shall submit a budget requesting the funds necessary to carry out its duties pursuant to sections 72.400 to [72.418] **72.422 and section 1 of this act**. The county shall appropriate and provide a reasonable and necessary level of funding for the commission to carry out its statutory duties. In addition, the county shall upon request provide petitioners with such available information as may be necessary to develop a plan of intent. Funding must provide for at least one professional staff person, one attorney or the equivalent funds for legal services, and clerical support for the professional staff and attorney. All salary levels shall be based upon the personnel system in use for county employees.

3. The commission shall [report annually upon proposals for legislation dealing with joint service arrangements, contracting for services, revenue sharing, and other issues affecting local government in the county. The commission shall make such report available to the municipalities in the county, to the county government, and to all other interested persons] **provide by rule for an application fee for municipal annexations in the amount of one dollar per resident of the proposed annexation area to defray the commission's cost of processing and reviewing proposals.**

72.416. **The county, an interested municipality, or any other interested party may bring an appropriate civil action against the commission regarding a proposed boundary change, unincorporated area proposal, or other commission action or failure to act.** In any civil action brought against the commission regarding a proposed boundary change, if the commission prevails in the action, the court may require the party who initiated the action to pay to the commission the reasonable costs incurred by the commission in opposing such action, including attorney's fees.

72.418. 1. Notwithstanding any other provision of law to the contrary, no new city created pursuant to sections 72.400 to 72.418 shall establish a municipal fire department to provide fire protection services, including emergency medical services, if such city formerly consisted of unincorporated areas in the county or municipalities in the county, or both, which are provided fire protection services and emergency medical services by one or more fire protection districts. Such fire protection districts shall continue to provide services to the area comprising the new city and may levy and collect taxes the same as such districts had prior to the creation of such new city.

2. Fire protection districts serving the area included within any annexation by a city having a fire department, including simplified boundary changes, shall continue to provide fire protection services, including emergency medical services to such area. The annexing city shall pay annually to the fire protection district an amount equal to that which the fire protection district would have levied on all taxable property within the annexed area. Such annexed area shall not be subject to taxation for any purpose thereafter by the fire protection district except for bonded indebtedness by the fire protection district which existed prior to the annexation. The amount to be paid annually by the municipality to the fire protection district pursuant hereto shall be a sum equal to the annual assessed value multiplied by the annual tax rate as certified by the fire protection district to the municipality, including any portion of the tax created for emergency medical service provided by the district, per one hundred dollars of assessed value in such area. The tax rate so computed shall include any tax on bonded indebtedness incurred subsequent to such annexation, but shall not include any portion of the tax rate for bonded indebtedness incurred prior to such annexation. Notwithstanding any other provision of law to the contrary, the residents of an area annexed on or after May 26, 1994, may vote in all fire protection district elections and may be elected to the fire protection district board of directors.

3. The fire protection district may approve or reject any proposal for the provision of fire protection and emergency medical services by a city.

[4. Notwithstanding the provisions of section 72.401 to the contrary, this section shall not expire on December 31, 2002.]

72.422. 1. Notwithstanding any other provision of sections 72.400 to 72.420, residents of an unincorporated area of a county may remain unincorporated and not subject to any boundary change as provided by sections 72.400 to 72.420 if the following are satisfied:

(1) [A person presents to] **The county petitions** the boundary commission [a petition signed by a number of registered voters equal to not less than fifteen percent of the number of votes cast for governor in the last gubernatorial election in the unincorporated area];

(2) A legal description of the unincorporated area accompanies the petition. If there is a minor error or discrepancy in the legal description of the unincorporated area, the commission, with the concurrence of the [proponents of the petition] **county**, may make such changes to the proposal as are necessary to rectify the error in the legal description;

(3) The unincorporated area **either** contains a population of not less than two thousand five hundred[; and

(4) Within thirty days of the filing of the petition, the commission shall make a determination whether the area described in the petition can be reasonably served.

2. Not later than thirty days after the receipt of the items set forth in subdivisions (1) to (4) of subsection 1 of this section, the commission upon finding that the proposal satisfies the criteria of subdivisions (1) to (4) of subsection 1 of this section shall submit the proposal to the voters within the described unincorporated area for voter approval or disapproval.] **or is contiguous with an existing established unincorporated area;**

(4) A plan of intent accompanies the petition addressing the issues to be considered by the commission.

2. When an unincorporated area proposal has been submitted to the commission, the commission shall, within twenty-one days of receipt of such proposal, publish notice of such proposal and the date of the public hearing thereon in at least one newspaper of general circulation qualified to publish legal notices. Within twenty-one days of receipt of such proposal, the commission shall also mail written notification of such proposal and public hearing date to the county clerk, and to the city or village clerk of each neighboring municipality or village, and to any other political subdivision which, in the opinion of the commission, is materially affected by the proposal. The costs of publication and notification shall be borne by the county. The commission shall hold such public hearing concerning the proposal not less than fourteen nor more than sixty days after such publication and notification are complete. At such public hearing, the county and any municipality with an overlapping map plan shall be parties, and any other interested person, corporation, or political subdivision may also present evidence regarding the unincorporated area proposal. An unincorporated area proposal which has been disapproved by the commission and which is resubmitted with changes to the commission shall be subject to the public hearing requirement of this section, unless the commission determines that a public hearing on the resubmitted proposal is not necessary to achieve the objectives of this section. The commission shall issue findings approving or disapproving such proposal within nine months after submittal, except that final action may be deferred on part or all of an unincorporated proposal when necessary to accommodate an overlapping boundary change proposal as more particularly provided in subsection 10 of section 72.405. The proposal shall be submitted at the next general or special election in accordance with the provisions of chapter 115, RSMo. The cost of the election shall be paid by the county. If the proposal is approved by the voters then the area shall be an established unincorporated area and shall remain unincorporated territory for a period of five years from the date of the vote and shall not be subject to any boundary change provided for in sections 72.400 to 72.420.

3. [A petition submitted pursuant to this section and in accordance with the provisions of chapter 115, RSMo, shall take precedence over any other boundary change proposal which includes any territory within the unincorporated area described in the petition submitted pursuant to this section. No boundary change proposal which includes any territory within an unincorporated area described in a petition submitted pursuant to this section shall be approved or submitted to the voters until the unincorporated proposal is voted upon] **In reviewing any proposed unincorporated area proposal, the commission shall approve such proposal if it finds that continued provision of local services to the area by the county will not impose an unreasonable burden on county government and that such designation is in the best interest of the unincorporated territories affected by the proposal and the areas of the county next to**

such area. In making its determination, the commission shall consider the following factors:

(1) The impact, including but not limited to the impact on the tax base or on the ability to raise revenue, of such proposal on:

(a) The area subject to the proposed established unincorporated area and its residents;

(b) Adjoining areas not involved in the proposed established area and the residents thereof; and

(c) The entire geographic area of the county and its residents;

(2) A legal description of the unincorporated area;

(3) The creation of logical and reasonable municipal boundaries in the county, and for such purpose the commission shall have the ability to make additions, deletions and modifications which address legal boundaries, technical or service delivery problems or boundaries which overlap those of other proposals; however, such additions, deletions and modifications shall not make substantial changes to any proposed unincorporated area proposal;

(4) Whether approval of the unincorporated area proposal will result in unreasonable difficulty in provision of services by the county;

(5) The effect approval of the established unincorporated area will have on the distribution of tax resources in the county;

(6) The compactness of the area subject to such proposal.

4. [If the commission fails to comply with the provisions of this section, the proponents of the petition may file a mandamus action or other appropriate action to compel compliance with the ministerial duties set out in this section] **After approval by the voters of an unincorporated area proposal, no boundary change affecting any part of such area shall be proposed to the commission until expiration of the area's status as an established unincorporated area, but map plans affecting the area may be filed during the planning period pursuant to section 1 of this act. If no map plan of a boundary change proposal with respect to an established unincorporated area has been submitted during the most recent planning period pursuant to section 1 of this act, the commission shall commence review of the circumstances of such established unincorporated area six months prior to its expiration, and shall submit reauthorization of such unincorporated area to the voters if the commission determines that its circumstances have not materially changed since it was approved.**

321.322. 1. If any property located within the boundaries of a fire protection district shall be included within a city having a population of at least two thousand five hundred but not more than [forty] **fifty** thousand which is not wholly within the fire protection district and which maintains a city fire department, then upon the date of actual inclusion of the property within the city, as determined by the annexation process, the city shall within sixty days assume by contract with the fire protection district all responsibility for payment in a lump sum or in installments an amount mutually agreed upon by the fire protection district and the city for the city to cover all obligations of the fire protection district to the area included within the city, and thereupon the fire protection district shall convey to the city the title, free and clear of all liens or encumbrances of any kind or nature, any such tangible real and personal property of the fire protection district as may be agreed upon, which is located within the part of the fire protection district located within the corporate limits of the city with full power in the city to use and dispose of such tangible real and personal property as the city deems best in the public interest, and the fire protection district shall no longer levy and collect any tax upon the property included within the corporate limits of the city; except that, if the city and the fire protection district cannot mutually agree to such an arrangement, then the city shall assume responsibility for fire protection in the annexed area on or before January first of the third calendar year following the actual inclusion of the property within the city, as determined by the annexation process, and furthermore the fire protection district shall not levy and collect any tax upon that property included within the corporate limits of the city after the date of inclusion of that property:

- (1) On or before January first of the second calendar year occurring after the date on which the property was included within the city, the city shall pay to the fire protection district a fee equal to the amount of revenue which would have been generated during the previous calendar year by the fire protection district tax on the property in the area annexed which was formerly a part of the fire protection district;
- (2) On or before January first of the third calendar year occurring after the date on which the property was included within the city, the city shall pay to the fire protection district a fee equal to four-fifths of the amount of revenue which would have been generated during the previous calendar year by the fire protection district tax on the property in the area annexed which was formerly a part of the fire protection district;
- (3) On or before January first of the fourth calendar year occurring after the date on which the property was included within the city, the city shall pay to the fire protection district a fee equal to three-fifths of the amount of revenue which would have been generated during the previous calendar year by the fire protection district tax on the property in the area annexed which was formerly a part of the fire protection district;
- (4) On or before January first of the fifth calendar year occurring after the date on which the property was included within the city, the city shall pay to the fire protection district a fee equal to two-fifths of the amount of revenue which would have been generated during the previous calendar year by the fire protection district tax on the property in the area annexed which was formerly a part of the fire protection district; and
- (5) On or before January first of the sixth calendar year occurring after the date on which the property was included within the city, the city shall pay to the fire protection district a fee equal to one-fifth of the amount of revenue which would have been generated during the previous calendar year by the fire protection district tax on the property in the area annexed which was formerly a part of the fire protection district. Nothing contained in this section shall prohibit the ability of a city to negotiate contracts with a fire protection district for mutually agreeable services. This section shall also apply to those fire protection districts and cities which have not reached agreement on overlapping boundaries previous to August 28, 1990. Such fire protection districts and cities shall be treated as though inclusion of the annexed area took place on December thirty-first immediately following August 28, 1990.

2. Any property excluded from a fire protection district by reason of subsection 1 of this section shall be subject to the provisions of section 321.330.

3. The provisions of this section shall not apply in any county of the first class having a charter form of government and having a population of over nine hundred thousand inhabitants.

Section 1. 1. In any county in which a boundary commission has been established pursuant to section 72.400, RSMo, all boundary changes and unincorporated area proposals shall be subject to the five-year planning cycle mandated in this section. No municipality nor other person shall file, nor shall the commission accept or review, any boundary change or unincorporated area proposal which has not previously been submitted to the commission for map plan review and comment as provided in this section, except that consolidations of municipalities and transfers of jurisdiction may be sought at any time without prior submission for map plan review and comment as provided in this section.

2. Between January 1, 2000 and July 1, 2000, and between January 1 and July 1 of each sixth year thereafter, each municipality, the county, and any citizen group may present general maps of proposed boundary changes and proposed established unincorporated areas to the commission for map plan review. Proposed incorporations and unincorporated areas, if not submitted by the county, shall be submitted by petition of no less than five percent of the registered voters within the proposed area. Boundary change and unincorporated area maps shall not be accompanied by a plan of intent, but shall be depicted with sufficient detail and accuracy to permit review and comment.

3. Between August 1 and December 31, 2000, and each sixth year thereafter, the commission shall solicit written comments on all boundary change and established unincorporated area map plans and shall hold informational public hearings in or near the affected areas, at which the county, any municipality, or other interested person

shall be heard. The commission may encourage negotiation between parties involved in competing map plans. Map plans may be amended by the submitting parties until April 15 of the year following map plan submission based on negotiation or based on the hearings or other comments, but no such amendment shall enlarge the boundary change or unincorporated area map plan beyond the area originally submitted, except for minor technical amendments necessary to address boundary issues.

4. The commission may by April 1 of the year following map plan submission issue written comments regarding each boundary change and unincorporated area map plan to notify proponents of the merits or demerits of such map plan based on planning and public policy considerations. The map plan as submitted or as amended by April 15 shall remain on file with the commission, and shall be the limit of permissible boundary changes and unincorporated area proposals as provided in subsection 1 of this section.

5. Proposals shall be submitted to the commission no later than July 1 of the third year following conclusion of map plan review. Any proposal which has not been approved by the commission by January 1 of the next review period year as provided in subsection 2 shall expire without further action.

Section 2. 1. Neither this state nor any county or other political subdivision of this state shall enter into any contract or arrangement or expend any general revenue or special revenue funds for the examination of a taxpayer's books and records if any part of the compensation paid or payable for the services of the person, firm or corporation conducting the examination is contingent upon or otherwise related to the amount of tax, interest, court cost or penalty assessed against or collected from the taxpayer. A contract or arrangement in violation of this section, if made or entered into after the effective date of this act, is void and unenforceable. Any assessment or preliminary assessment of taxes, penalties or interest proposed or asserted by a person, firm or corporation compensated pursuant to any such contract or arrangement shall likewise be null and void. Any contract or arrangement, if made or entered into after the effective date of this section, in which the person, firm or corporation conducting the examination agrees or has an understanding with the taxing authority that all or part of the compensation paid or payable will be waived or otherwise not paid if there is no assessment or no collection of tax or if less than a certain amount is assessed or collected is void and unenforceable.

2. For the purposes of this section the word "tax" shall mean any tax, license, fee or other charge payable to the state of Missouri, any agency thereof, county or any agency thereof, or other political subdivision or any agency thereof, including but not limited to, income, franchise, sales and use, property, business license, gross receipts or any other taxes payable by the taxpayer on account of its activities or property in, or income, sales, gross receipts or the like derived from sources within, the state, county or political subdivision.

3. The provisions of this section shall not be construed to prohibit or restrict this state or a county or other political subdivision of this state from entering into contracts or arrangements for the collection of any tax, interest, court cost or penalty when the person, firm or corporation making such assessment or collection has no authority to determine the amount of tax, interest, court cost or penalty owed this state or a county or other political subdivision of this state without approval of the entity.

Section B. Because of the immediate need for clarification and correction of boundary change procedures, the repeal of section 72.410 and the repeal and reenactment of sections 72.400, 72.401, 72.402, 72.403, 72.405, 72.407, 72.408, 72.409, 72.412, 72.416, 72.418 and 72.422 and the enactment of section 1, is deemed necessary for the immediate preservation of the public health, welfare, peace and safety, and the repeal of section 72.410 and the repeal and reenactment of sections 72.400, 72.401, 72.402, 72.403, 72.405, 72.407, 72.408, 72.409, 72.412, 72.416, 72.418 and 72.422 and the enactment of section 1, is hereby declared to be an emergency act within the meaning of the constitution, and this act shall be in full force and effect upon its passage and approval."; and

Further amend the title and enacting clause accordingly.

Senator Klarich moved that the above amendment be adopted.

Senator Jacob raised the point of order that SA 1 is out of order as it goes beyond the scope of the bill.

The point of order was referred to the President Pro Tem, who ruled it well taken.

Senator Bentley offered **SA 2**:

SENATE AMENDMENT NO. 2

Amend Senate Committee Substitute for House Bill No. 779, Page 1, Section In the Title, Lines 2-3, by striking the words "vacation of certain streets and easements" and inserting in lieu thereof the words "property of cities"; and

Further amend said bill, Page 2, Section 71.270, Line 29, by inserting after all of said line the following:

"88.812. In all third class cities, fourth class cities, towns and villages, and all cities having a constitutional charter or a special charter **except a constitutional charter city with a population over one hundred and thirty-five thousand located in a county of the first classification without a charter form of government**, the assessments made for constructing and repairing sidewalks and sidewalk curbing, and for sewers, and for grading, paving, excavating, macadamizing, curbing and guttering of any street, avenue, alley, square, or other highway, or part thereof, and repairing the same, or for any other improvement authorized by sections 88.497 to 88.663, and sections 88.667 to 88.773, and sections 80.090 to 80.560, RSMo, and sections 88.777 to 88.797, and sections 88.811 to 88.861, shall be known as "special assessments for improvements", and shall be levied and collected as a special tax, and a special tax bill shall issue therefor and be paid in the manner provided by ordinance. The legislative body of such city, town or village shall cause plans and specifications for all projects, together with an estimate of the total cost for the projects, including construction, construction contingency and fees and other expenses, and an estimate of the portion of the total cost to be assessed against each property to be benefited by the project, to be prepared by the city engineer or other proper officer, and filed with the clerk of such city, town or village, subject to the inspection of the public, and shall cause notice thereof to be published in some newspaper printed in the county for two consecutive insertions in a weekly paper, and for seven consecutive insertions in a daily paper. A public hearing shall be had before such legislative body upon the request of three or more citizens of such city, town or village, at which hearing citizens may express their assent or objection to such project. 6. The director of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credited to any county for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such counties. If any county abolishes the tax, the county shall notify the director of revenue of the action at least ninety days prior to the effective date of the repeal and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such county, the director of revenue shall remit the balance in the account to the county and close the account of that county. The director of revenue shall notify each county of each instance of any amount refunded or any check redeemed from receipts due the county.

7. The general assembly may appropriate moneys annually from the Missouri alternatives to abortion support fund to the department of revenue to offset costs incurred for collecting and transferring contributions pursuant to this section.

8. The director of revenue shall promulgate all necessary rules and regulations for the enforcement of this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 1999, shall be invalid and void.

Section 8. 1. There is hereby established in the state treasury the "Missouri Alternatives to Abortion Support Fund". The state treasurer shall credit to and deposit in such fund all moneys which may be required by law to be credited to or deposited in such fund, all moneys which may be appropriated to it by the general assembly, other amounts which may be received from general revenue, grants, gifts, bequests or from federal, state or local sources, and any other sources granted or given for this specific purpose.

2. The state treasurer shall invest moneys in the Missouri alternatives to abortion support fund in the same manner as surplus state funds are invested pursuant to section 30.260, RSMo. All earnings which result from the investment of moneys in the Missouri alternatives to abortion support fund shall be credited to such fund.

3. The provisions of section 33.080, RSMo, requiring all unexpended balances remaining in various state funds to be transferred and placed to the credit of the general revenue fund of this state at the end of each biennium, shall not apply to the Missouri alternatives to abortion support fund.

4. The administration of the Missouri alternatives to abortion support fund, including but not limited to the disbursement of moneys from such fund, shall be as prescribed by the Missouri respect life commission in its rules. Moneys credited to and deposited in the fund shall only be used by the commission for the purposes authorized pursuant to this section or as otherwise provided by law.

5. Until the amount in the Missouri alternatives to abortion support fund exceeds one million dollars, not more than one-half of the money credited to and deposited in the fund from all sources, plus all earnings from the investment of moneys in the fund credited to the fund during the previous fiscal year, shall be available for disbursement by the Missouri respect life commission pursuant to this section. When the state treasurer certifies that the assets in the fund exceed one million dollars, from that time on all credited earnings plus all future credits to and deposits in the fund from all sources shall be available for disbursement by the commission within the limits of appropriations and for the purposes of this section. The general assembly may appropriate moneys annually from the Missouri alternatives to abortion support fund to the office of administration to pay the expenses incurred by the office of administration for budgetary, procurement, accounting and other related management functions performed by it relating to the Missouri respect life commission, to the members of the commission to pay the expenses of the members, and to the executive director and employees of the commission for salaries.

6. The purpose of the Missouri alternatives to abortion support fund is to support those private agencies which are:

- (1) Established primarily to provide alternative to abortion services, and which do not perform or refer for abortions;**
- (2) Located in this state; and**
- (3) Exempt from income taxation pursuant to the United States Internal Revenue Code.**

For purposes of this section, the term "alternative to abortion services" means services or counseling offered to a woman with a crisis pregnancy or unplanned pregnancy specifically to assist her in carrying her pregnancy to term instead of having an abortion.

Section 9. 1. There is hereby established in the office of administration the "Missouri Respect Life Commission". The commission shall consist of thirteen members, two who shall be members of the Missouri senate, one from the majority party and one from the minority party, appointed by the president pro tem of the senate, two who shall be members of the Missouri house of representatives, one from the majority party and one from the minority party, appointed by the speaker of the house of representatives, and nine members, one from each congressional district, appointed by the governor with the advice and consent of the senate. Not more than five congressional district members shall be from the same political party.

2. The four members appointed from the general assembly shall serve during their term as a member of the general assembly, and the nine congressional district members shall serve four-year terms, except that of the initial appointments, five shall be appointed for a term of four years and four shall be appointed for a term of two years. Before the expiration of the term of a congressional district member appointed by the governor, the governor shall appoint a successor whose term begins on July first next following. Each member shall serve until his or her successor is appointed. A member is eligible for reappointment. If there is a vacancy of a congressional district member for any cause, the governor shall make an appointment for the unexpired term with the advice and consent of the senate.

3. To be eligible for appointment to the commission and confirmation of the senate, a person shall demonstrate agreement with the principles and goals set forth in this section regarding respect for innocent human life from conception until natural death, and the need to offer and promote alternative to abortion services for pregnant women so that such women are encouraged to carry their pregnancies to term instead of having abortions. In making congressional district member appointments to the commission, the governor shall consider nominees recommended to the governor for appointment by right-to-life organizations of this state.

4. Any congressional district member may be removed by the governor for misconduct, incompetency or neglect of duty after first being given the opportunity to be heard in his or her own behalf.

5. The commission shall elect one of its members to serve as chairperson of the commission, and may elect such other officers and establish such committees as deemed necessary.

6. The commission may appoint an executive director who shall serve subject to the supervision of and at the pleasure of the commission. The executive director shall be responsible for the administrative operations of the commission and shall perform such other duties as may be delegated or assigned to the executive director by law or the commission. The executive director may obtain all necessary office space, facilities and equipment, and may hire and set the compensation of such staff as is approved by the commission, within the limitations of appropriations for this purpose.

7. Each member of the commission shall serve without compensation but shall be reimbursed for ordinary and necessary expenses incurred in the performance of his or her duties.

8. The commission shall exercise its powers and duties independently of the office of administration, except that budgetary, procurement, accounting and other related management functions shall be performed by the office of administration.

9. The commission shall meet at least quarterly.

10. The powers and duties of the Missouri respect life commission shall include, but not be limited to, the following:

(1) To disburse funds from the Missouri alternatives to abortion support fund and any other funds authorized by law to be disbursed by the commission;

(2) To consult with appropriate state agencies, commissions, boards and public and private agencies to determine the effectiveness of, and need for, alternative to abortion services and effectiveness of, and need for, programs that foster respect for human life both before and after birth;

- (3) To facilitate information exchange and coordination among agencies and groups concerned with offering and promoting alternative to abortion services, and concerned with offering and promoting programs that foster respect for human life both before and after birth;
- (4) To develop statewide educational and public informational campaigns, conferences and workshops for the purpose of developing appropriate public awareness regarding respect for human life both before and after birth, and the need to offer and promote alternative to abortion services;
- (5) To identify those groups of pregnant women at risk of obtaining abortions, identify problems and conditions such pregnant women have and encounter which causes them to choose to obtain abortions instead of choosing to carry their pregnancies to term, and propose solutions to such problems and conditions;
- (6) To recommend statutory changes and appropriations to promote alternative to abortion services and to promote programs that foster respect for human life both before and after birth;
- (7) To solicit and accept general revenue, grants, gifts, bequests, contributions or other aid from the general assembly, any person or business, organization or foundation, public or private, or from federal, state or local sources;
- (8) To perform any other functions or duties consistent with the provisions of this section or otherwise required by law;
- (9) To promulgate rules necessary to administer the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 1999, shall be invalid and void.

However, each page of an initiative or referendum petition shall contain signatures of voters from only one county. **Each petition page filed with the secretary of state shall have the county where the signers are registered designated in the upper right-hand corner of such page.** Signatures of voters from counties other than the one designated by the circulator **in the upper right hand corner** on a given page shall not be counted as valid.

116.080. **1. Each petition circulator [must be a Missouri registered voter and a resident of Missouri.] shall be at least eighteen years of age and registered with the secretary of state. Signatures collected by any circulator who has not registered with the secretary of state pursuant to this chapter on or before 5:00 p.m. on the final day for filing petitions with the secretary of state shall not be counted.**

2. Each petition circulator shall supply the following information to the secretary of state's office:

(1) Name of petition;

(2) Name of circulator;

(3) Residential address, including street number, city, state and zip code;

(4) Mailing address, if different;

(5) Have you been or do you expect to be paid for soliciting signatures for this petition?

YES NO;

(6) If the answer to subdivision (5) is yes, then identify the payor;

(7) Signature of circulator.

3. The circulator information required in subsection 2 of this section shall be submitted to the secretary of state's office with the following oath and affirmation:

I HEREBY SWEAR OR AFFIRM UNDER PENALTY OF PERJURY THAT ALL STATEMENTS MADE BY ME ARE TRUE AND CORRECT.

4. Each petition circulator shall subscribe and swear to the proper affidavit on each petition page [he] **such circulator** submits before a notary public commissioned in Missouri. When notarizing a circulator's signature, a notary public shall sign his **or her** official signature and affix his **or her** official seal to the affidavit only if the circulator personally appears before the notary and subscribes and swears to the affidavit in his **or her** presence.

5. Any circulator who falsely swears to a circulator's affidavit knowing it to be false is guilty of a class A misdemeanor punishable, notwithstanding the provisions of section 560.021, RSMo, to the contrary, for a term of imprisonment not to exceed one year in the county jail or a fine not to exceed ten thousand dollars or both.

116.090. 1. Any person who signs any name other than his own to any petition, or who knowingly signs his **or her** name more than once for the same measure for the same election, or who knows he **or she** is not at the time of signing or circulating the same a Missouri registered voter and a resident of this state, shall, upon conviction thereof, be guilty of a class A misdemeanor **punishable, notwithstanding the provisions of section 560.021, RSMo, to the contrary, for a term of imprisonment not to exceed one year in the county jail or a fine not to exceed ten thousand dollars or both.**

2. Any person who knowingly accepts or offers money or anything of value to another person in exchange for a signature on a petition is guilty of a class A misdemeanor punishable, notwithstanding the provisions of section 560.021, RSMo, to the contrary, for a term of imprisonment not to exceed one year in the county jail or a fine not to exceed ten thousand dollars or both.

116.100. The secretary of state shall not accept any referendum petition submitted later than 5:00 p.m. on the final day for filing referendum petitions. The secretary of state shall not accept any initiative petition submitted later than 5:00 p.m. on the final day for filing initiative petitions. **All pages shall be submitted at one time.** When an initiative or referendum petition is submitted to the secretary of state, the signature pages shall be in order and numbered sequentially by county, except in counties that include multiple congressional districts, the signatures may be ordered and numbered using an alternate numbering scheme approved in writing by the secretary of state prior to submission of the petition. Any petition that is not submitted in accordance with this section, disregarding clerical and merely technical errors, shall be rejected as insufficient. After verifying the count of signature pages, the secretary of state shall issue a receipt indicating the number of pages presented from each county. When a person submits a petition he **or she** shall designate to the secretary of state the name and the address of the person to whom any notices shall be sent under sections 116.140 and 116.180. [No initiative petition shall be accepted by the secretary of state until 8:00 a.m. on the second Tuesday of January in even-numbered years for access to the general election ballot in those years.]

116.120. 1. When an initiative or referendum petition is submitted to the secretary of state, he **or she** shall examine the petition to determine whether it complies with the Constitution of Missouri and with this chapter. **Signatures on petition pages that have been collected by any person who is not properly registered with the secretary of state as a circulator shall not be counted as valid. Signatures on petition pages that do not have the official ballot title affixed to the page shall not be counted as valid.** The secretary of state may verify the signatures on the petition by use of random sampling. The random sample of signatures to be verified shall be drawn in such a manner that every signature **properly** filed with the secretary of state shall be given an equal opportunity to be included in the sample. **The process for establishing the random sample and determining the statistically valid result shall be established by the secretary of state.** Such a random sampling shall include an examination of five percent of the signatures.

2. If the random sample verification establishes that the number of valid signatures is less than ninety percent of the number of qualified voters needed to find the petition sufficient in a congressional district, the petition shall be deemed to have failed to qualify in that district. In finding a petition insufficient, the secretary of state does not need to verify all congressional districts on each petition submitted if verification of only one or more districts establishes the petition as insufficient.

3. If the random sample verification establishes that the number of valid signatures total more than one hundred ten percent of the number of qualified voters needed to find the petition sufficient in a congressional district, the petition shall be deemed to qualify in that district.

4. If the random sampling shows the number of valid signatures within a congressional district is within ninety to one hundred ten percent of the number of signatures of qualified voters needed to declare the petition sufficient in that district, the secretary of state shall order the examination and verification of each signature filed.

116.130. 1. The secretary of state may send copies of petition pages to election authorities to verify that the persons whose names are listed as signers to the petition are registered voters. Such verification may either be of each signature or by random sampling as provided in section 116.120, as the secretary shall direct. If copies of the petition pages are sent to an election authority for verification, such copies shall be sent [not later than two weeks after the petition is submitted if the election authority is to verify each signature and not later than three weeks after the petition is submitted if verification is to occur by random sampling as provided in section 116.120] **pursuant to the following schedule:**

(1) Copies of all pages from not less than one petition shall be received in the office of the election authority not later than two weeks after the petition is filed in the office of secretary of state;

(2) Copies of all pages of a total of three petitions shall be received in the office of the election authority not later than three weeks after the petition is filed in the office of the secretary of state;

(3) If more than three petitions are filed, all copies of petition pages, including those petitions selected for verification by random sample pursuant to section 116.120, shall be received in the office of the election authority not later than the fourth week after the petition is filed in the office of the secretary of state.

Each election authority shall check the signatures against voter registration records in the election authority's jurisdiction, but the election authority shall count as valid only the signatures of persons registered as voters in the county named in the circulator's affidavit. **Signatures shall not be counted as valid if they have been struck through or crossed out.**

2. If the election authority is requested to verify the petition by random sampling, such verification [must] **shall** be completed and certified not later than two weeks from the date **that** the election authority receives the petition from the secretary of state. If the election authority is to verify each signature, such verification must be completed, certified and delivered to the secretary of state by 5:00 p.m. on the [eleventh] **last Tuesday in July** prior to the election, **or in the event of complete verification of signatures after a failed random sample, full verification shall be completed, certified and delivered to the secretary of state by 5:00 p.m. on the last Tuesday in July or by 5:00 p.m. on the Friday of the fifth week after receipt of the signatures by the local election authority, whichever is later.**

[2.] **3.** If the election authority or the secretary of state determines that the congressional district number written after the signature of any voter is not the congressional district of which the voter is a resident, the election authority or the secretary of state shall correct the congressional district number on the petition page. Failure of a voter to give the voter's correct congressional district number shall not by itself be grounds for not counting the voter's signature.

[3.] **4.** The election authority shall return the copies of the petition pages to the secretary of state with annotations regarding any invalid or questionable signatures which the election authority has been asked to check by the secretary of state. The election authority shall verify the number of pages received for that county, and also certify the total

number of valid signatures of voters from each congressional district which the election authority has been asked to check by the secretary of state.

[4.] **5.** The secretary of state is authorized to adopt rules to ensure uniform, complete, and accurate checking of petition signatures either by actual count or random sampling. No rule or portion of a rule promulgated [under the authority of] **pursuant to** this section shall become effective unless it has been promulgated pursuant to the provisions of section 536.024, RSMo.

[5.] **6.** After a period of three years from the time of submission of the petitions to the secretary of state, the secretary of state, if the secretary determines that retention of such petitions is no longer necessary, may destroy such petitions [or return them to the person submitting them upon written request from such person. Returned petitions shall be stamped by the secretary of state to indicate that such petitions are no longer valid].

116.150. 1. After the secretary of state makes [his] **a** determination on the sufficiency of the petition and if [he] **the secretary of state** finds it sufficient, [he] **the secretary of state** shall issue a certificate setting forth that the petition contains a sufficient number of valid signatures to comply with the Constitution of Missouri and with this chapter.

2. The secretary of state shall issue a certificate only for a petition approved pursuant to section 116.332. If the secretary of state finds the petition insufficient, [he] **the secretary of state** shall issue a certificate stating the reason for the insufficiency.

3. The secretary of state shall issue a certificate pursuant to this section not later than 5:00 p.m. on the thirteenth Tuesday prior to the general election or two weeks after the date the election authority certifies the results of a petition verification pursuant to subsection 2 of section 116.130, whichever is later.

116.155. 1. The general assembly may include the official summary statement and a fiscal note summary in any statewide ballot measure that it refers to the voters.

2. The official summary statement approved by the general assembly shall, taken together with the approved fiscal note summary, be the official ballot title and such summary statement shall contain no more than fifty words, excluding articles. The title shall be a true and impartial statement of the purposes of the proposed measure in language neither intentionally argumentative nor likely to create prejudice either for or against the proposed measure.

3. The fiscal note summary approved by the general assembly shall contain no more than fifty words, excluding articles, which shall summarize the fiscal note prepared for the measure in language neither argumentative nor likely to create prejudice for or against the proposed measure.

116.175. 1. **Except as provided in section 116.155**, upon receipt from the secretary of state's office of any petition sample sheet, joint resolution or bill, the auditor shall assess the fiscal impact of the proposed measure. The state auditor may consult with the state departments, local government entities, the general assembly and others with knowledge pertinent to the cost of the proposal. Proponents or opponents of any proposed measure may submit to the state auditor a proposed statement of fiscal impact estimating the cost of the proposal in a manner consistent with the standards of the governmental accounting standards board and section 23.140, RSMo, provided that all such proposals are received by the state auditor within ten days of his or her receipt of the proposed measure from the secretary of state.

2. Within twenty days of receipt of a petition sample sheet, joint resolution or bill from the secretary of state, the state auditor shall prepare a fiscal note and a fiscal note summary for the proposed measure and forward both to the attorney general.

3. The fiscal note and fiscal note summary shall state the measure's estimated cost or savings, if any, to state or local governmental entities. In all cities not within a county, the mayor, the comptroller and the treasurer shall constitute the funds committee, and the treasurer, by virtue of his office, shall serve as chairman of such committee. The committee shall annually select a bank or banks, or trust company or trust companies, or credit union or credit unions, savings and loan or savings and loans, which has its principal place of business in Missouri referred to hereafter as "listed institutions", for the current deposit of the city's funds, which in their opinion will be most commensurate with the safety thereof. The treasurer, as chairman, shall supervise the business of the committee and maintain records of committee proceedings, and shall call annual meetings or any other meeting as often as the business of the city may require. The treasurer shall be a member of any financial planning or decision making body or committee furthering the needs of the city's financial business, except the legislative and appropriating bodies. The treasurer, by virtue of his office, shall sit on any committee or group which deals with the issuance of bonds of the city or any agency or instrumentality thereof. The treasurer shall serve as the chief investment and cash management officer of the city and, as such, act as the sole investment authority on any investments of public funds held by the city or any instrumentality thereof, including funds derived from proceeds from the issuance of bonds and funds from proceeds from lease/purchase agreements. Such investments shall be made in a manner consistent with investment policies approved by the funds commission, and with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering

the probable safety of capital and income to be derived. The treasurer shall ensure the safety of all funds held by the city or any instrumentalities thereof and, upon the approval of the funds commission and reasonable notice, may assume control of any accounts not managed in compliance with state law, serve as the custodian of any funds held in such accounts and take any other measures reasonably required to ensure the preservation of public funds and compliance with applicable law. The funds commission, also known as the "funds committee", shall approve all financial institutions for any banking services required by the city pursuant to investment policies and evaluation criteria set by the treasurer and approved by the funds commission. At least once per year, the treasurer and the city's external auditors shall report to the comptroller on the city's compliance with this section. Any state or municipally created agency [or], city-wide elected officials **or any instrumentality thereof** working in cooperation with the city in the collection, management, investment or disbursement of governmental funds, shall annually report a listing of all listed institutions accounts, including a list of all pledged collateral, to the fund committee. **Any financial institution acting as a depository or custodian of public funds for any state or municipally created agency, city-wide elected official or any instrumentality thereof working in the collection, management, investment or disbursement of governmental funds shall annually report to the funds committee.** Such agencies, elected officials and [agencies] **instrumentalities** shall, during the interim period, report any change or transfer or establishment of new accounts or changes in collateral to the fund committee within ten days of doing so. **Financial institutions, when requested by the funds committee, shall verify such information.** Before any deposit shall be made by the treasurer in any listed institution, the institution shall give a bond in an amount equal to the deposit, with good and sufficient sureties, to be approved by the unanimous vote of the members of the funds committee, for the safekeeping and prompt payment of such funds, or any part thereof, when demanded by the treasurer, and shall at all times keep the sureties on such bond satisfactory to the funds committee. In lieu of or in addition to such bond, listed institutions may, with the unanimous consent of the members of the funds committee, deposit with the treasurer of such city or with some other mutually satisfactory depository in such city, in escrow, bonds or treasury certificates of the United States or other interest-bearing obligations guaranteed as to both principal and interest by the United States or agency or instrumentality thereof in accordance with the approved collateral securities maintained and approved by the state treasurer, or bonds of the state of Missouri or of any city not within a county, of a par value equal to the amount of such deposit, or any part of such deposit not protected by such bond. The securities so deposited shall, in case of default by any such listed institution, be taken possession of by the funds committee, and to the extent required to make good such default, be sold for the benefit of such city. Any securities so deposited may, with the unanimous consent of the members of the funds committee, be withdrawn, and others of equal value and amount substituted therefor. As the amount of such funds on deposit is reduced, listed institutions, when not in default, shall be permitted to withdraw the excess of collateral, except that there shall at no time be a less amount in par value of collateral than the amount at such time of deposits. The securities so deposited or any substitute therefor, shall, upon default, be exhausted before recourse shall be had against the securities upon any bond executed by listed institutions for the protection of such deposits. In lieu of or in addition to such deposit of city funds in listed institutions, the treasurer may invest funds belonging to such city and not immediately needed for the purpose to which such funds or any of them may be applicable, in [obligations of the United States government or any agency or instrumentality thereof, or bonds of the state of Missouri, any city not within a county, or time certificates of deposit, except that no such bonds or treasury certificates of the United States or bonds of the state of Missouri, any city not within a county, or time certificates of deposit shall be purchased by the treasurer at any time at a price in excess of the par value thereof] **accordance with section 15, article IV of the Missouri Constitution.** In addition, the treasurer may enter into repurchase agreements maturing and becoming payable within ninety days secured by United States Treasury obligations or obligations of the United States government agencies or instrumentalities of any maturity as provided by law."

"375.1205. 1. Within one year of a final [determination of insolvency] **order of liquidation** of an insurer by a court of

competent jurisdiction of this state, the liquidator [may] **shall** make application to the court for approval of a proposal to [disburse assets out of marshaled assets, from time to time as such assets become available,] **make early access disbursements out of marshaled assets** to a guaranty association or foreign guaranty association having obligations because of such insolvency. [If the liquidator determines that there are insufficient assets to disburse, the application required by this section shall be considered satisfied by a filing by the liquidator stating the reasons for this determination.]

2. Such proposal shall at least include provisions for:

(1) Reserving amounts for the payment of expenses of administration and the payment of claims of secured creditors, to the extent of the value of the security held, and claims falling within [classes 1 and 2] **priority class I** as established in section 375.1218;

(2) **Initial** disbursement of the assets marshaled to date, **which shall be as soon as practicable and in any case not later than one hundred twenty days after the approval of the early access plan**, and subsequent disbursement of assets [as they become available] **which shall be at least annually**;

(3) [Equitable allocation of disbursements to each of the guaranty associations and foreign guaranty associations entitled thereto;

(4)] The securing by the liquidator from each of the guaranty associations or foreign guaranty associations entitled to disbursements pursuant to this section of an agreement to return to the liquidator such assets, together with income earned on assets previously disbursed, as may be required to pay claims of secured creditors and claims falling within the priorities established in [section] **sections 375.700 and 375.1218** in accordance with such priorities. [A] No bond or indemnity agreement shall be required of any such association; [and

(5)] **(4)** A full report to be made by each guaranty association or foreign guaranty association to the liquidator accounting for all assets so disbursed to the association, all disbursements made therefrom, any interest earned by the association on such assets and any other matter as the court may direct[.]; and

(5) Disbursements to guaranty associations in sums as large as possible, subject to the limitations set forth in subdivision (1) of this subsection and subsection 4 of this section. If the liquidator determines that there are insufficient assets to disburse at the time of any required disbursement, the liquidator shall make application to the court, with notice to the state insurance commissioners and guaranty associations pursuant to subsection 6 of this section, for approval of an intent not to disburse, stating the reasons for such determination.

3. [The liquidator's proposal may provide for disbursements to the guaranty association or foreign guaranty associations in amounts estimated at least equal to the claims payments made or to be made thereby for which such associations could successfully assert a claim against the liquidator, and shall further provide that if the assets available for disbursement from time to time do not equal or exceed the amount of such claim payments made or to be made by the association, then disbursements shall be in the amount of available assets.] **Subject only to the provisions of subdivision (4) of subsection 2 of this section, guaranty associations shall not be charged interest on assets disbursed pursuant to this section.**

4. **The liquidator's proposal shall provide for disbursements to each guaranty association of foreign guaranty associations in amounts at least equal to the sum of claims payments and allocated lost adjustment expenses of each guaranty association, and a reasonable estimate of reserves for unpaid but known loss claims and allocated loss adjustment expenses expected to be paid within one year by each guaranty association. Amounts used for such calculation shall be those reported to the liquidator by each guaranty association in its most recent financial report to the liquidator. The liquidator's proposal shall further provide that if the assets available for required disbursements do not equal or exceed the amount of such claim payments to be made by the association, the required disbursements may be in the amount of available assets. Unless otherwise provided by the court, the reserves of the insolvent insurer, as reflected in its records or in the financial examination leading to the finding of insolvency, on the date of the final order of liquidation, shall be used to determine the initial disbursement to the guaranty associations. The liquidator shall liquidate the assets of the insurer in an**

expeditious manner, but is not required to make forced or quick sales that would result in obtaining less than market value for assets.

[4.] **5.** The liquidator's proposal shall, with respect to an insolvent insurer writing life or health insurance or annuities, provide for disbursements of assets to any guaranty association or any foreign guaranty association covering life or health insurance or annuities or to any other entity or organization reinsuring, assuming or guaranteeing policies or contracts of insurance [under] **pursuant to** the laws creating such associations.

[5.] **6.** Notice of [such] **each** application shall be given to [the] **each** guaranty association or foreign guaranty associations in and to the commissioners of the insurance departments of each of the involved states. Any such notice shall be deemed to have been given when deposited in the United States mail, certified delivery, first class postage prepaid, at least thirty days prior to submission of such application to the court. Action on the application may be taken by the court provided the above required notice has been given [and provided further that the liquidator's proposal complies with subdivisions (1) and (2) of subsection 2 of this section].

7. The liquidator shall not offset the amount to be disbursed to a guaranty association or a foreign guaranty association by the amount of any special deposit or any other statutory deposit or asset of the insolvent insurer held in this state or another state unless such deposit has been forwarded to the guaranty association.

375.1220. 1. The liquidator shall review all claims duly filed in the liquidation and shall make such further investigation as [he] **the liquidator** shall deem necessary. [He] **The liquidator** may compound, compromise or in any other manner negotiate the amount for which claims will be allowed, under the supervision of the court, except where the liquidator is required by law to accept claims as settled by any person or organization. Unresolved disputes shall be determined [under] **pursuant to** section 375.1214. No claim under a policy of insurance shall be allowed for any amount in excess of the applicable policy limits or without regard to policy deductibles.

2. If the fixing or liquidation of any claim or claims would unduly delay the administration of the liquidation or if the administrative expense of processing and adjudication of a claim or group of claims of a similar type would be unduly excessive when compared with the moneys which are estimated to be available for distribution with respect to such claim or group of claims, the determination and allowance of such claim or claims may be made by an estimate. Any such estimate shall be based upon an actuarial evaluation made with reasonable actuarial certainty or upon another accepted method of valuing claims with reasonable certainty.

3. The estimation of contingent liabilities permitted by subsection 2 of this section or any other section of this chapter may be used for the purpose of fixing a creditor's claim in the estate, and for determining the percentage of partial or final divided payments to be paid to creditors with reported allowed claims. However, nothing in subsection 2 of this section or any other section in this chapter shall be construed as authorizing the receiver, or any other entity, to compel payment from a reinsurer on the basis of estimated incurred but not reported losses and, except with respect to claims made pursuant to section 375.1212, outstanding reserves. Nothing in this subsection shall be construed to impair any obligation arising pursuant to any insurance agreement.

4. Notwithstanding the provisions of this section or any other section of this chapter to the contrary, the liquidator may negotiate a voluntary commutation and release of all obligations arising from reinsurance contracts or other agreements.

5. The provisions of this section shall not apply to and have no force and effect regarding any formal delinquency proceeding in which, prior to the effective date of this act, the court in which such proceeding was or is pending issued any order or decree construing or applying the provisions.

379.316. 1. Section 379.017 and sections 379.316 to 379.361 apply to insurance companies incorporated [under] **pursuant to** sections 379.035 to 379.355, section 379.080, sections 379.060 to 379.075, sections 379.085 to 379.095,

sections 379.205 to 379.310, and to insurance companies of a similar type incorporated [under] **pursuant to** the laws of any other state of the United States, and alien insurers licensed to do business in this state, which transact fire and allied lines, marine and inland marine insurance, to any and all combinations of the foregoing or parts thereof, and to the combination of fire insurance with other types of insurance within one policy form at a single premium, on risks or operations in this state, except:

- (1) Reinsurance, other than joint reinsurance to the extent stated in section 379.331;
- (2) Insurance of vessels or craft, their cargoes, marine builders' risks, marine protection and indemnity, or other risks commonly insured [under] **pursuant to** marine, as distinguished from inland marine, insurance policies;
- (3) Insurance against loss or damage to aircraft;
- (4) All forms of motor vehicle insurance; and
- (5) All forms of life, accident and health, and workers' compensation insurance.

2. Inland marine insurance shall be deemed to include insurance now or hereafter defined by statute, or by interpretation thereof, or if not so defined or interpreted, by ruling of the director, or as established by general custom of the business, as inland marine insurance.

3. Commercial property and commercial casualty insurance policies which meet the exemption requirements of section 379.362 shall be exempt from those insurance laws of this state which concern the regulation by the director of the department of insurance of the policy language, policy provisions or the format of such policies, or the regulation of the rates used to calculate the amount of premium charged.

379.321. 1. Every insurer shall file with the director, except as to **commercial property or commercial casualty insurance as provided in subsection 6 of this section and as to** inland marine risks which by regulation or general custom of the business are not written according to manual rates or rating plans, every manual of classifications, rules, underwriting rules and rates, every rating plan and every modification of the foregoing which it uses and the policies and forms to which such rates are applied. Any insurer may satisfy its obligation to make any such filings by becoming a member of, or a subscriber to, a licensed rating organization which makes such filings and by authorizing the director to accept such filings on its behalf, provided that nothing contained in section 379.017 and sections 379.316 to 379.361 shall be construed as requiring any insurer to become a member of or a subscriber to any rating organization or as requiring any member or subscriber to authorize the director to accept such filings on its behalf. Filing with the director by such insurer or licensed rating organization within ten days after such manuals, rating plans or modifications thereof or policies or forms are effective shall be sufficient compliance with this section.

2. Except as to **commercial property or commercial casualty insurance as provided in subsection 6 of this section and as to** contracts or policies for inland marine risks as to which filings are not required, no insurer shall make or issue a policy or contract except [in accordance with] **pursuant to** filings which are in effect for that insurer or [in accordance with the provisions of] **pursuant to** section 379.017 and sections 379.316 to 379.361. Any rates, rating plans, rules, classifications or systems, in effect on August 13, 1972, shall be continued in effect until withdrawn by the insurer or rating organization which filed them.

3. Upon the written application of the insured, stating his **or her** reasons therefor, filed with the insurer, a rate in excess of that provided by a filing otherwise applicable may be used on any specific risk.

4. Every insurer which is a member of or a subscriber to a rating organization shall be deemed to have authorized the director to accept on its behalf all filings made by the rating organization which are within the scope of its membership or subscribership, provided:

- (1) That any subscriber may withdraw or terminate such authorization, either generally or for individual filings, by written notice to the director and to the rating organization and may then make its own independent filings for any kinds of insurance, or subdivisions, or classes of risks, or parts or combinations of any of the foregoing, with respect

to which it has withdrawn or terminated such authorization, or may request the rating organization, within its discretion, to make any such filing on an agency basis solely on behalf of the requesting subscriber; **and**

(2) That any member may proceed in the same manner as a subscriber unless the rating organization shall have adopted a rule, with the approval of the director:

(a) Requiring a member, before making an independent filing, first to request the rating organization to make such filing on its behalf and requiring the rating organization, within thirty days after receipt of such request, either:

- a. To make such filing as a rating organization filing[, or];
- b. To make such filing on an agency basis solely on behalf of the requesting member[.]; or
- c. To decline the request of such member; and

(b) Excluding from membership any insurer which elects to make any filing wholly independently of the rating organization.

5. Any change in a filing made [under the provisions of] **pursuant to** this section during the first six months of the date [said] **such** filing becomes effective shall be approved or disapproved by the director within ten days following [his] **the director's** receipt of notice of such proposed change.

6. Commercial property and commercial casualty insurance policies which meet the exemption requirements of section 379.362 shall adhere to the filing requirements of this section, provided however, that the filings for such policies shall be for informational purposes only. Therefore, all manuals of classifications, rules, underwriting rules, rates, rate plans and modifications, policy forms and other forms to which such rates are applied, shall be filed with the director for policies which meet the exemption requirements of section 379.362. Such filings shall be made with the director within thirty days after such materials are used by the insurer, but such policies and rates need not be reviewed or approved by the department of insurance as a condition of their use. Nothing in this subsection shall require the filing of individual policies or the rates related thereto where the original policy forms, manuals, rates and rules for the insurance plan or program to which such individual policies conform have already been filed with the director.

379.362. 1. Commercial property insurance and commercial casualty insurance policies shall be exempt from those provisions of sections 379.316 to 379.361, 379.420 to 379.510 and 379.888 which concern regulation by the department of policy language, policy provisions or the format of such policies, or the rates associated with such policies, for any policy for which the policyholder certifies in writing, on a certification form approved by the department, that the policyholder understands that the policy's language or the policy's rating are unregulated by the department and that the requirements of either subdivision (1) or subdivision (2) below are met:

(1) The policyholder has utilized the services of the independent insurance adviser. For purposes of this section, the term "independent insurance adviser" means a person who is qualified through education, training or experience to assess the purchaser's insurance needs and analyze the policy with or on behalf of the policyholder. Such an insurance adviser may be an employee of the policyholder or a person retained by the purchaser, provided that the independent insurance adviser shall not also be an employee of the insurer. Such an independent insurance adviser shall only be compensated for services related to the insurance transaction in question by the policyholder; or

(2) The policyholder's commercial operations meet any two of the following criteria:

- (a) One hundred or more employees;**
- (b) A net worth of over twenty-five million dollars;**

2. An insurer writing a commercial property or commercial casualty insurance policy pursuant to subsection 1 of this section shall retain a copy of the policyholder's written certification as part of the insurer's policy records of the transaction.

3. Nothing contained in subsection 1 of this section shall be construed as exempting commercial property or commercial casualty policies which meet the requirements of subsection 1 of this section from any regulatory authority of the director of the department of insurance other than that authority related to the oversight of the policy language, policy provisions or the format of policies, or of the rates used to calculate the amount of premium charged. In particular, nothing contained in subsection 1 of this section shall limit the director's authority over excessive, inadequate or unfairly discriminatory rates.

4. The director may, by rule, require insurers providing coverage pursuant to subsection 1 of this section to retain information in such insurer's files identifying the policies providing such coverage, and to report to the department aggregate data regarding the types of such coverage written and the amounts charged for such coverage.

5. Notwithstanding the provisions of section 384.017, RSMo, commercial property or commercial casualty insurance meeting the requirements of subsection 1 of this section may be procured through a surplus lines licensee from an eligible surplus lines insurer even though the same type of coverage or quality of service is obtainable in the market from admitted insurers.

379.425. **1.** Sections 379.420 to 379.510 apply to casualty insurance, including fidelity, surety and guaranty bonds, and to all forms of motor vehicle insurance, on risks or operations in this state, except

(1) Reinsurance, other than joint reinsurance to the extent stated in section 379.460 and subsection 2 of section 379.430;

(2) Insurance against workers' compensation liability;

(3) Accident and health insurance;

(4) Insurance against loss of or damage to aircraft, or against liability, other than employers' liability, arising out of the ownership, maintenance or use of aircraft.

2. Commercial casualty insurance policies which meet the exemption requirements of section 379.362 shall be exempt from those insurance laws of this state which concern the regulation by the director of insurance of the policy language, policy provisions or the format of such policies, or regulation of the rates used to calculate the amount of premium charged.

379.888. **1.** As used in sections 379.888 to 379.893, **the following terms mean:**

(1) "'A' rated risk" [means], any insurance coverage for which rates are individually determined based upon judgment because neither a rate service organization nor the insurer has yet established a manual rate based upon experience, except that if a rate service organization or the insurer acquires sufficient experience to establish, or if the insurer itself has, a manual rate for such coverage, then such coverage shall no longer be considered an "A" rated risk for each insurer;

(2) "Base rate" [means], the rate designed to reflect the average aggregate experience of a particular market, prior to

adjustment for individual risk characteristics resulting from application of any rating plan;

(3) "Classification" [means], a grouping of insurance risks according to a classification system used by an insurer;

(4) "Classification system" [means], a schedule of classifications and a rule or set of rules used by an insurer for determining the classification applicable to an insured;

(9) "Rating system" [means], a collection of rating plans to be used by an insurer, rules for determining which rating plans are applicable to an insured, a classification system, and other rules used by an insurer for determining contractual consideration for insured.

2. Every filing of commercial casualty insurance premium rates, rating plans or rating systems by an insurer or rating organization [must] **shall** be submitted to the director for review prior to becoming effective if it produces an increase or decrease exceeding twenty-five percent annually from changes in any:

(1) Base rates;

(2) Rating basis;

(3) Rating plans;

(4) Manual rules;

(5) Territorial definitions; or

(6) Combination of such rating system components of subdivisions (1) to (5) of this subsection.

3. Nothing in this section applies to premium increases or decreases from:

(1) Change in hazard of the insured's operation;

(2) Change in magnitude of the exposure basis for the insured, including, without limitation, changes in payroll or sales; [or]

(3) "A" rated risks; **or**

(4) Commercial casualty insurance that is exempt pursuant to section 379.362.

4. Any renewal notice of a commercial casualty insurance policy as defined in section 379.882 for any Missouri risk or portion thereof which would have the effect of increasing the premium charged to the insured due to a change in any scheduled rating factor applied to the policy during the previous policy period shall contain or be accompanied by a notice to the insured informing the insured that any inquiry by the insured concerning the change may be directed to the agent of record or directly to the insurer. When any insured makes a request for information pursuant to this subsection, the insurer, directly or through the insurer's agent, shall inform the insured in writing in terms sufficiently clear and specific of the basis for any reduction in a scheduled rating credit or increase in a scheduled rating debit

which is applied to the policy. Evidence supporting the basis for any scheduled rating credit or debit shall be retained by the insurer for the policy term plus two calendar years[, in accordance with] **pursuant to** section 374.205, RSMo. The [Missouri] department of insurance shall notify commercial casualty insurers of the requirements of this section by bulletin. [The provisions of this subsection shall become effective on January 1, 1999.]

Section B. Section 375.1220.3-.5 shall terminate on December 31, 2000."; and

SENATE AMENDMENT NO. 2

Amend Senate Substitute for Senate Committee Substitute for House Substitute for House Bill No. 516, Page 4, Section 147.010, Line 1 of said section, by inserting immediately before said line the following:

"144.010. 1. The following words, terms, and phrases when used in sections 144.010 to 144.525 have the meanings ascribed to them in this section, except when the context indicates a different meaning:

(1) "Admission" includes seats and tables, reserved or otherwise, and other similar accommodations and charges made therefor and amount paid for admission, exclusive of any admission tax imposed by the federal government or by sections 144.010 to 144.525;

(2) "Business" includes any activity engaged in by any person, or caused to be engaged in by him, with the object of gain, benefit or advantage, either direct or indirect, and the classification of which business is of such character as to be subject to the terms of sections 144.010 to 144.525. The isolated or occasional sale of tangible personal property, service, substance, or thing, by a person not engaged in such business, does not constitute engaging in business within the meaning of sections 144.010 to 144.525 unless the total amount of the gross receipts from such sales, exclusive of receipts from the sale of tangible personal property by persons which property is sold in the course of the partial or complete liquidation of a household, farm or nonbusiness enterprise, exceeds three thousand dollars in any calendar year. The provisions of this subdivision shall not be construed to make any sale of property which is exempt from sales tax or use tax on June 1, 1977, subject to that tax thereafter;

(3) "Gross receipts", except as provided in section 144.012, means the total amount of the sale price of the sales at retail including any services other than charges incident to the extension of credit that are a part of such sales made by the businesses herein referred to, capable of being valued in money, whether received in money or otherwise; except that, the term "gross receipts" shall not include the sale price of property returned by customers when the full sale price thereof is refunded either in cash or by credit. In determining any tax due under sections 144.010 to 144.525 on the gross receipts, charges incident to the extension of credit shall be specifically exempted. For the purposes of sections 144.010 to 144.525 the total amount of the sale price above mentioned shall be deemed to be the amount received. It shall also include the lease or rental consideration where the right to continuous possession or use of any article of tangible personal property is granted under a lease or contract and such transfer of possession would be taxable if outright sale were made and, in such cases, the same shall be taxable as if outright sale were made and considered as a sale of such article, and the tax shall be computed and paid by the lessee upon the rentals paid;

(4) "Livestock", cattle, calves, sheep, swine, ratite birds, including but not limited to, ostrich and emu, aquatic products as defined in section 277.024, RSMo, elk documented as obtained from a legal source and not from the wild, goats, horses, other equine, or rabbits raised in confinement for human consumption;

(5) "Motor vehicle leasing company" shall be a company obtaining a permit from the director of revenue to operate as a motor vehicle leasing company. Not all persons renting or leasing trailers or motor vehicles need to obtain such a permit; however, no person failing to obtain such a permit may avail itself of the optional tax provisions of subsection 5 of section 144.070, as hereinafter provided;

(6) "Person" includes any individual, firm, copartnership, joint adventure, association, corporation, municipal or private, and whether organized for profit or not, state, county, political subdivision, state department, commission, board, bureau or agency, except the state transportation department, estate, trust, business trust, receiver or trustee appointed by the state or federal court, syndicate, or any other group or combination acting as a unit, and the plural as well as the singular number;

(7) "Purchaser" means a person who purchases tangible personal property or to whom are rendered services, receipts from which are taxable under sections 144.010 to 144.525;

(8) "Research or experimentation activities", activities directed toward the development of an experimental or pilot model, plant process, formula, invention or similar property, and the improvement of existing property of such type. Research or experimentation activities do not include activities such as ordinary testing or inspection of materials or products for quality control, efficiency surveys, advertising promotions or research in connection with literary, historical or similar projects;

[(8)] **(9)** "Sale" or "sales" includes installment and credit sales, and the exchange of properties as well as the sale thereof for money, every closed transaction constituting a sale, and means any transfer, exchange or barter, conditional or otherwise, in any manner or by any means whatsoever, of tangible personal property for valuable consideration and the rendering, furnishing or selling for a valuable consideration any of the substances, things and services herein designated and defined as taxable under the terms of sections 144.010 to 144.525;

[(9)] **(10)** "Sale at retail" means any transfer made by any person engaged in business as defined herein of the ownership of, or title to, tangible personal property to the purchaser, for use or consumption and not for resale in any form as tangible personal property, for a valuable consideration; except that, for the purposes of sections 144.010 to 144.525 and the tax imposed thereby: (i) purchases of tangible personal property made by duly licensed physicians, dentists, optometrists and veterinarians and used in the practice of their professions shall be deemed to be purchases for use or consumption and not for resale; and (ii) the selling of computer printouts, computer output or microfilm or microfiche and computer-assisted photo compositions to a purchaser to enable the purchaser to obtain for his own use the desired information contained in such computer printouts, computer output on microfilm or microfiche and computer-assisted photo compositions shall be considered as the sale of a service and not as the sale of tangible personal property. Where necessary to conform to the context of sections 144.010 to 144.525 and the tax imposed thereby, the term "sale at retail" shall be construed to embrace:

(a) Sales of admission tickets, cash admissions, charges and fees to or in places of amusement, entertainment and recreation, games and athletic events;

(b) Sales of electricity, electrical current, water and gas, natural or artificial, to domestic, commercial or industrial consumers;

(c) Sales of local and long distance telecommunications service to telecommunications subscribers and to others through equipment of telecommunications subscribers for the transmission of messages and conversations, and the sale, rental or leasing of all equipment or services pertaining or incidental thereto;

(d) Sales of service for transmission of messages by telegraph companies;

(e) Sales or charges for all rooms, meals and drinks furnished at any hotel, motel, tavern, inn, restaurant, eating house, drugstore, dining car, tourist camp, tourist cabin, or other place in which rooms, meals or drinks are regularly served to the public;

(f) Sales of tickets by every person operating a railroad, sleeping car, dining car, express car, boat, airplane, and such buses and trucks as are licensed by the division of motor carrier and railroad safety of the department of economic development of Missouri, engaged in the transportation of persons for hire;

[(10)] **(11)** "Seller" means a person selling or furnishing tangible personal property or rendering services, on the receipts from which a tax is imposed under section 144.020;

[(11)] **(12)** The noun "tax" means either the tax payable by the purchaser of a commodity or service subject to tax, or the aggregate amount of taxes due from the vendor of such commodities or services during the period for which he is required to report his collections, as the context may require;

[(12)] **(13)** "Telecommunications service", for the purpose of chapter 144, the transmission of information by wire, radio, optical cable, coaxial cable, electronic impulses, or other similar means. As used in this definition, "information" means knowledge or intelligence represented by any form of writing, signs, signals, pictures, sounds, or any other symbols. Telecommunications service does not include the following if such services are separately stated on the customer's bill:

(a) Access to the Internet, access to interactive computer services or electronic publishing services, except the amount paid for the telecom-munications service used to provide such access;

(b) Answering services and one-way paging services;

(c) Private mobile radio services which are not two-way commercial mobile radio services such as wireless telephone, personal communications services or enhanced specialized mobile radio services as defined pursuant to federal law; or

(d) Cable or satellite television or music services; and

[(13)] **(14)** "Product which is intended to be sold ultimately for final use or consumption" means tangible personal property, or any service that is subject to state or local sales or use taxes, or any tax that is substantially equivalent thereto, in this state or any other state.

2. For purposes of the taxes imposed under sections 144.010 to 144.525, and any other provisions of law pertaining to sales or use taxes which incorporate the provisions of sections 144.010 to 144.525 by reference, the term "manufactured homes" shall have the same meaning given it in section 700.010, RSMo.

3. Sections 144.010 to 144.525 may be known and quoted as the "Sales Tax Law".

144.030. 1. There is hereby specifically exempted from the provisions of sections 144.010 to 144.525 and from the computation of the tax levied, assessed or payable pursuant to sections 144.010 to 144.525 such retail sales as may be made in commerce between this state and any other state of the United States, or between this state and any foreign country, and any retail sale which the state of Missouri is prohibited from taxing pursuant to the Constitution or laws of the United States of America, and such retail sales of tangible personal property which the general assembly of the state of Missouri is prohibited from taxing or further taxing by the constitution of this state.

(1) Motor fuel or special fuel subject to an excise tax of this state, unless all or part of such excise tax is refunded pursuant to section 142.584, RSMo; or upon the sale at retail of fuel to be consumed in manufacturing or creating gas, power, steam, electrical current or in furnishing water to be sold ultimately at retail; or feed for livestock or poultry; or grain to be converted into foodstuffs which are to be sold ultimately in processed form at retail; or seed, limestone or fertilizer which is to be used for seeding, liming or fertilizing crops which when harvested will be sold at retail or will be fed to livestock or poultry to be sold ultimately in processed form at retail; economic poisons registered pursuant to

For each taxable year beginning on or after January 1, 1980, if a corporation shall obtain an extension of time for paying its annual Missouri income tax pursuant to section 143.551, RSMo, such corporation will also be granted a corresponding extension of time for paying the franchise tax due under this chapter for its taxable year immediately succeeding the taxable year for which the income tax extension is granted.

3. If the time for filing the franchise tax report is extended under section 147.020, but the time for payment of the franchise tax is not extended under this section, the corporation shall pay, [on or before the fifteenth day of the fourth month of its taxable year] **by the due date as prescribed in this section**, the amount properly estimated as its franchise tax for the taxable year.

4. Every corporation having a transitional year shall pay the franchise tax provided for in this chapter on or before the fifteenth day of April 1980.

147.040. 1. As soon as practical after a corporation's franchise tax report is filed, the [secretary of state] **director of revenue** shall examine it to determine the correct amount of tax based upon the facts contained in the report or upon any information within [his] **the director's** possession or that may come into [his] **the director's** possession. [The

director of revenue may provide any additional information to the secretary of state for the purpose of determining the correct tax and that additional information shall be kept confidential pursuant to section 147.010.]

In the event that the amount of tax is understated on a corporation's franchise tax report, the [secretary of state] **director of revenue** shall notify the corporation that an amount of tax in excess of that shown on the return is due and has been assessed. Such assessment shall be final unless the corporation files a protest with the [secretary of state] **director of revenue**, setting forth the grounds on which the protest is based, within [thirty] **sixty** days from the date the notice of assessment was mailed to the corporation.

3. If a protest is filed, the [secretary of state] **director of revenue** shall reconsider the assessment, and, if the corporation has so requested, shall grant the corporation a hearing within ninety days after the protest is filed unless extended by agreement between the corporation and the [secretary of state] **director of revenue**.

5. The action of the [secretary of state] **director of revenue** on the corporation's protest is final upon the expiration of thirty days from the date when [he] **the director** mails notice of [his] **the director's** action to the corporation unless within this period the corporation seeks review of the [secretary of state's] **director of revenue's** determination by the administrative hearing commission.

6. In the event that the amount of tax is overstated on a corporation's franchise tax report, the [secretary of state] **director of revenue** shall notify the corporation that the tax paid is more than the correct amount and credit such overpayment against any tax, interest, **additions to tax** or penalties due from such corporation and refund the difference.

7. No assessment or refund shall be made unless the amount exceeds [one dollar] **ten dollars**.

8. If any corporation subject to the provisions of [this chapter shall fail or neglect] **sections 147.010 to 147.020 fails or neglects** to make the report required by sections 147.010 to 147.120 or pay its franchise taxes within ninety days after the time required by sections 147.010 to 147.120 (determined with regard to any extension of time for filing its franchise tax report or for the payment of its franchise tax), such corporation, if organized [under] **pursuant to** the laws of this state, shall be administratively dissolved [under] **pursuant to** the provisions of sections 351.484 and 351.486, RSMo, or if a foreign corporation, shall have its certificate of authority revoked [under] **pursuant to** the provisions of sections 351.598 and 351.602, RSMo.

[3.] **4.** If any corporation fails to pay any tax due within the time prescribed [under] **pursuant to** sections 147.010 to 147.120 or if any corporation makes errors and omissions in reports or payments, and the [secretary of state] **director of revenue** determines that such action is the result of mistake or is due to circumstances beyond reasonable control and that such delinquency or inaccuracy was unavoidable or devoid of any intent to evade the tax, the [secretary of state] **director of revenue** may, at [his] **the director's** discretion, waive any penalty that would otherwise be imposed.

The amount so assessed shall be immediately due and payable; except that, the [secretary of state] **director of revenue** shall promptly thereafter give to such corporation written notice of such assessment and penalty, which notice shall be served by registered mail. Such corporation shall have the right to petition for hearing of such assessment, as is provided in sections 147.010 to 147.120.

Senator Klarich offered **SA 16**:

SENATE AMENDMENT NO. 16

Amend Senate Substitute for Senate Committee Substitute for House Substitute for House Bill No. 516, Page 1, Section A, Line 5, of said page, by inserting immediately after said line the following:

"137.073. 1. As used in this section, the following terms mean:

(1) "General reassessment", changes in value, entered in the assessor's books, of a substantial portion of the parcels of real property within a county resulting wholly or partly from reappraisal of value or other actions of the assessor or county equalization body or ordered by the state tax commission or any court;

(2) "Tax rate", "rate", or "rate of levy", singular or plural, includes the tax rate for each purpose of taxation of property a taxing authority is authorized to levy without a vote and any tax rate authorized by election, including bond interest and sinking fund;

(3) "Tax rate ceiling", a tax rate as revised by the taxing authority to comply with the provisions of this section or when a court has determined the tax rate; except that, other provisions of law to the contrary notwithstanding, a school district may levy the operating levy for school purposes required for the current year under subsection 2 of section 163.021, RSMo, less all adjustments required pursuant to article X, section 22 of the Missouri Constitution, if such tax rate does not exceed the highest tax rate in effect subsequent to the 1980 tax year. This is the maximum tax rate that may be levied, unless a higher tax rate ceiling is approved by voters of the political subdivision as provided in this section;

(4) "Tax revenue", when referring to the previous year, means the actual receipts from ad valorem levies on all classes of property, including state-assessed property, in the immediately preceding fiscal year of the political subdivision, plus an allowance for taxes billed but not collected in the fiscal year and plus an additional allowance for the revenue which would have been collected from property which was annexed by such political subdivision but which was not previously used in determining tax revenue under this section. The term "tax revenue" shall not include any receipts from ad valorem levies on any property of a railroad corporation or a public utility, as these terms are defined in section 386.020, RSMo, which were assessed by the assessor of a county or city in the previous year but are assessed by the state tax commission in the current year. All school districts and those counties levying sales taxes under chapter 67, RSMo, shall include in the calculation of tax revenue an amount equivalent to that by which they reduced property tax levies as a result of sales tax under section 67.505, RSMo, and section 164.013, RSMo, in the immediately preceding fiscal year but not including any amount calculated to adjust for prior years. For purposes of political subdivisions which were authorized to levy a tax in the prior year but which did not levy such tax or levied a reduced rate, the term "tax revenue", as used in relation to the revision of tax levies mandated by law, shall mean the revenues equal to the amount that would have been available if the voluntary rate reduction had not been made.

2. Whenever changes in assessed valuation are entered in the assessor's books, the county clerk in all counties and the

assessor of St. Louis City shall notify each political subdivision wholly or partially within the county or St. Louis City of the change in valuation, exclusive of new construction and improvements. All political subdivisions shall immediately revise the rates of levy for each purpose for which taxes are levied to the extent necessary to produce from all taxable property, exclusive of new construction and improvements, substantially the same amount of tax revenue as was produced in the previous year, except that the rate may not exceed the greater of the rate in effect in the 1984 tax year or the most recent voter-approved rate. As provided in section 22 of article X of the constitution, a political subdivision may also revise each levy to allow for inflationary assessment growth occurring within the political subdivision. The inflationary growth factor shall be limited to the actual assessment growth within the political subdivision, exclusive of new construction and improvements, but not to exceed the consumer price index or five percent, whichever is lower.

3. (1) Where the taxing authority is a school district, it shall be required to revise the rates of levy to the extent necessary to produce from all taxable property, including state-assessed railroad and utility property, which shall be separately estimated in addition to other data required in complying with section 164.011, RSMo, substantially the amount of tax revenue permitted in this section. In the year following tax rate reduction, the tax rate ceiling may be adjusted to offset such district's reduction in the apportionment of state school moneys due to its reduced tax rate. However, in the event any school district, in calculating a tax rate ceiling pursuant to this section, requiring the estimating of effects of state-assessed railroad and utility valuation or loss of state aid, discovers that the estimates used result in receipt of excess revenues, which would have required a lower rate if the actual information had been known, the school district shall reduce the tax rate ceiling in the following year to compensate for the excess receipts, and the recalculated rate shall become the tax rate ceiling for purposes of this section.

(2) For any political subdivision which experiences a reduction in the amount of assessed valuation relating to a prior year, due to decisions of the state tax commission or a court under sections 138.430 to 138.433, RSMo, or due to clerical errors or corrections in the calculation or recordation of any assessed valuation:

(a) Such political subdivision may revise the tax rate ceiling for each purpose it levies taxes to compensate for the reduction in assessed value occurring after the political subdivision calculated the tax rate ceiling in the prior year. Such revision by the political subdivision shall be made at the time of the next calculation of the tax rate after the reduction in assessed valuation has been determined and shall be calculated in a manner that results in the revised tax rate ceiling being the same as it would have been had the corrected or finalized assessment been available at the time of the prior calculation;

(b) In addition, for up to three years following the determination of the reduction in assessed valuation as a result of circumstances defined in this subdivision, such political subdivision may levy a tax rate for each purpose it levies taxes above the revised tax rate ceiling provided in paragraph (a) of this subdivision to recoup any revenues it was entitled to receive for the three-year period preceding such determination.

4. (1) In order to implement the provisions of this section and section 22 of article X of the Constitution of Missouri, the term "improvements" shall apply to both real and personal property. In order to determine the value of new construction and improvements, each county assessor shall maintain a record of real property valuations in such a manner as to identify each year the increase in valuation for each political subdivision in the county as a result of new construction and improvements. The value of new construction and improvements shall include the additional assessed value of all improvements or additions to real property which were begun after and were not part of the prior year's assessment, except that the additional assessed value of all improvements or additions to real property which had been totally or partially exempt from ad valorem taxes pursuant to sections 99.800 to 99.865, RSMo, sections 135.200 to 135.255, RSMo, and section 353.110, RSMo, shall be included in the value of new construction and improvements when the property becomes totally or partially subject to assessment and payment of all ad valorem taxes. The aggregate increase in valuation of personal property for the current year over that of the previous year is the equivalent of the new construction and improvements factor for personal property. The assessor shall certify the amount of new construction and improvements for each political subdivision to the county clerk in order that political subdivisions shall have this information for the purpose of calculating tax rates under this section and section 22, article X, Constitution of Missouri. In addition, the state tax commission shall certify each year to each county clerk the increase in the general price level as measured by the consumer price index for all urban consumers for the United States, or its

successor publications, as defined and officially reported by the United States Department of Labor, or its successor agency. The state tax commission shall certify the increase in such index on the latest twelve-month basis available on June first of each year over the immediately preceding prior twelve-month period in order that political subdivisions shall have this information available in setting their tax rates according to law and section 22 of article X of the Constitution of Missouri. For purposes of implementing the provisions of this section and section 22 of article X of the Missouri Constitution, the term "property" means all taxable property, including state assessed property.

(2) Each political subdivision required to revise rates of levy pursuant to this section or section 22 of article X of the Constitution of Missouri shall calculate each tax rate it is authorized to levy and, in establishing each tax rate, shall consider each provision for tax rate revision provided in this section and section 22 of article X of the Constitution of Missouri, separately and without regard to annual tax rate reductions provided in section 67.505, RSMo, and section 164.013, RSMo. Each political subdivision shall set each tax rate it is authorized to levy using the calculation that produces the lowest tax rate ceiling. It is further the intent of the general assembly, under the authority of section 10(c) of article X of the Constitution of Missouri, that the provisions of such section be applicable to tax rate revisions mandated under section 22 of article X of the Constitution of Missouri as to reestablishing tax rates as revised in subsequent years, enforcement provisions, and other provisions not in conflict with section 22 of article X of the Constitution of Missouri. Annual tax rate reductions provided in section 67.505, RSMo, and section 164.013, RSMo, shall be applied to the tax rate as established under this section and section 22 of article X of the Constitution of Missouri, unless otherwise provided by law.

5. (1) In all political subdivisions, the tax rate ceiling established pursuant to this section shall not be increased unless approved by a vote of the people. Approval of the higher tax rate shall be by at least a majority of votes cast. When a proposed higher tax rate requires approval by more than a simple majority under any provision of law or the constitution, the tax rate increase must receive approval by at least the majority required.

(2) When voters approve an increase in the tax rate, the amount of the increase shall be added to the tax rate ceiling as calculated under this section to the extent the total rate does not exceed any maximum rate prescribed by law. If a ballot question presents a stated tax rate for approval rather than describing the amount of increase in the question, the stated tax rate approved shall be the current tax rate ceiling. The increased tax rate ceiling as approved may be applied to the total assessed valuation of the political subdivision at the setting of the next tax rate.

(3) The governing body of any political subdivision may levy a tax rate lower than its tax rate ceiling and may increase that lowered tax rate to a level not exceeding the tax rate ceiling without voter approval.

6. Each taxing authority proposing to levy a tax rate in any year shall notify the clerk of the county commission in the county or counties where the tax rate applies of its tax rate ceiling and its proposed tax rate. Any taxing authority levying a property tax rate shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating such tax rate complies with Missouri law. In addition, each taxing authority proposing to levy a tax rate for debt service shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating the tax rate for debt service complies with Missouri law. A tax rate proposed for annual debt service requirements will be prima facie valid if, after making the payment for which the tax was levied, bonds remain outstanding and the debt fund reserves do not exceed the following year's payments. The county clerk shall keep on file and available for public inspection all such information for a period of three years. The clerk shall, within three days of receipt, forward a copy of the notice of a taxing authority's tax rate ceiling and proposed tax rate and any substantiating data to the state auditor. The state auditor shall examine such information and return to the county clerk his findings as to compliance of the tax rate ceiling with this section and as to compliance of any proposed tax rate for debt service with Missouri law. The county clerk shall forward a copy of the auditor's findings to the taxing authority and shall file a copy of the findings with the information received from the taxing authority. The auditor's findings are advisory for the information of the taxing authority and the public.

7. No tax rate shall be extended on the tax rolls by the county clerk unless the political subdivision has complied with the foregoing provisions of this section.

8. Whenever a taxpayer has cause to believe that a taxing authority has not complied with the provisions of this

section, the taxpayer may make a formal complaint with the prosecuting attorney of the county. Where the prosecuting attorney fails to bring an action within ten days of the filing of the complaint, the taxpayer may bring a civil action under this section and institute an action as representative of a class of all taxpayers within a taxing authority if the class is so numerous that joinder of all members is impracticable, if there are questions of law or fact common to the class, if the claims or defenses of the representative parties are typical of the claims or defenses of the class, and if the representative parties will fairly and adequately protect the interests of the class. In any class action maintained under this section, the court may direct to the members of the class a notice to be published at least once each week for four consecutive weeks in a newspaper of general circulation published in the county where the civil action is commenced and in other counties within the jurisdiction of a taxing authority. The notice shall advise each member that the court will exclude him from the class if he so requests by a specified date, that the judgment, whether favorable or not, will include all members who do not request exclusion, and that any member who does not request exclusion may, if he desires, enter an appearance. In any class action brought under this section, the court, in addition to the relief requested, shall assess against the taxing authority found to be in violation of this section the reasonable costs of bringing the action, including reasonable attorney's fees, provided no attorney's fees shall be awarded any attorney or association of attorneys who receive public funds from any source for their services. Any action brought pursuant to this section shall be set for hearing as soon as practicable after the cause is at issue.

9. If in any action, including a class action, the court issues an order requiring a taxing authority to revise the tax rates as provided in this section or enjoins a taxing authority from the collection of a tax because of its failure to revise the rate of levy as provided in this section, any taxpayer paying his taxes when an improper rate is applied has erroneously paid his taxes in part, whether or not the taxes are paid under protest as provided in section 139.031, RSMo. The part of the taxes paid erroneously is the difference in the amount produced by the original levy and the amount produced by the revised levy. The township or county collector of taxes or the collector of taxes in any city shall refund the amount of the tax erroneously paid. The taxing authority refusing to revise the rate of levy as provided in this section shall make available to the collector all funds necessary to make refunds under this subsection. No taxpayer shall receive any interest on any money erroneously paid by him under this subsection. Effective in the 1994 tax year, nothing in this section shall be construed to require a taxing authority to refund any tax erroneously paid prior to or during the third tax year preceding the current tax year.

10. A taxing authority, including but not limited to a township, county collector, or collector of taxes, responsible for determining and collecting the amount of residential real property tax levied in its jurisdiction, shall report such amount of tax collected by December thirty-first of each year such property is assessed, to the state auditor. The state auditor shall compile the tax data by county or taxing jurisdiction and submit a report to the general assembly no later than January thirty-first of the following year."; and

Further amend the title and enacting clause accordingly.

SENATE AMENDMENT NO. 20

Amend Senate Substitute for Senate Committee Substitute for House Substitute for House Bill 516, Page 1, Section A, Line 5, by inserting after all of said line the following:

"135.630. 1. As used in this section, the following terms shall mean:

(1) "Contribution", a donation of cash, stock, bonds or other marketable securities, or real property;

(2) "Director", the director of the department of social services;

(3) "State tax liability", in the case of a business taxpayer, any liability incurred by such taxpayer pursuant to the provisions of chapters 143, 147, 148 and 153, RSMo, exclusive of the provisions relating to the withholding of tax as provided for in sections 143.191 to 143.265, RSMo, and related provisions, and in the case of an individual taxpayer, any liability incurred by such taxpayer pursuant to the provisions of chapter 143, RSMo;

(4) "Taxpayer", a person, firm, a partner in a firm, corporation or a shareholder in an S corporation doing business in the state of Missouri and subject to the state income tax imposed by the provisions of chapter 143, RSMo, or a corporation subject to the annual corporation franchise tax imposed by the provisions of chapter 147, RSMo, or an insurance company paying an annual tax on its gross premium receipts in this state, or other financial institution paying taxes to the state of Missouri or any political subdivision of this state pursuant to the provisions of chapter 148, RSMo, or an express company which pays an annual tax on its gross receipts in this state pursuant to chapter 153, RSMo, or an individual subject to the state income tax imposed by the provisions of chapter 143, RSMo;

(5) "Unplanned pregnancy resource center", a nonresidential facility:

(a) Located in this state and established for the purpose of providing assistance to women with crisis pregnancies or unplanned pregnancies by offering pregnancy testing, counseling, emotional and material support, and other similar services to encourage and assist such women in carrying their pregnancies to term; and

(b) Where childbirths are not performed and little or no birth control services are provided; and

(c) Which does not perform or refer for abortions and which does not hold itself out as performing or referring for abortions; and

(d) Which provides direct client services at the facility, as opposed to merely providing counseling or referral services by telephone; and

(e) Which provides most of its services at no cost; and

(f) Which is exempt from income taxation pursuant to the United States Internal Revenue Code.

In cases where two or more unplanned pregnancy resource centers are controlled by the same corporate entity and more than one-half of the annual income of each such center is derived from common fund-raising efforts which benefit all such centers controlled by the same corporate entity, the director shall make one equal apportionment to the corporate entity and not separate equal apportionments to each facility classified as an unplanned pregnancy resource center and controlled by the same corporate entity. However, for purposes of informing taxpayers of which facilities have been classified as unplanned pregnancy resource centers pursuant to subsection 6 of this section, the director may list separately each unplanned pregnancy resource center controlled by the same corporate entity.

2. A taxpayer shall be allowed to claim a tax credit against the taxpayer's state tax liability, in an amount equal to fifty percent of the amount such taxpayer contributed to an unplanned pregnancy resource center.

3. The amount of the tax credit claimed shall not exceed the amount of the taxpayer's state tax liability for the taxable year that the credit is claimed, and such taxpayer shall not be allowed to claim a tax credit in excess of fifty thousand dollars per taxable year. However, any tax credit that cannot be claimed in the taxable year the contribution was made may be carried over to the next four succeeding taxable years until the full credit has been claimed.

4. Except for any excess credit which is carried over pursuant to subsection 3 of this section, a taxpayer shall not be allowed to claim a tax credit unless the total amount of such taxpayer's contribution or contributions to an unplanned pregnancy resource center or centers in such taxpayer's taxable year has a value of at least one hundred dollars.

5. The director shall determine, at least annually, which facilities in this state may be classified as unplanned pregnancy resource centers. The director may require of a facility seeking to be classified as an unplanned pregnancy resource center whatever information which is reasonably necessary to make such a determination. The director shall classify a facility as an unplanned pregnancy resource center if such facility meets the

definition set forth in subsection 1 of this section.

6. The director shall establish a procedure by which a taxpayer can determine if a facility has been classified as an unplanned pregnancy resource center. Unplanned pregnancy resource centers shall be permitted to decline a contribution from a taxpayer. The cumulative amount of tax credits which may be claimed by all the taxpayers contributing to unplanned pregnancy resource centers in any one fiscal year shall not exceed two million dollars.

7. The director shall establish a procedure by which, from the beginning of the fiscal year until some point in time later in the fiscal year to be determined by the director, the cumulative amount of tax credits are equally apportioned among all facilities classified as unplanned pregnancy resource centers. If an unplanned pregnancy resource center fails to use all, or some percentage to be determined by the director, of its apportioned tax credits during this predetermined period of time, the director may reapportion these unused tax credits to those unplanned pregnancy resource centers that have used all, or some percentage to be determined by the director, of their apportioned tax credits during this predetermined period of time. The director may establish more than one period of time and reapportion more than once during each fiscal year. To the maximum extent possible, the director shall establish the procedure described in this subsection in such a manner as to ensure that taxpayers can claim all the tax credits possible up to the cumulative amount of tax credits available for the fiscal year.

8. Each unplanned pregnancy resource center shall provide information to the director concerning the identity of each taxpayer making a contribution to the unplanned pregnancy resource center and the amount of the contribution. The director shall provide the information to the director of the department of revenue.

9. This section shall become effective January 1, 2000, and shall apply to all tax years after December 31, 1999."

"Section B. Sections 32.110, 32.111, 32.112, 32.115, 135.530 and 135.535, RSMo Supp. 1998, are repealed and eleven new sections enacted in lieu thereof, to be known as sections 32.110, 32.111, 32.112, 32.115, 135.530, 135.535, 1, 2, 3, 4 and 5, to read as follows:

32.110. Any business firm which engages in the activities of providing physical revitalization, economic development, job training or education for individuals, community services, or crime prevention in the state of Missouri shall receive a tax credit as provided in section 32.115 if the director of the department of economic development annually approves the proposal of the business firm; except that, no proposal shall be approved which does not have the endorsement of the agency of local government within the area in which the business firm is engaging in such activities which has adopted an overall community or neighborhood development plan that the proposal is consistent with such plan. The proposal shall set forth the program to be conducted, the neighborhood area to be served, why the program is needed, the estimated amount to be contributed to the program and the plans for implementing the program. If, in the opinion of the director of the department of economic development, a business firm's contribution can more consistently with the purposes of sections 32.100 to 32.125 be made through contributions to a neighborhood organization as defined in subdivision (12) of section 32.105, tax credits may be allowed as provided in section 32.115. The director of the department of economic development is hereby authorized to promulgate rules and regulations for establishing criteria for evaluating such proposals by business firms for approval or disapproval and for establishing priorities for approval or disapproval of such proposals by business firms with the assistance and approval of the director of the department of revenue. The total amount of tax credit granted for programs approved pursuant to sections 32.100 to 32.125 shall not exceed fourteen million dollars in fiscal year 1999 and [twenty-two] **twenty-six** million dollars in fiscal year 2000, and any subsequent fiscal year, except as otherwise provided for proposals approved pursuant to section 32.111,

32.112 or 32.117. **All tax credits authorized pursuant to the provisions of sections 32.100 to 32.125 may be used as a state match to secure additional federal funding.**

32.111. Any business firm which engages in providing affordable housing assistance activities **or market rate housing in distressed communities as defined in section 135.530, RSMo**, in the state of Missouri shall receive a tax credit as provided in section 32.115 if the commission or its delegate approves a proposal submitted by one or more business firms for the provision of affordable housing units **or market rate housing in distressed communities** or in accordance with the requirements of participation in the workfare renovation project in sections 215.340 to 215.355, RSMo. The proposal shall set forth the program of affordable housing to be conducted, the location and number of affordable housing units, the neighborhood area to be served, why the program is needed, the time period for which affordable housing units shall be provided, the estimated amount to be invested in the program, plans for implementing the program and a list of the business firms proposing to provide affordable housing assistance activities which are part of the proposal. **The same type of information shall be provided in proposals for market rate housing in distressed communities.** In the case of rental units **of affordable housing, but not market rate housing in distressed communities**, all proposals approved by the commission shall require a land use restriction agreement stating the provision of affordable housing on [said] **such** property for a time period deemed reasonable by the commission. In the case of owner-occupied units **of affordable housing**, all proposals approved by the commission shall require a land use restriction agreement for a time period deemed reasonable by the commission requiring any subsequent owner, except a lender with a security interest in the property, to be an owner occupant whose income at the time of acquisition is at or below the level described in section 32.105, and further requiring the acquisition price to any subsequent owner shall not exceed by more than a five percent annual appreciation the acquisition price to the original, eligible owner at the time tax credits are first claimed. The land use restriction agreement shall constitute a lien as described in subdivision (4) of subsection 3 of section 32.115. The restriction shall be approved by the property owner and shall be binding on any subsequent owner of the property unless otherwise approved by the commission. In approving a proposal, the commission may authorize the use of tax credits by one or more of the business firms listed in the proposal and shall establish specific requirements regarding the degree of completion of affordable housing assistance activities **or market rate housing activities in distressed communities** necessary to be eligible for tax credits provided pursuant to this section. If, in the opinion of the commission or its delegate, a business firm's investment can more consistently with the purposes of this section be made through a neighborhood organization, tax credits may be allowed as provided in this section. The commission may approve requests for multiyear credit commitments provided eligibility is maintained. The commission or its delegate is hereby authorized to promulgate rules and regulations for establishing criteria for evaluating such proposals by business firms for approval or disapproval, for establishing housing priorities for approval or disapproval of such proposals by business firms, and for the certification of eligibility for tax credits authorized pursuant to this section. The decision of the commission or its delegate to approve or disapprove a proposal pursuant to this section shall be in writing, and if approved, the maximum credit allowable to the business firm shall be stated. A copy of the decision of the commission or its delegate shall be transmitted to the director of revenue and to the governor. A copy of the certification approved by the commission and a statement of the total amount of credits approved by the commission, the amount of credits previously taken by the taxpayer and the amount being claimed for the current tax year shall be filed in a manner and form designated by the director of revenue for any tax year in which a tax credit is being claimed.

32.112. Any business firm which makes a contribution to a neighborhood organization, a significant part of whose activities consist of affordable housing assistance activities **or market rate housing in distressed communities as defined in section 135.530, RSMo**, in the state of Missouri, shall receive a tax credit as provided in section 32.115 if the commission approves a proposal submitted by one or more business firms for the general operating assistance of such neighborhood organization. The proposal shall set forth the activities of the neighborhood organization, including the affordable housing assistance activities **or market rate housing in distressed communities**, the neighborhood area to be served, why the activities are needed, the estimated amount to be contributed to the neighborhood organization, and a list of the business firms proposing to make the contributions. The commission is hereby authorized to promulgate rules and regulations pursuant to section 536.024, RSMo, for establishing criteria for evaluating such proposals by business firms for approval or disapproval, and for the certification of eligibility for tax credits authorized [under] **pursuant to** this section. The decision of the commission to approve or disapprove a proposal pursuant to this section shall be in writing and, if approved, the maximum credit allowable to the business firm shall be stated. A copy of the decision of the commission shall be transmitted to the director of revenue and to the governor. A copy of the

certification approved by the commission and a statement of the total amount of credits approved, the amount of credits previously taken by the taxpayer and the amount being claimed for the current tax year shall be filed in a manner and form designated by the director of revenue for any tax year in which a tax credit is being claimed.

32.115. 1. The department of revenue shall grant a tax credit, to be applied in the following order until used, against:

- (1) The annual tax on gross premium receipts of insurance companies in chapter 148, RSMo;
- (2) The tax on banks determined pursuant to subdivision (2) of subsection 2 of section 148.030, RSMo;
- (3) The tax on banks determined in subdivision (1) of subsection 2 of section 148.030, RSMo;
- (4) The tax on other financial institutions in chapter 148, RSMo;
- (5) The corporation franchise tax in chapter 147, RSMo;
- (6) The state income tax in chapter 143, RSMo; and
- (7) The annual tax on gross receipts of express companies in chapter 153, RSMo.

2. For proposals approved pursuant to section 32.110:

- (1) The amount of the tax credit shall not exceed fifty percent of the total amount contributed during the taxable year by the business firm or, in the case of a financial institution, where applicable, during the relevant income period in programs approved pursuant to section 32.110;
- (2) Except as provided in subsection 2 or 5 of this section, a tax credit of up to seventy percent may be allowed for contributions to programs where activities fall within the scope of special program priorities as defined with the approval of the governor in regulations promulgated by the director of the department of economic development;
- (3) Except as provided in subsection 2 or 5 of this section, the tax credit allowed for contributions to programs located in any community shall be equal to seventy percent of the total amount contributed where such community is a city, town or village which has fifteen thousand or less inhabitants as of the last decennial census and is located in a county which is either located in:
 - (a) An area that is not part of a standard metropolitan statistical area;
 - (b) A standard metropolitan statistical area but such county has only one city, town or village which has more than fifteen thousand inhabitants; or
 - (c) A standard metropolitan statistical area and a substantial number of persons in such county derive their income from agriculture. Such community may also be in an unincorporated area in such county as provided in subdivision (1), (2) or (3) of this subsection. Except in no case shall the total economic benefit of the combined federal and state tax savings to the taxpayer exceed the amount contributed by the taxpayer during the tax year;
- (4) Such tax credit allocation, equal to seventy percent of the total amount contributed, shall not exceed four million dollars in fiscal year 1999 and six million dollars in fiscal year 2000 and any subsequent fiscal year. When the maximum dollar limit on the seventy percent tax credit allocation is committed, the tax credit allocation for such programs shall then be equal to fifty percent credit of the total amount contributed. Regulations establishing special program priorities are to be promulgated during the first month of each fiscal year and at such times during the year as the public interest dictates. Such credit shall not exceed two hundred and fifty thousand dollars annually except as provided in subdivision (5) of this [section] **subsection**. No tax credit shall be approved for any bank, bank and trust company, insurance company, trust company, national bank, savings association, or building and loan association for activities that are a part of its normal course of business. Any tax credit not used in the period the contribution was made may be carried over the next five succeeding calendar or fiscal years until the full credit has been claimed.

Except as otherwise provided for proposals approved pursuant to section 32.111, 32.112 or 32.117, in no event shall the total amount of all other tax credits allowed pursuant to sections 32.100 to 32.125 exceed [twenty-eight] **thirty-two** million dollars in any one fiscal year, of which six million shall be credits allowed pursuant to section 135.460, RSMo. If six million dollars in credits are not approved, then the remaining credits may be used for programs approved pursuant to sections 32.100 to 32.125;

(5) The credit may exceed two hundred fifty thousand dollars annually and shall not be limited if community services, crime prevention, education, job training, physical revitalization or economic development, as defined by section 32.105, is rendered in an area defined by federal or state law as an impoverished, economically distressed, or blighted area or as a neighborhood experiencing problems endangering its existence as a viable and stable neighborhood, or if the community services, crime prevention, education, job training, physical revitalization or economic development is limited to impoverished persons.

3. For proposals approved pursuant to section 32.111:

(1) The amount of the tax credit shall not exceed fifty-five percent of the total amount invested in affordable housing assistance activities **or market rate housing in distressed communities as defined in section 135.530, RSMo**, by a business firm. Whenever [said] **such** investment is made in the form of an equity investment or a loan, as opposed to a donation alone, tax credits may be claimed only where the loan or equity investment is accompanied by a donation which is eligible for federal income tax charitable deduction, and where the total value of the tax credits herein plus the value of the federal income tax charitable deduction is less than or equal to the value of the donation. Any tax credit not used in the period for which the credit was approved may be carried over the next ten succeeding calendar or fiscal years until the full credit has been allowed. If the affordable housing units **or market rate housing units in distressed communities** for which a tax is claimed are within a larger structure, parts of which are not the subject of a tax credit claim, then expenditures applicable to the entire structure shall be reduced on a prorated basis in proportion to the ratio of the number of square feet devoted to the affordable housing units **or market rate housing units in distressed communities**, for purposes of determining the amount of the tax credit. The total amount of tax credit granted for programs approved pursuant to section 32.111 for the fiscal year beginning July 1, 1991, shall not exceed two million dollars, to be increased by no more than two million dollars each succeeding fiscal year, until the total tax credits that may be approved reaches ten million dollars in any fiscal year;

(2) For any year during the compliance period indicated in the land use restriction agreement, the owner of the affordable housing rental units for which a credit is being claimed shall certify to the commission that all tenants renting claimed units are income eligible for affordable housing units and that the rentals for each claimed unit are in compliance with the provisions of sections 32.100 to 32.125. The commission is authorized, in its discretion, to audit the records and accounts of the owner to verify [said] **such** certification;

(3) In the case of owner-occupied affordable housing units, the qualifying owner occupant shall, before the end of the first year in which credits are claimed, certify to the commission that the occupant is income eligible during the preceding two years, and at the time of the initial purchase contract, but not thereafter. The qualifying owner occupant shall further certify to the commission, before the end of the first year in which credits are claimed, that during the compliance period indicated in the land use restriction agreement, the cost of the affordable housing unit to the occupant for the claimed unit can reasonably be projected to be in compliance with the provisions of sections 32.100 to 32.125. Any succeeding owner occupant acquiring the affordable housing unit during the compliance period indicated in the land use restriction agreement shall make the same certification;

(4) If at any time during the compliance period the commission determines a project for which a proposal has been approved is not in compliance with the applicable provisions of sections 32.100 to 32.125 or rules promulgated therefor, the commission may within one hundred fifty days of notice to the owner either seek injunctive enforcement action against the owner, or seek legal damages against the owner representing the value of the tax credits, or foreclose on the lien in the land use restriction agreement, selling the project at a public sale, and paying to the owner the proceeds of the sale, less the costs of the sale and less the value of all tax credits allowed herein. The commission shall remit to the director of revenue the portion of the legal damages collected or the sale proceeds representing the value of the tax credits. However, except in the event of intentional fraud by the taxpayer, the proposal's certificate of

eligibility for tax credits shall not be revoked.

4. For proposals approved pursuant to section 32.112, the amount of the tax credit shall not exceed fifty-five percent of the total amount contributed to a neighborhood organization by business firms. Any tax credit not used in the period for which the credit was approved may be carried over the next ten succeeding calendar or fiscal years until the full credit has been allowed. The total amount of tax credit granted for programs approved pursuant to section 32.112 shall not exceed one million dollars for each fiscal year.

5. The total amount of tax credits used for market rate housing in distressed communities pursuant to sections 32.100 to 32.125 shall not exceed thirty percent of the total amount of all tax credits authorized pursuant to sections 32.111 and 32.112.

376.825. Sections 376.825 to 376.835 shall be known and may be cited as the "Mental Health and Chemical Dependency Insurance Act".

A lifetime limit equal to four times such annual limits may be imposed. The days allowed for inpatient treatment can be converted for use for outpatient treatment on a two-for-one basis.

If such coverage is rejected, the federally qualified health maintenance organization shall, at a minimum, provide coverage for mental health services as a basic health service as required by the Federal Public Health Service Act, 42 U.S.C. 2. An insurer may use a case management program for mental illness benefits to evaluate and determine medically necessary and clinically appropriate care and treatment for each patient.

3. Nothing in sections 376.825 to 376.835 shall be construed to require a managed care plan as defined by section 354.600, RSMo, when providing coverage for benefits governed by sections 376.825 to 376.835, to cover services rendered by a provider other than a participating provider, except for the coverage pursuant to subsection 4 of section 376.811, RSMo. An insurer may contract for benefits provided in sections 376.825 to 376.835 with a managing entity or group of providers for the management and delivery of services for benefits governed by sections 376.825 to 376.835.

- (1) Marital, family, educational, or training services unless medically necessary and clinically appropriate;**
- (2) Services rendered or billed by a school or halfway house;**
- (3) Care that is custodial in nature;**
- (4) Services and supplies that are not medically necessary nor clinically appropriate; or**
- (5) Treatments that are considered experimental.**

2. The director shall grant a policyholder a waiver from the provisions of section 376.827 if the policyholder demonstrates to the director by actual experience over any consecutive twenty-four-month period that

compliance with sections 376.825 to 376.835 has increased the cost of the health insurance policy by an amount that results in a two percent increase in premium costs to the policyholder.

376.833. 1. The provisions of sections 376.825 to 376.835 apply to applications for coverage made on or after January 1, 2000, and to health insurance policies issued or renewed on or after such date to residents of this state. Multi-year group policies need not comply until the expiration of their current multi-year term unless the policyholder elects to comply before that time.

2. The director shall perform a study to assess the impact of the mental health and substance abuse insurance act on insurers, business interests, providers, and consumers of mental health and substance abuse treatment services. The director shall report the findings of this study to the general assembly by January 1, 2004.

376.835. Notwithstanding the provision of subsection 1 of section 376.827, all health insurance policies which cover state employees including the Missouri consolidated health care plan shall include coverage for mental illness. Multi-year group policies need not comply until the expiration of their current multi-year term unless the policyholder elects to comply before that time.

630.003. 1. There is hereby created a department of mental health to be headed by a mental health commission who shall appoint a director, by and with the advice and consent of the senate. The director shall be the administrative head of the department and shall serve at the pleasure of the commission and be compensated as provided by law for the director, division of mental health.

2. The mental health commission may employ no more than three additional persons to serve at the pleasure of the commission.

3. All other employees of the department shall be selected in accordance with chapter 36, RSMo.

[2.] **4. (1) The "State Mental Health Commission", composed of seven members, is the successor to the former state mental health commission and it has all the powers, duties and responsibilities of the former commission. All members of the commission shall be appointed by the governor, by and with the advice and consent of the senate. None of the members shall otherwise be employed by the state of Missouri.**

(2) Three of the commission members first appointed shall be appointed for terms of four years, and two shall be appointed for terms of three years, and two shall be appointed for a term of two years. 6. Children residing in institutions providing a place of residence for three or more such children whose domicile is not in the state of Missouri may be admitted to schools or programs provided on a contractual basis between the school district, special district or state department or agency and the proper department or agency, or persons in the state where domicile is maintained. Such contracts shall not be permitted to place any financial burden whatsoever upon the state of Missouri, its political subdivisions, school districts or taxpayers.

7. For purposes of this section the domicile of the child shall be the school district where the child would have been educated if the child had not been placed in a different school district [by the department of mental health, the department of social services or the court]. No provision of this section shall be construed to deny any child domiciled in Missouri appropriate and necessary, gratuitous public services.

9. The school board in any district, by general rule and for the causes provided in section 167.161, may authorize the summary suspension of pupils by principals of schools for a period not to exceed ten school days and by the superintendent of schools for a period not to exceed one hundred and eighty school days. In case of a suspension by the superintendent for more than ten school days, the pupil, the pupil's parents or others having such pupil's custodial care may appeal the decision of the superintendent to the board or to a committee of board members appointed by the president of the board which shall have full authority to act in lieu of the board. Any suspension by a principal shall be immediately reported to the superintendent who may revoke the suspension at any time. In event of an appeal to the board, the superintendent shall promptly transmit to it a full report in writing of the facts relating to the suspension, the action taken by the superintendent and the reasons therefor and the board, upon request, shall grant a hearing to the appealing party to be conducted as provided in section 167.161.

2. No pupil shall be suspended unless:

(1) The pupil shall be given oral or written notice of the charges against such pupil;

(2) If the pupil denies the charges, such pupil shall be given an oral or written explanation of the facts which form the basis of the proposed suspension;

(3) The pupil shall be given an opportunity to present such pupil's version of the incident; and

(4) In the event of a suspension for more than ten school days, where the pupil gives notice that such pupil wishes to appeal the suspension to the board, the suspension shall be stayed until the board renders its decision, unless in the judgment of the superintendent of schools, or of the district superintendent, the pupil's presence poses a continuing danger to persons or property or an ongoing threat of disrupting the academic process, in which case the pupil may be immediately removed from school, and the notice and hearing shall follow as soon as practicable.

3. No school board shall readmit or enroll a pupil properly suspended for more than ten consecutive school days for an act of school violence as defined in subsection 2 of section 160.261, RSMo, or suspended or expelled pursuant to this section or section 167.161 or otherwise permit such pupil to attend school without first holding a conference to review the conduct that resulted in the expulsion or suspension and any remedial actions needed to prevent any future occurrences of such or related conduct. The conference shall include the appropriate school officials including any teacher employed in that district directly involved with the conduct that resulted in the suspension or expulsion, the pupil, the parent or guardian of the pupil or any agency having legal jurisdiction, care, custody or control of the pupil. The school board shall notify in writing the parents or guardians and all other parties of the time, place, and agenda of any such conference. Failure of any party to attend this conference shall not preclude holding the conference. Notwithstanding any provision of this subsection to the contrary, no pupil shall be readmitted or enrolled **to a regular**

program of instruction if:

- (1) Such pupil has been convicted of; or
- (2) An indictment or information has been filed alleging that the pupil has committed one of the acts enumerated in subdivision (4) of this subsection to which there has been no final judgment; or
- (3) A petition has been filed pursuant to section 211.091, RSMo, alleging that the pupil has committed one of the acts enumerated in subdivision (4) of this subsection to which there has been no final judgment; or
- (4) The pupil has been adjudicated to have committed an act which if committed by an adult would be one of the following:
 - (a) First degree murder under section 565.020, RSMo;
 - (b) Second degree murder under section 565.021, RSMo;
 - (c) First degree assault under section 565.050, RSMo;
 - (d) Forcible rape under section 566.030, RSMo;

 - (g) Distribution of drugs to a minor under section 195.212, RSMo;
 - (h) Arson in the first degree under section 569.040, RSMo;
 - (i) Kidnapping, when classified as a class A felony under section 565.110, RSMo.

Nothing in this subsection shall prohibit the readmittance or enrollment of any pupil if a petition has been dismissed, or when a pupil has been acquitted or adjudicated not to have committed any of the above acts. This subsection shall not apply to a student with a disability, as identified under state eligibility criteria, who is convicted or adjudicated guilty as a result of an action related to the student's disability. **Nothing in this subsection shall be construed to prohibit a school district which provides an alternative education program from enrolling a pupil in an alternative education program if the district determines such enrollment is appropriate.**

4. If a pupil is attempting to enroll in a school district during a suspension or expulsion from another school district, a conference with the superintendent or the superintendent's designee may be held at the request of the parent, court appointed legal guardian, someone acting as a parent as defined by rule in the case of a special education student, or the pupil to consider if the conduct of the pupil would have resulted in a suspension or expulsion in the district in which the pupil is enrolling. Upon a determination by the superintendent or the superintendent's designee that such conduct would have resulted in a suspension or expulsion in the district in which the pupil is enrolling or attempting to enroll, the school district may make such suspension or expulsion from another district effective in the district in which the pupil is enrolling or attempting to enroll. Upon a determination by the superintendent or the superintendent's designee that such conduct would not have resulted in a suspension or expulsion in the district in which the student is enrolling or attempting to enroll, the school district shall not make such suspension or expulsion effective in its district in which the student is enrolling or attempting to enroll."; and

"163.036. 1. 2. Notwithstanding the provisions of subsection 1 of this section or any other provision of law, the state board of education shall make an adjustment for the immediately preceding year for any increase in the actual number of eligible pupils above the number on which the state aid in section 163.031 was calculated. Said adjustment shall be made in the manner providing for correction of errors under subsection 1 of this section.

3. For the purposes of distribution of state school aid pursuant to section 163.031, a school district may elect to use the district's equalized assessed valuation for the preceding year, or an estimate of the current year's assessed valuation if the current year's equalized assessed valuation is estimated to be more than ten percent less than the district's equalized assessed valuation for the preceding year. A district shall give prior notice to the department of its intention to use the current year's assessed valuation pursuant to this subsection. Any error made in the apportionment of state aid because of a difference between the actual equalized assessed valuation for the current year and the estimated equalized assessed valuation for the current year shall be corrected as provided in section 163.091, except that if the amount paid to a district estimating current equalized assessed valuation exceeds the amount to which the district was actually entitled, interest at the rate of six percent shall be charged on the excess and shall be added to the amount to be deducted from the district's apportionment the next succeeding year."; and

The waiver form established pursuant to this subsection shall be an affidavit requiring:

(1) A statement signed by the repairer that the specified work was done and stating the itemized charges for the work; and

(2) A statement signed by the inspector that an inspection of the vehicle verified, to the extent practical, that the specified work was done.

8. In addition to the fee collected by the superintendent pursuant to subsection 5 of section 307.365, the highway patrol shall collect a fee of seventy-five cents for each automobile emissions certificate issued to the applicable official safety and emissions inspection stations, except that no charge shall be made for certificates of inspection issued to official safety and emissions inspection stations operated by governmental entities. All fees collected by the superintendent pursuant to this section shall be deposited in the state treasury to the credit of the "Missouri Air Pollution Control

Fund", which is hereby created.

9. The moneys collected and deposited in the Missouri air pollution control fund pursuant to this section shall be allocated on an equal basis to the Missouri state highway patrol and the Missouri department of natural resources, air pollution control program, and shall be expended subject to appropriation by the general assembly for the administration and enforcement of sections 307.350 to 307.390. The unexpended balance in the fund at the end of each appropriation period shall not be transferred to the general revenue fund, except as directed by the general assembly by appropriation, and the provisions of section 33.080, RSMo, relating to the transfer of funds to the general revenue fund at the end of the biennium, shall not apply to this fund. The moneys in the fund shall be invested by the treasurer as provided by law, and the interest shall be credited to the fund.

10. The superintendent of the Missouri state highway patrol shall issue such rules and regulations as are necessary to determine whether a motor vehicle's emissions control system is operating as required by subsection 1 of this section, and the superintendent and the state highways and transportation commission shall use their best efforts to seek federal funds from which reimbursement grants may be made to those official inspection stations which acquire and use the necessary testing equipment which will be required to perform the tests required by the provisions of this section.

11. The provisions of this section shall not apply in any county for any time period during which the air conservation commission has established a motor vehicle emissions inspection program pursuant to sections 643.300 to 643.355, RSMo, for such county.

12. Notwithstanding the provisions of section 307.390, violation of this section shall be deemed a class C misdemeanor."; and

- (5) To make assessments on the real property within the subdistrict for special benefits to such real property accruing as a result of the construction of any works of improvement by the subdistrict.

278.250. 1. In order to facilitate the preliminary work of the subdistrict [the governing body of the subdistrict or], the trustees of the subdistrict[, when acting with the approval of the governing body as provided in section 278.240,] may levy an organization tax [of] not to exceed forty cents per one hundred dollars of assessed valuation of all real estate within the subdistrict, the proceeds of which may be used for organization and administration expenses of the subdistrict, the acquisition of real and personal property, including easements for rights-of-way, necessary to carry out the purposes of the subdistrict. This levy may be made one time only. The organization tax may be imposed [as provided for in] **pursuant to** subsections 4 and 5 of this section.

2. After the [governing body or the] trustees of the subdistrict[, when acting with the approval of the governing body as provided in section 278.240,] have obtained agreements to carry out recommended soil conservation measures and proper farm plans from owners of not less than sixty-five percent of the lands situated in the subdistrict, an annual tax may be imposed for construction, repair, alteration, maintenance and operation of the present and future works of improvement within the boundaries of the subdistrict in order to participate in funds from federal sources appropriated for watershed protection and flood prevention. The annual tax may be imposed as provided for in subsections 4 and 5 of this section.

3. Within the first quarter of each calendar year, the trustees for the subdistrict shall prepare an itemized budget of the funds needed for administration of the subdistrict and for construction, operation and maintenance of works of improvement for the ensuing fiscal year. The budget shall be subject to the approval of the [governing body of the] subdistrict [as provided in] **trustees pursuant to** section 278.240.

4. The [governing body or the] trustees of the subdistrict, [when acting with the approval of the governing body as provided in] **pursuant to** section 278.240, shall make the necessary levy on the assessed valuation of all real estate within the boundaries of the subdistrict to raise the needed amounts, but in no event shall the levy exceed forty cents on each one hundred dollars of assessed valuation per annum and, on or before the first day of September of each year, shall certify the rate of levy to the county commission of the county or counties within which the subdistrict is located with directions that at the time and in the same manner required by law for the levy of taxes for county purposes the county commission shall levy a tax at the rate so fixed and determined upon the assessed valuation of all real estate within the subdistrict, in addition to such other taxes as are levied by the county commission.

5. The body having authority to levy taxes within the county shall levy the taxes provided in this law, and all officials charged with the duty of collecting taxes shall collect the taxes at the time and in the form and manner and with like interest and penalties as other taxes are collected; computation shall be made on the regular tax bills, and when collected shall pay the same to the subdistrict ordering its levy and collection or entitled to the same, and the payment of such collections shall be made monthly to the treasurer of the subdistrict. The proceeds shall be kept in a separate account by the treasurer of the subdistrict and identified by the official name of the subdistrict in which the levy was made. Expenditures from the fund shall be made on requisition of the chairman and secretary of the [governing body of the subdistrict or, alternately, on requisition of the chairman of the governing body of the subdistrict and the chairman of the trustees of the] subdistrict **board of trustees**.

6. All taxes levied under this law, together with interest thereon and penalties for default in payment thereof, and all costs of collecting the same, shall, until paid, constitute a perpetual lien on and against the property taxed, and such lien shall be on a parity with the tax lien of general taxes, and no sale of such property to enforce any general tax or other lien shall extinguish the perpetual lien of subdistrict taxes.

7. If the taxes levied are not paid as provided in this section, then the delinquent real property shall be sold at the regular tax sale for the payment of the taxes, interest and penalties, in the manner provided by the statutes of the state of Missouri for selling property for the nonpayment of general taxes. If there are no bids at the tax sale for the property so offered, the property shall be struck off to the county or other agency provided by law, and the county or agency shall account to the district in the same manner as provided by law for accounting for school, town, and city taxes.

8. For purposes of section 22 of article X of the Constitution of Missouri, the tax authorized in the ballot submitting the proposition to form the subdistrict under section 278.240, if approved by a majority of the voters on or prior to November 4, 1980, shall be deemed the current levy authorized by law on November 4, 1980, if on that date a levy was not actually imposed or was imposed in a lesser amount. This tax shall also be considered as the 1984 tax for purposes of section 137.073, RSMo, in the event no levy was imposed by the subdistrict for that year.

278.280. 1. When a plan of work is approved [the governing body or], the trustees of the subdistrict, [when acting with the approval of the governing body] as provided in section 278.240, shall then by resolution propose that the cost of all works of improvement contemplated in the plan be paid either by a general levy against all real estate in the subdistrict, subject to the limitations of section 278.250, or that such cost be paid by special assessment against lands within the subdistrict to be benefitted by the installation of the proposed works of improvement, or that such cost be paid by both such general levy and special assessment stating the portion to be paid by each method.

2. If the resolution of financing provides that all or any part of the cost of the works of improvement is to be paid by special assessment of benefits [the governing body or] the trustees of the subdistrict **shall**, [when acting with the approval of the governing body] as provided in section 278.240, [shall] appoint three appraisers, who shall be residents of the state of Missouri, and who shall not be landowners in such subdistrict, who shall recommend apportionment of the special assessment to the tracts of land which will receive benefits from the installation of the works of

improvement proposed in the plan of work. The appraisers shall have access to all available engineering reports and data pertaining to the works contemplated and may request additional legal counsel or engineering data from a registered professional engineer as found necessary to carry out their duties.

3. The appraisers shall proceed to view the premises and determine the value of all land or other property within or without the subdistrict, to be acquired and used for rights-of-way or other works set out in the plan of work; they shall assess the amount of benefits, and the amount of damage if any, that will accrue to each governmental lot, forty-acre tract or other subdivision of land according to ownership, railroad and other rights-of-way, railroad roadways, and other property from carrying out and putting into effect the plan of work heretofore adopted, and shall make written reports of their findings to the [governing board] **trustees** of the subdistrict. Each appraiser so appointed shall be paid [fifteen dollars per day] for his **or her** services and necessary expenses [in addition thereto].

4. Upon receiving the report from the appraisers, [the governing body or] the trustees of the subdistrict **shall**, [when acting with the approval of the governing body as provided in] **pursuant to** section 278.240, [shall] prepare a resolution which shall contain a list of the tracts of land found to be benefited and the amount of assessment to be levied against each such tract, except that no such assessment against any tract of land shall exceed the estimated benefits to such land by such project. Such tracts of land shall be legally described and the names of the owners thereof shall be set forth beside the description of each tract so listed. After adopting such resolution [the governing body or], the trustees of the subdistrict **shall**, [when acting with the approval of the governing body as provided in] **pursuant to** section 278.240, [shall] fix a time and place for hearing any complaint that may be made as to the benefit to any tract of land appraised, notice of which hearing shall be given by the secretary by publication [as in] **pursuant to** section 278.190. The board **of trustees** at the hearing may alter the benefits to any tract if, in its judgment, the same has been appraised too high or too low. The hearing shall be conducted in the manner set forth in section 278.200. The [governing body or the] trustees of the subdistrict **shall**, [when acting with the approval of the governing body as provided in] **pursuant to** section 278.240, [shall] immediately after the hearing pass a resolution fixing the benefit assessment as to each tract of land.

5. After the resolution fixing the benefit assessment has been adopted the [governing body or the] trustees of the subdistrict **shall**, [when acting with the approval of the governing body as provided in] **pursuant to** section 278.240, [shall] submit the proposal for collection of such assessed benefits to the owners of the lands so assessed for approval and if bonds are to be issued the amount of the issue so proposed, the rate of interest, and the amount of any necessary tax levy in excess of the amount authorized in section 278.250. If two-thirds of the owners of such lands voting favor the proposal as submitted, it shall be adopted. The provisions of sections 278.190 to 278.210 as to notice and procedure shall apply to the referendum held [under] **pursuant to** this section.

6. The [governing body or the] trustees of the subdistrict **shall**, [when acting with the approval of the governing body as provided in] **pursuant to** section 278.240, [shall] make the necessary general levy against all real estate in the subdistrict and the special assessment against lands within the subdistrict to be benefited by the improvement and shall certify the rate of levy and the amount of the special assessment to the county commission of the county or counties in which the subdistrict is located with directions that at the time and in the same manner required by law for the levy of taxes for county purposes the county commission shall levy a tax at the rate so fixed and determined upon the assessed valuation of all real estate within the subdistrict and shall levy the amount of the special assessment, in addition to such other taxes as are levied by the county commission.

7. The bond issue, authorized by this section in whole or part, may be offered for sale to the [Farmers Home Administration] **United States Department of Agriculture's Rural Development** or other federal agency without public offering or the securing of competitive bids on such bond offering.

278.290. 1. After a subdistrict has been organized for more than five years and [said] **such** subdistrict does not have any outstanding bonds, has not constructed or contracted to construct any works of improvement, nor incurred any continuing obligations for maintenance and operation of any works of improvement or if any works of improvement have been constructed, if there are no bonds outstanding, and an agency of the United States government or the state of Missouri or a county or municipal corporation of this state has made arrangements satisfactory to the Secretary of Agriculture and the state soil and water districts commission to assume responsibility for operating and maintaining

such improvement, not less than fifty percent of the landowners of the subdistrict may petition the [governing body] **soil and water district board** of the subdistrict to call for and conduct a referendum upon the disestablishment of the subdistrict. If sixty-five percent of the landowners voting in referendum do vote in favor of the disestablishment of the subdistrict, the [governing body] **soil and water district board** shall declare the subdistrict to be disestablished; however, prior to any such declaration the [governing body] **soil and water district board** shall pay or make arrangements to pay any outstanding indebtedness. The provisions of sections 278.190, 278.200 and 278.210 as to notice, qualification of voters and manner of holding the referendum in organizing a subdistrict to the extent practicable shall apply to the referendum held [under] **pursuant to** this section.

2. Following the entry in the official minutes of the board or boards of soil and water conservation district supervisors of the disestablishment of the subdistrict, the soil and water conservation district supervisors shall certify this fact on a separate form, authentic copies of which shall be recorded with the recorder of deeds of each county in which any portion of the subdistrict lies, and with the state soil and water districts commission.

3. Whenever a subdistrict is declared to be disestablished, the respective boards of supervisors of the soil and water conservation districts in which the subdistrict was formed shall take charge of all property and funds of the subdistrict. After all property has been sold and the obligations of the subdistrict are met, any remaining funds shall be turned over to the county commissions of the respective counties.

278.300. If a soil and water conservation district is disestablished [as provided by] **pursuant to** section 278.150, the state soil and water districts commission shall [become the governing body] **have the same responsibilities as the soil and water conservation district with respect to formation, consolidation and disestablishment** of any subdistrict or portion thereof, organized within the boundaries of such soil and water conservation districts [and shall be entitled to all benefits and powers heretofore granted to such governing body by sections 278.160 to 278.300, including the levy and collection of taxes]. **In all other matters, the commission shall act in an advisory capacity.**"; and

(8) Prohibit the respondent from transferring, encumbering, or otherwise disposing of specified property mutually owned or leased by the parties;

(9) Order the respondent to participate in a court-approved counseling program designed to help batterers stop violent behavior or to participate in a substance abuse treatment program;

(10) Order the respondent to pay a reasonable fee for housing and other services that have been provided or that are being provided to the petitioner by a shelter for victims of domestic violence;

4. 5. In making an award of custody, the court shall consider all relevant factors including the presumption that the best interests of the child will be served by placing the child in the custody and care of the nonabusive parent, unless there is evidence that both parents have engaged in abusive behavior, in which case the court shall not consider this presumption but may appoint a guardian ad litem or a court-appointed special advocate to represent the children in accordance with chapter 452, RSMo, and shall consider all other factors in accordance with chapter 452, RSMo.

6. The court shall grant to the noncustodial parent rights to visitation with any minor child born to or adopted by the parties, unless the court finds, after hearing, that visitation would endanger the child's physical health, impair [his] **the child's** emotional development or would otherwise conflict with the best interests of the child, or that no visitation can be arranged which would sufficiently protect the custodial parent from further abuse. The court may appoint a guardian ad litem or court-appointed special advocate to represent the minor child in accordance with chapter 452, RSMo,

whenever the custodial parent alleges that visitation with the noncustodial parent will damage the minor child.

7. The court shall make an order requiring the noncustodial party to pay an amount reasonable and necessary for the support of any child to whom the party owes a duty of support when no prior order of support is outstanding and after all relevant factors have been considered, in accordance with Missouri supreme court rule 88.01 and chapter 452, RSMo.

HOUSE AMENDMENT NO. 10

Amend House Substitute for House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill Nos. 1, 92, 111, 129 and 222, Page 47, Section 453.072, Line 5 of said page, by inserting after all of said line the following:

"455.035. **1.** Upon the filing of a verified petition [under] **pursuant to** sections 455.010 to 455.085 and for good cause shown in the petition, the court may immediately issue an ex parte order of protection. An immediate and present danger of abuse to the petitioner shall constitute good cause for purposes of this section. An ex parte order of protection entered by the court shall [be in effect until the time of the hearing.] **take effect when entered and shall remain in effect until there is valid service of process and a hearing is held on the motion.**

2. Failure to serve an ex parte order of protection on the respondent shall not affect the validity or enforceability of such order. Furthermore, the penalty provided by subsection 7 of section 455.085 shall not apply to any person who has not been served with an ex parte order of protection.

455.040. 1. Not later than fifteen days after the filing of a petition [under] **pursuant to** sections 455.010 to 455.085 a hearing shall be held unless the court deems, for good cause shown, that a continuance should be granted. At the hearing, if the petitioner has proved the allegation of abuse or stalking by a preponderance of the evidence, the court shall issue a full order of protection for a period of time the court deems appropriate, except that the protective order shall be valid for at least one hundred eighty days and not more than one year. Upon motion by the petitioner, and after a hearing by the court, the full order of protection may be renewed for a period of time the court deems appropriate, except that the protective order shall be valid for at least one hundred eighty days and not more than one year from the expiration date of the originally issued full order of protection. If for good cause a hearing cannot be held on the motion to renew the full order of protection prior to the expiration date of the originally issued full order of protection, an ex parte order of protection may be issued until a hearing is held on the motion. Upon motion by the petitioner, and after a hearing by the court, the second full order of protection may be renewed for an additional period of time the court deems appropriate, except that the protective order shall be valid for at least one hundred eighty days and not more than one year. For purposes of this subsection, a finding by the court of a subsequent act of abuse is not required for a renewal order of protection.

2. The court shall cause a copy of the petition and notice of the date set for the hearing on such petition and any ex parte order of protection to be [personally] served upon the respondent [by personal process server] as provided by law or by any sheriff or police officer at least three days prior to such hearing. Such **notice** shall be served at the earliest time, and service of such **notice** shall take priority over service in other actions, except those of a similar emergency nature. The court shall cause a copy of any full order of protection to be served upon or mailed by certified mail to the respondent at [his] **the respondent's** last known address. Failure to serve or mail a copy of the full order of protection to the respondent shall not affect the validity or enforceability of a full order of protection.

3. A copy of any order of protection granted [under] **pursuant to** sections 455.010 to 455.085 shall be issued to the petitioner and to the local law enforcement agency in the jurisdiction where the petitioner resides. The clerk shall also issue a copy of any order of protection to the local law enforcement agency responsible for maintaining the Missouri uniform law enforcement system or any other comparable law enforcement system the same day the order is granted.

The law enforcement agency responsible for maintaining MULES shall enter information contained in the order for purposes of verification within twenty-four hours from the time the order is granted. A notice of expiration or of termination of any order of protection shall be issued to the local law enforcement agency and to the law enforcement agency responsible for maintaining MULES or any other comparable law enforcement system. The law enforcement agency responsible for maintaining the applicable law enforcement system shall enter such information in the system."; and

HOUSE AMENDMENT NO. 4

Amend House Substitute for House Committee Substitute for Senate Committee Substitute for Senate Bill Nos. 387, 206 & 131, Page 1, Section A, Line 16, by inserting after all of said line the following:

"167.126. 1. Children who are admitted to programs or facilities of the department of mental health or whose domicile is one school district in Missouri but who reside in another school district in Missouri as a result of placement arranged by or approved by the department of mental health, the department of social services or placement arranged by or ordered by a court of competent jurisdiction shall have a right to be provided the educational services as provided by law and shall not be denied admission to any appropriate regular public school or special school district program or program operated by the state board of education, as the case may be, where the child actually resides because of such admission or placement; provided, however, that nothing in this section shall prevent the department of mental health, the department of social services or a court of competent jurisdiction from otherwise providing or procuring educational services for such child.

2. Each school district or special school district constituting the domicile of any child for whom educational services are provided or procured under this section shall pay toward the per pupil costs for educational services for such child. A school district which is not a special school district shall pay an amount equal to the average sum produced per child by the local tax effort of the district of domicile. A special school district shall pay an amount not to exceed the average sum produced per child by the local tax efforts of the domiciliary districts.

3. When educational services have been provided by the school district or special school district in which a child actually resides, other than the district of domicile, the amounts as provided in subsection 2 for which the domiciliary school district or special school district is responsible shall be paid by such district directly to the serving district. The school district, or special school district, as the case may be, shall send a written voucher for payment to the regular or special district constituting the domicile of the child served and the domiciliary school district or special school district receiving such voucher shall pay the district providing or procuring the services an amount not to exceed the average sum produced per child by the local tax efforts of the domiciliary districts. In the event the responsible district fails to pay the appropriate amount to the district within ninety days after a voucher is submitted, the state department of elementary and secondary education shall deduct the appropriate amount due from the next payments of any state financial aid due that district and shall pay the same to the appropriate district.

4. In cases where a child whose domicile is in one district is placed in programs or facilities operated by the department of mental health or resides in another district pursuant to assignment by that department or is placed by the department of social services or a court of competent jurisdiction into any type of publicly contracted residential site in Missouri, the department of elementary and secondary education shall, as soon as funds are appropriated, pay the serving district from funds appropriated for that purpose the amount by which the per pupil costs of the educational services exceeds the amounts received from the domiciliary district except that any other state money received by the serving district by virtue of rendering such service shall reduce the balance due.

5. Institutions providing a place of residence for [three or more] children whose parents or guardians do not reside in the district in which the institution is located shall have [no] authority to enroll such children in a program in the district or special district in which the institution is located [unless the institution contracts for such services and pays the actual per pupil cost for such services or unless such children are assigned pursuant to subsection 1 of this section] **and such enrollment shall be subject to the provisions of subsections 2 and 3 of this section. The provisions of this subsection shall not apply to placement authorized pursuant to subsection 1 of this section or if the placement occurred for the sole purpose of enrollment in the district or special district. "Institution" as used in this subsection means a facility organized under the laws of Missouri for the purpose of providing care and treatment of juveniles.**

6. Children residing in institutions providing a place of residence for three or more such children whose domicile is not in the state of Missouri may be admitted to schools or programs provided on a contractual basis between the school district, special district or state department or agency and the proper department or agency, or persons in the state where domicile is maintained. Such contracts shall not be permitted to place any financial burden whatsoever upon the state of Missouri, its political subdivisions, school districts or taxpayers.

7. For purposes of this section the domicile of the child shall be the school district where the child would have been educated if the child had not been placed in a different school district [by the department of mental health, the department of social services or the court]. No provision of this section shall be construed to deny any child domiciled in Missouri appropriate and necessary, gratuitous public services.

8. For the purpose of distributing state aid under section 163.031, RSMo, a child receiving educational services provided by the district in which the child actually resides, other than the district of domicile, shall be included as an "eligible pupil", as defined under section 163.011, RSMo, of the district providing the educational services for the child.

9. Each school district or special school district where the child actually resides, other than the district of domicile, may receive payment from the department of elementary and secondary education, in lieu of receiving the local tax effort from the domiciliary school district. Such payments from the department shall be subject to appropriation and shall only be made for children that have been placed in a school other than the domiciliary school district by a state agency or a court of competent jurisdiction and from whom excess educational costs are billed to the department of elementary and secondary education.

167.171. 1. The school board in any district, by general rule and for the causes provided in section 167.161, may authorize the summary suspension of pupils by principals of schools for a period not to exceed ten school days and by the superintendent of schools for a period not to exceed one hundred and eighty school days. In case of a suspension by the superintendent for more than ten school days, the pupil, the pupil's parents or others having such pupil's custodial care may appeal the decision of the superintendent to the board or to a committee of board members appointed by the president of the board which shall have full authority to act in lieu of the board. Any suspension by a principal shall be immediately reported to the superintendent who may revoke the suspension at any time. In event of an appeal to the board, the superintendent shall promptly transmit to it a full report in writing of the facts relating to the suspension, the action taken by the superintendent and the reasons therefor and the board, upon request, shall grant a hearing to the appealing party to be conducted as provided in section 167.161.

2. No pupil shall be suspended unless:

(1) The pupil shall be given oral or written notice of the charges against such pupil;

(2) If the pupil denies the charges, such pupil shall be given an oral or written explanation of the facts which form the basis of the proposed suspension;

(3) The pupil shall be given an opportunity to present such pupil's version of the incident; and

(4) In the event of a suspension for more than ten school days, where the pupil gives notice that such pupil wishes to appeal the suspension to the board, the suspension shall be stayed until the board renders its decision, unless in the judgment of the superintendent of schools, or of the district superintendent, the pupil's presence poses a continuing danger to persons or property or an ongoing threat of disrupting the academic process, in which case the pupil may be immediately removed from school, and the notice and hearing shall follow as soon as practicable.

3. No school board shall readmit or enroll a pupil properly suspended for more than ten consecutive school days for an act of school violence as defined in subsection 2 of section 160.261, RSMo, or suspended or expelled pursuant to this section or section 167.161 or otherwise permit such pupil to attend school without first holding a conference to review the conduct that resulted in the expulsion or suspension and any remedial actions needed to prevent any future occurrences of such or related conduct. The conference shall include the appropriate school officials including any

teacher employed in that district directly involved with the conduct that resulted in the suspension or expulsion, the pupil, the parent or guardian of the pupil or any agency having legal jurisdiction, care, custody or control of the pupil. The school board shall notify in writing the parents or guardians and all other parties of the time, place, and agenda of any such conference. Failure of any party to attend this conference shall not preclude holding the conference. Notwithstanding any provision of this subsection to the contrary, no pupil shall be readmitted or enrolled **to a regular program of instruction** if:

- (1) Such pupil has been convicted of; or
- (2) An indictment or information has been filed alleging that the pupil has committed one of the acts enumerated in subdivision (4) of this subsection to which there has been no final judgment; or
- (3) A petition has been filed pursuant to section 211.091, RSMo, alleging that the pupil has committed one of the acts enumerated in subdivision (4) of this subsection to which there has been no final judgment; or
- (4) The pupil has been adjudicated to have committed an act which if committed by an adult would be one of the following:
 - (a) First degree murder under section 565.020, RSMo;
 - (b) Second degree murder under section 565.021, RSMo;
 - (c) First degree assault under section 565.050, RSMo;
 - (d) Forcible rape under section 566.030, RSMo;
 - (e) Forcible sodomy under section 566.060, RSMo;
 - (f) Robbery in the first degree under section 569.020, RSMo;
 - (g) Distribution of drugs to a minor under section 195.212, RSMo;
 - (h) Arson in the first degree under section 569.040, RSMo;
 - (i) Kidnapping, when classified as a class A felony under section 565.110, RSMo.

Nothing in this subsection shall prohibit the readmittance or enrollment of any pupil if a petition has been dismissed, or when a pupil has been acquitted or adjudicated not to have committed any of the above acts. This subsection shall not apply to a student with a disability, as identified under state eligibility criteria, who is convicted or adjudicated guilty as a result of an action related to the student's disability. **Nothing in this subsection shall be construed to prohibit a school district which provides an alternative education program from enrolling a pupil in an alternative education program if the district determines such enrollment is appropriate.**

4. If a pupil is attempting to enroll in a school district during a suspension or expulsion from another school district, a conference with the superintendent or the superintendent's designee may be held at the request of the parent, court appointed legal guardian, someone acting as a parent as defined by rule in the case of a special education student, or the pupil to consider if the conduct of the pupil would have resulted in a suspension or expulsion in the district in which the pupil is enrolling. Upon a determination by the superintendent or the superintendent's designee that such conduct would have resulted in a suspension or expulsion in the district in which the pupil is enrolling or attempting to enroll, the school district may make such suspension or expulsion from another district effective in the district in which the pupil is enrolling or attempting to enroll. Upon a determination by the superintendent or the superintendent's designee that such conduct would not have resulted in a suspension or expulsion in the district in which the student is enrolling or attempting to enroll, the school district shall not make such suspension or expulsion effective in its district in which the student is enrolling or attempting to enroll."; and

700.015. 1. No person shall rent, lease, sell or offer for sale any manufactured home manufactured after January 1, 1974, [or any new recreational vehicle within this state,] unless such manufactured home [or new recreational vehicle] complies with the code and bears the proper seal.

2. No person shall manufacture in this state any manufactured home, [recreational vehicle,] or modular unit for rent, lease or sale within the state which does not bear a seal evidencing compliance with the code.

3. Unless otherwise required by federal law or regulations, nothing in sections 700.010 to 700.115 shall apply to a manufactured home, [recreational vehicle,] or modular unit being built expressly for export and sold for use solely outside this state.

Any registered dealer who has acquired a preowned manufactured home or modular unit without a seal may apply for a seal with an affidavit certifying that the preowned manufactured home or modular unit was brought up to or otherwise meets the requirements of the code. No person may manufacture in this state any manufactured home or modular unit unless it bears a seal and certification certifying that the manufactured home or modular unit meets or exceeds the code. The certificate as to each manufactured home or modular unit shall be displayed in a manner to be prescribed by the commission.

700.025. No person shall alter or cause to be altered any manufactured home, [recreational vehicle,] or modular unit to which a seal has been affixed, if such alteration or conversion causes the manufactured home, [recreational vehicle,] or modular unit to be in violation of the code.

700.030. Upon showing by a registered manufacturer or dealer that another state provides for the sealing of manufactured homes, [recreational vehicles,] or modular units in compliance with standards which are at least equal to those provided in the code and upon determination by the commission that such standards are being adequately enforced, the commission shall provide that a seal affixed under the authority of such state shall have the same effect as a seal affixed under authority of this state. The commission may make any such approval contingent upon such other state granting reciprocal effect to seals affixed under authority of this state and shall maintain a list of such states which shall be available on request.

700.035. **1.** If a manufactured home, [recreational vehicle] or modular unit carries a seal as provided in sections 700.010 to 700.115, no agency of this state, nor any municipality or other local governmental body shall require such manufactured home, [recreational vehicle,] or modular unit to comply with any other building, plumbing, heating or electrical code other than the code established by sections 700.010 to 700.115.

700.040. **1.** The commission shall, through its own inspection service or through a public or private inspection service acting as its authorized representative, perform sufficient inspections of manufacturing and dealer premises and

The commission shall approve any designation of a public or private inspection service as an authorized representative. The commission shall establish a comprehensive inspection system, including a determination of the extent to which its own inspectors or authorized representatives are used. The inspections may include examination of all books, records, performance and technical data of a manufacturer related to the subject matter of sections 700.010 to 700.115.

2. The commission shall establish reasonable fees for seals or inspection, or both, which are sufficient to cover all costs incurred in the administration of sections 700.010 to 700.115. Fees for inspections made by private inspection services may be paid directly to the inspection service. The commission, upon issuing seals, registration certificates, and plan approvals, and conducting inspections provided for in sections 700.010 to 700.115, shall notify the director of revenue, who shall receive the fees and immediately deposit the same in the state treasury to the credit of a fund to be known as the "Manufactured Housing Fund". All salaries and expenses for the implementation of sections 700.010 to 700.115 shall be appropriated and paid from such fund.

3. The provisions of section 33.080, RSMo, to the contrary notwithstanding, money in this fund shall not be transferred and placed to the credit of general revenue until the amount in the fund at the end of the biennium exceeds two times the amount of the appropriation from the fund for the preceding fiscal year. The amount, if any, in the fund which shall lapse is that amount in the fund which exceeds the appropriate multiple of the appropriations from the fund for the preceding year.

4. The commission may appoint such employees within its department as it may deem necessary for the administration of the provisions of sections 700.010 to 700.115.

[No rule or portion of a rule promulgated under the authority of sections 700.010 to 700.115 shall become effective unless it has been promulgated pursuant to the provisions of section 536.024, RSMo.] **Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is promulgated under the authority delegated in sections 700.010 to 700.115 shall become effective only if they have been promulgated pursuant to the provisions of chapter 536, RSMo. All rulemaking authority delegated prior to the effective date of this section is of no force and effect; however, nothing in this section shall be interpreted to repeal or affect the validity of any rule filed or adopted prior to the effective date of this section if it fully complied with the provisions of chapter 536, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after the effective date of this section shall be invalid and void.**

6. The commission may remove seals from any manufactured home, [recreational vehicle] or modular unit made by any manufacturer in violation of the provisions of section 700.045.

7. Notwithstanding any other provisions of sections 700.010 to 700.115, the commission shall have the authority to enter into any contract or agreement necessary to comply with the statutes and regulations enforced by and under the authority of the United States Department of Housing and Urban Development relating to manufactured homes, [recreational vehicles] and modular housing.

8. The commission may require manufacturers and dealers to file reports with the Secretary of the United States Department of Housing and Urban Development as may be required under the provisions of the National Manufactured Housing Construction and Safety Standards Act of 1974 (42 U.S.C. 5401, et seq.).

(6) To interfere with, obstruct, or hinder any authorized representative of the commission in the performance of his duties.

700.050. The issuance of seals to any manufacturer in violation of the provisions of sections 700.010 to 700.115 may be suspended by the commission and no further seals shall be issued to any such manufacturer except upon proof satisfactory to the commission that the conditions which brought about the violation have been remedied. Seals remain the property of the state and may be removed by the commission from any manufactured home, [recreational vehicle,] or modular unit which is in violation of the code.

700.060. As used in sections 700.060 to 700.115, the term "manufactured home" shall also include units defined in section 700.010 if such units are in two or more separately towable components designed to be joined into one integral unit capable of being again separated into the components for repeated towing and includes two manufactured home units joined into a single residential or business unit which are kept on separate chassis for repeated towing. For the purposes of sections 700.060 to 700.115, a "manufactured home" shall not include a recreational vehicle **or a recreational park trailer**.

OBJECTIONS

Senator Singleton offered the following constitutional objection:

May 14, 1999

The Honorable Edward Quick

Senate President Pro Tem

State Capitol, Room 326

Jefferson City, MO 65101

RE: Constitutional Objection to the Conference Committee Report on Senate Committee Substitute for House Committee Substitute for House Bill 343.

Dear Senator Quick:

I would like to lodge a formal constitutional objection to CCS/SCS/HCS/HB 343 based on the published Senate Rules, for the following reasons:

1. The content of the bill went beyond the scope and title of the original bill. The title addressed professional licensing when in fact the content of the bill addressed ambulances, transportation of patients, fireworks and other subjects, which were not included in the original bill nor covered by the final title.
2. A Senate amendment was passed on April 27, 1999, dealing with the lien laws for certain professionals, that were licensed under this act. When Senator Harold Caskey, Senate sponsor, made a motion to take SCS/HCS/HB 343 as amended to a conference, the conference report then altered the Senate amendment to change public policy which was not allowed by his Senate motion made on May 11, 1999, on page 1322 on the Senate Journal. The motion for conference did not allow for exceeding the difference and the above mentioned amendment was substantially changed including public policy and methods of payments for attorneys.
3. As cited in *Hammerschmidt v. Boone County* 877 S.W.2d98, Article III, section 23, of the Missouri Constitution is one of several procedural limitations over legislative action. It provides: "no bill shall contain more than one subject which shall be clearly expressed in its title." The constitutional prohibition against bills containing more than one subject is a corollary to the constitutional requirement that "no bill shall be amended in its passage through either house as to change its original purpose." Due to multiple unrelated issues in CCS/SCS/HCS/HB 343, this bill is unconstitutional.

For this and for the content of the bill, I believe a constitutional objection should be sustained, CCS/SCS/HCS/HB 343 ruled not in order, and therefore, must be vetoed and case law upholding the above findings.

Sincerely,

/s/ Marvin Singleton, MD

Marvin A. Singleton, MD

State Senator, 32nd District

SIGNING OF BILLS

The President Pro Tem announced that all other business would be suspended and **CCS** for **SCS** for **HCS** for **HB 343**, having passed both branches of the General Assembly, would be read at length by the Secretary, and signed by the President Pro Tem to the end that it may become law. OBJECTIONS

Senator Jacob submitted the following constitutional objection:

CONSTITUTIONAL OBJECTION TO
SENATE SUBSTITUTE #3 FOR
SENATE COMMITTEE SUBSTITUTE FOR
HOUSE SUBSTITUTE FOR
HOUSE COMMITTEE SUBSTITUTE FOR
HOUSE BILLS NOs. 427, 40, 196 & 404

COMES NOW, Ken Jacob of the 19th Senatorial District, a duly elected member of the Missouri Senate, to file this constitutional objection to Senate Substitute #3 for Senate Committee Substitute for House Substitute for House Committee Substitute for House Bills Numbers 427, 40, 196 & 404, First Regular Session of the Ninetieth General Assembly, as authorized by the provisions of Article III, Section 30, Constitution of Missouri.

I object to the signing of Senate Substitute #3 for Senate Committee Substitute for House Substitute for House Committee Substitute for House Bills Numbers 427, 40, 196 & 404 for the following reasons:

- 1) Section 565.300.5 of the bill provides an exception to criminal responsibility for a physician to save the life of the mother during pregnancy or to save the life of any unborn or partially born child of the same pregnancy. The subsection does not provide an exception to preserve the health of the mother. Consequently, a physician who performs an abortion to prevent serious, permanent physical injury to a major bodily function of the mother could be prosecuted and found guilty of murder in the second degree.
- 2) Section 565.300.3 of the bill defines the crime of infanticide as "causing the death of a living infant with the purpose to cause said death by an overt act performed with the infant is partially born or born."
- 3) The definition of "partially born" contained in section 565.300.2 of the bill does not reference viability in any manner, and only refers to "partial separation of a child from the mother with the child's head intact with the torso." As a result, a physician could face a murder prosecution for performing an abortion on a fetus early in a woman's pregnancy, prior to the formation of any limbs, and that had no chance of survival outside the womb.
- 4) Supporters of the bill are expanding the prohibition against abortions of viable unborn children contained in section 188.030, RSMo, which permits such an abortion when "necessary to preserve the life or health of the woman." The law specifies that even the second physician, required to take all reasonable steps to preserve the life and health of the viable unborn child, shall give primary consideration to the mother. Pursuant to section 188.030, RSMo, the acts of the second physician to protect the life of the viable unborn child are required provided "it does not pose an increased risk to the life or health of the woman."
- 5) The intent of the supporters to expand current the provisions of Chapter 188, RSMo, by enacting a criminal prohibition contained in the bill was evidenced by their rejection of numerous amendments offered to include a limitation to pre-viable unborn children and to include a health exception for the mother (Senate Journal, April 28, 1999, pages 1000 - 1011; May 3, 1999, pages 1040 - 1041; May 4, 1999, pages 1069 - 1070, 1081 - 1083.) Senate Substitute #3 for Senate Committee Substitute for House Substitute for House Committee Substitute for House Bills Numbers 427, 40, 196 & 404, contained the original language of the prior substitute and incorporated the amendments that had been adopted.
- 4) Since 1973, the United States Supreme Court has consistently held that a state had a compelling interest in protecting the fetus only when the fetus became viable, and even then abortion had to be available if necessary to preserve the woman's life or health. Statutes that attempt to prohibit abortions pre-viability, or without consideration of the woman's health, are unconstitutional. Roe v. Wade, 410 U.S. 113 (1973); Planned Parenthood of Southeastern Pennsylvania v. Casey, 505 U.S. 833 (1992).
- 5) Federal courts have recently repeatedly invalidated laws that restricted abortion services to women without regard to viability or that failed to contain an exception when the woman's health is endangered. Evans v. Kelley, 977 F. Supp. 1283 (E.D. Mich. 1997); Women's Medical Professional Corp. v. Voinovich, 130 F.3d 187 (6th Cir. 1997), cert. denied, 118 S. Ct. 1347 (1998).

Respectfully Submitted,

/s/ Ken Jacob

COMMUNICATIONS FROM THE GOVERNOR

The following communications, regarding vetoed Senate bills, were received by the Secretary of State, reading of which was waived:

OFFICE OF THE GOVERNOR

State of Missouri

Jefferson City, Missouri

July 13, 1999

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you Senate Committee Substitute for Senate Bill No. 244 entitled:

AN ACT

To repeal section 337.029, RSMo Supp. 1998, as enacted by conference committee substitute for senate committee substitute for house substitute for house committee substitute for house bills nos. 1601, 1591, 1592, 1479 and 1615 and house committee substitute for house bills nos. 1094, 1213, 1311 and 1428, eighty-ninth general assembly, second regular session, relating to the regulation and licensing of psychologists.

I disapprove of Senate Committee Substitute for Senate Bill No. 244. My reasons for disapproval are as follows:

Instead of repealing the language of section 337.029, RSMo Supp. 1998, as enacted by conference committee substitute for senate committee substitute for house substitute for house committee substitute for house bills nos. 1601, 1591, 1592, 1479 and 1615 and house committee substitute for house bills nos. 1094, 1213, 1311 and 1428, eighty-ninth general assembly, second regular session, relating to the regulation and licensing of psychologists, it repealed the language of Senate Bill 732 enacted during the second session of the eighty-ninth general assembly.

For all of the above stated reasons for disapproval, I am returning Senate Committee Substitute for Senate Bill No. 244 without my approval.

Respectfully submitted,

OFFICE OF THE GOVERNOR

State of Missouri

July 13, 1999

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you Conference Committee Substitute for Senate Bill 294 entitled:

AN ACT

To repeal sections 302.020 and 302.321, RSMo Supp. 1998, relating to motor vehicles, and to enact in lieu thereof two new sections relating to the same subject, with penalty provisions.

I disapprove of Conference Committee Substitute for Senate Bill 294. My reasons for disapproval are as follows:

This bill repeals the 32 year old law requiring motorcyclists to wear a motorcycle helmet unless the motorcyclist is 21 years of age or under.

Traffic crashes are the leading cause of death and disability in the United States. Per mile traveled, motorcyclists are 16 times more likely than passenger car occupants to die in a traffic crash and about four times as likely to be injured. National Highway Transportation Safety Administration (February 1996). *Report to Congress: Benefits of Safety Belts and Motorcycle Helmets.*

While only 20 percent of car crashes result in injury or death, that figure jumps to an astounding 80 percent for motorcycle crashes. National Highway Traffic Safety Administration. *Fatality Analysis Reporting System* data (1996).

The single most important safety device a motorcyclist can have is a helmet. Helmets are about 29 percent effective in preventing motorcycle deaths and about 67 percent effective in preventing brain injuries. National Highway Traffic Safety Administration. *Traffic Safety Facts 1996 - Motorcycles*. Washington, D.C.: U.S. Department of Transportation.

Failure to use motorcycle helmets places a large financial burden on society and individual states. National Highway Traffic Safety Administration. *State Legislative Fact Sheet*, (September, 1997).

Helmet laws significantly reduce the strain on public resources. Unhelmeted riders cost more to treat at the hospital, spend a longer time in rehabilitation, and are more likely to require some form of public assistance to pay medical bills and rehabilitation. A large number of studies have focused on this issue and, although the percentages vary, one central point remains clear: whether as taxpayers or insurance customers or medical consumers, we all pay. National Highway Traffic Safety Administration (August 1998). *Without Motorcycle Helmets We all Pay the Price* (DOT HS 808 601). Washington, D.C., U.S. Department of Transportation.

The most recent statistics show that private insurance pays for approximately 66 percent of the cost of inpatient care for motorcycle crash victims. Another 22 percent is paid by public funds and 12 percent is paid by public funds and 12 percent is categorized as another source (usually self-payment). National Highway Traffic Safety Administration (February, 1996). *Report to Congress: Benefits of Safety Belts and Motorcycle Helmets*. (DOT HS 8-8-3347). Washington, D.C. U.S. Department of Transportation.

Every state legislature struggles with answering voters' requests for better education systems and lower crime rates, yet state dollars are spent on citizens who incur avoidable head injuries while riding a motorcycle without a helmet. A surviving patient with a critical head injury incurs on average of \$171,000 in medical and convalescence costs in just the first year following the injury. United States General Accounting Office. (July 1991). *Highway Safety: Motorcycle Helmet Laws Save Lives and Reduce Costs to Society*. (GAO/RCED-91-170). Washington, D.C. U.S. General Accounting Office.

But states need the right law -- a law requiring everyone who rides to wear a helmet. Age-specific laws that require only minors to wear helmets have little or no impact and are virtually impossible to enforce. National Highway Traffic Safety Administration. (August, 1998). *Without Motorcycle Helmets We all Pay the Price* (DOT HS 808 601).

A helmet law is not a "stand-alone" issue. The motorcycle helmet law issue is directly tied to larger issues...health care, budget, and public safety...National Highway Traffic Safety Administration. (August, 1998). *Without Motorcycle Helmets We All Pay the Price* (DOT HS 808 601).

For all of the above stated reasons for disapproval, I am returning Conference Committee Substitute for Senate Bill 294 without my approval.

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you Conference Committee Substitute for House Substitute for House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 335 entitled:

AN ACT

To repeal sections 1.160, 149.011, 149.071, 217.760, 513.653, 558.011, 558.016, 569.025, 569.035, 570.020, 573.503 and 577.023, RSMo 1994, and sections 21.455, 392.540, 407.020, 558.019, 559.021, 559.026, 559.115, 559.630, 559.633, 559.635, 570.030, 570.040, 571.030, 589.400, 589.410, 589.414 and 589.425, RSMo Supp. 1998, relating to crimes and punishment, and to enact in lieu thereof thirty-seven new sections relating to the same subject, with penalty provisions for certain sections.

I disapprove of Conference Committee Substitute for House Substitute for House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 335. My reasons for disapproval are as follows:

This bill would permit a judge to order as a condition of probation a "donation of a designated amount of money to a county law enforcement fund as determined by the judge...."

It further provides that the money deposited into the fund "...shall only be expended with the approval of the majority of the presiding commissioner, the sheriff and one other elected county official to be agreed upon by the presiding commissioner and the sheriff."

There is no reference to the money going through the county appropriation process.

There is no limit to the amount that would be required to be paid into the fund.

There is no definition of a "county law enforcement fund." There are no limitations on what purposes money in the fund can be spent, or that it must be used only to reimburse law enforcement for the costs of the investigation or can only be used for law enforcement purposes.

These provisions create the perception that someone could pay into the fund in order to be placed on probation, or worse, go to prison if they failed to pay into the fund. In other words "buy probation."

While some urge the signing of this bill because of the need for additional funding for law enforcement, this bill does not require the funds be spent only on law enforcement purposes.

I must disapprove of SB 335 based upon this provision.

For all of the above stated reasons for disapproval, I am returning Conference Committee Substitute for House Substitute for House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 335 without my approval.

Respectfully submitted,

/s/ Mel Carnahan

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you House Substitute for Senate Committee Substitute for Senate Bill No. 498 entitled:

AN ACT

To repeal section 210.173, RSMo 1994, and sections 301.131, 301.132, 301.142, 301.145, 301.191, 301.441, 301.443, 301.444, 301.445, 301.447, 301.448, 301.449, 301.451, 301.453, 301.454, 301.456, 301.457, 301.458, 301.459, 301.461, 301.462, 301.463, 301.464, 301.465 and 301.466, RSMo Supp. 1998, and sections 301.130 and 301.144 as both versions appear in RSMo Supp. 1998, relating to motor vehicle license plates, and to enact in lieu thereof forty-eight new sections relating to the same subject, with penalty provisions.

I disapprove of House Substitute for Senate Committee Substitute for Senate Bill No. 498. My reasons for disapproval are as follows:

While the title of the bill states that it is an act "*relating to motor vehicle license plates...*" it contains provisions creating a "Missouri Alternatives

to Abortion Support Fund" and a "Missouri Respect Life Commission" in the Office of Administration. The bill also purports to create duties and responsibilities of the Commission as well as an appointment process for the members of the Commission.

These provisions are clearly unrelated to license plates.

The other license plate provisions of the act are clearly related to groups already created. This is the only provision that creates the organization that is to receive the payment for a special cause or group.

The use of a license plate bill to create a lobbying organization is inappropriate and in this particular act most likely in violation of Article III Section 23, of the Missouri constitution which states:

"No bill shall contain more than one subject which shall be clearly expressed in its title..."

For all of the above stated reasons for disapproval, I am returning House Substitute for Senate Committee Substitute for Senate Bill No. 498 without my approval.

Respectfully submitted,

/s/Mel Carnahan

(1 Kings 19:11-12)

Gracious and Heavenly Father: Amid the thunderous sounds of thousands of feet in the Capitol and the wind of disagreeing voices we need this quiet moment of prayer with You, so that we may experience Your presence and that You may touch our hearts and minds providing the wisdom and courage we need to know and do Your will for Your people here in Missouri.
